

Carriers Face Busy Week

LARRY CHEEK
 The cross-country teams, varsity and freshman, have cut out for them this week. They face their toughest of the season. The start the ball rolling when they meet the freshmen in a return engagement at 4:30. The will be out of town this on a two meet road trip, Maryland at College Park and Richmond at Rich-Saturday.

The Tar Heel varsity runners have the unenviable task of meeting what is probably the strongest team in the Conference when they travel to Maryland on Friday. The Tarps are defending champions and are a heavy favorite to repeat following their convincing win over N. C. State last Saturday. Coach Jim Kehoe's harriers whipped State, previous conqueror of Carolina, by a 25-31 score.

Coach Dale Ranson's Tar Heels have bounced back from their opening loss at the hands of the Wolfpack to rack up two consecutive triumphs. On October 8 Virginia was the victim, and last Saturday the Clemson Tigers were trounced by a 15-18 margin. In the meet against Clemson, Jim Beatty shattered the U.N.C. course record by 5 seconds.

Freshman Booters Tie Duke

Duke's Freshman soccer team came from behind to score 3 quick goals in the fourth period, to tie Bob Stenzell's UNC booters 3 to 3 here Monday afternoon.

Carolina had scored in the first three periods to go ahead 3 to 0 but the Tar Babies were unable to stop Duke's last period rally, causing the game to go into two scoreless overtimes of 5 minutes each.

Duke came to near breaking the tie in the first overtime when awarded a penalty shot, but the first free boot was called back and the second was high.

"We were lucky we didn't lose" remarked Coach Stenzell yesterday commenting on Duke free shot attempt.

Val De Gauv scored first for the Tar Babies in the first period booting in a pass from Bob Borden. Rick Grausman, one of Stenzell's offensive stalwarts, scored in the second and third period. Bob Borden sparked the Carolina defense.

The Tar Babies are idle until next Wednesday when they travel to Raleigh to meet the State Freshmen.

Ron Marquette Breaks Hand Quarterback May Lay Out For Year

CHAPEL HILL, Oct. 18. (AP)—North Carolina's Tar Heels will have to go into their game with Wake Forest Saturday with one of their three sophomore quarterbacks, Ron Marquette, on the sidelines from injuries.

Marquette was injured in yesterday's scrimmage, suffering broken bones in his wrist. Trainer R. A. (Doc) White said Marquette may be out for the remainder of the season.

The Tar Heel squad, worked spiritedly as it moved down to Navy practice field to wind up its practice session under the lights with an offensive scrimmage against the freshman team.

RALEIGH, Oct. 18. (AP)—North Carolina State avoided rough stuff today as the Wolfpack worked for Saturday's game with Villanova. Coach Earle Edwards said that the squad had no serious injuries but was "bruised up" a bit.

Edwards sent the State squad through a dummy defensive drill during the first hour. The team concentrated on stopping the Wildcats' ground game and then emphasized pass defense. Afterward, the Wolfpack brushed up their own offense.

DURHAM, Oct. 18. (AP)—Duke's Blue Devils worked long and hard today on defense against Pittsburgh plays in preparation for Saturday's game.

The varsity worked on defense against a combination of freshmen and sophomore players who were quarterbacked in the Pitt attack by Bill Bailey and Pryor Milner.

The Blue Devils were not paying too much attention to their upsurge in national ratings as a result of the victory over Ohio State last Saturday. Asst. Coach Murray Greason has told them Pitt would be just as tough as any team they will meet this season.

WAKE FOREST, Oct. 18. (AP)—There was plenty of rough work for Wake Forest's football squad today as the Deacons held another secret drill.

Coach Tom Rogers had the freshmen using North Carolina defenses against the two top teams in a scrimmage. Then the reserves ran North Carolina plays against the first and second stringers. The Deacons meet North Carolina here Saturday in the annual homecoming day game.

BOB and MONK of TOWN & CAMPUS SALUTE

Athlete Of The Week

JIM JONES

Jim Jones opened the 1955 season at center, was shifted to guard, but moved back to his original position when first stringer George Stavnitski was injured. Since then Jones, a 190-pound sophomore has been a fixture at the center post. In the State game he was a tower of strength, then he showed up well in the Georgia tussle.

Last Saturday Jim came into his own with his all-around play. In the third quarter the line-man's "dream opportunity" caused the hustling center to score. He stole the ball from the hands of Maryland's all-America quarterback, Frank Tamburello, and sped 41 yards for Carolina's only score. For his play Jim was a unanimous choice for Athlete-of-the-Week honors.

We want him to drop by TOWN & CAMPUS and pick out a shirt to his liking—compliments of the house.

We want the old and young alike of Chapel Hill to make TOWN & CAMPUS their headquarters for the finest in men's clothing. Drop in today.

Terps Hold To Second Place; Duke In Fifth

Michigan, Maryland and Oklahoma still are the nation's top three college football teams today but after the upheavals of last week not even this formidable trio can be considered a cinch to stay up there.

Notre Dame, Georgia Tech, Wisconsin and Texas Christian all suffered their first defeats Saturday and dropped out of the first 10 with a crash.

Now the elite 10 lines up in this order:

1. Michigan; 2. Maryland; 3. Oklahoma; 4. Navy; 5. Duke; 6. Michigan State; 7. UCLA; 8. West Virginia; 9. Auburn; 10. Southern California.

Notre Dame fell to 11th, Georgia Tech to 13th, Wisconsin to 15th and TCU to 18th.

Michigan (4-0) this weekend journeys to Minnesota (1-3 for the battle of the Little Brown jug. The Gophers don't need added incentive when Michigan is the foe and they can take heart from the Wolverines' narrow 14-2 victory over Northwestern. Minnesota's only victory of the year was over Northwestern 18-7.

Maryland (5-0) visits Syracuse (2-1) where the Orangemen still are celebrating their 13-0 upset of Army. The New Yorkers are big enough to make the Terps, 25-7 conquerors of North Carolina Saturday, hustle all the way.

Of the other members of the top 10, only Navy and Auburn, the latter a newcomer to the select set, appear to have easy pickings. Navy (4-0) plays unhappy, unwinning Penn (0-4) at Philadelphia. Auburn (3-0-1) should roll it up against visiting Furman (0-5).

West Virginia Still Tops In Points, Yards

For the second straight week, West Virginia's powerful mountaineers lead the nation's major college football teams in rolling up points, yardage and advancing through the air.

This versatile offense has given the Mountaineers a 4-0 record and the No. 8 ranking with the select set.

West Virginia has averaged 41.3 points and 427 yards a game in trouncing Richmond, Wake Forest, Virginia Military and William and Mary. Passing has accounted for almost half of the yardage, 193.3, according to statistics released yesterday by the NCAA Service Bureau.

Oklahoma's all winning Sooners, third ranked nationally, have moved into first place in the running department with an average of 315.3 yards a game on ground plays only. Texas Christian dropped from first to third with its average of 303.4. Boston College, another all-conquering aggregation, is second in rushing with 304.7. Duke's undefeated, untied Blue Devils rank sixth in overall offense, gaining an average of 350.3 yards per game. The Devils hold down the No. 5 spot in rushing offense, moving for an average of 269.3 yards per game for four contests.

What young people are doing at General Electric

Young engineer pioneers in design and sales of new tiny transistors

The germanium transistor—some smaller than the eraser end of a pencil and able to operate on a few thousandths of a watt—is probably one of the most promising developments in the electronics field today. It opens the way to new midjet radios, TV sets flat enough to hang on a wall and many other exciting possibilities.

One of the men who helped design and perfect these tiny transistors—and the man who is now head of sales for all General Electric germanium products—is James H. Sweeney, Manager—Marketing, Semiconductor Products Department.

Sweeney's Work Interesting, Vital

As early as 1948, Sweeney was head of a group that studied the design and possible uses of germanium products. He gained national recognition for his work in developing and introducing these products to other industries, and when a new Semiconductor Products Department was formed in 1953, Sweeney was a natural choice for the job of marketing these products.

25,000 College Graduates at General Electric

When Sweeney came to General Electric in 1941, he worked in many different departments until he finally found the work he wanted to do. Like Sweeney, each of the 25,000 college-graduate employees is given the chance to grow, to find the work he does best, and to realize his full potential. For General Electric has long believed this: When fresh young minds are given the freedom to make progress, everybody benefits—the individual, the company, the country.
