Federal Aid

WASHINGTON, Dec. 1 (AP)—The White House Conference on Education and an administration spokesman predicted early action.

Secretary of Welfare Folsom said:

"I am confident that in the weeks ahead this administration will present to the Congress a broadened and improved program of federal assistance to help erase the classroom deficit." Folsom, who had talked earlier in the day with President Eisenhower at Gettysburg, made the prediction in a speech prepared for the closing session of the four-day White House conference. He gave no details.

One of the final actions of the conference, attended by 1,800 delegates, was the submission of a report saying the delegates were 2-1 in favor of increased federal aid to schools.

Another Runoff Slated

Another runoff election for the freshman seat on the Men's Honor Council will be held Tuesday.

This runoff is being held because of a ruling of the Student Council.

On being asked to interpret Article XI, Section Three-A of the General Election Law in regard to a petition submitted by Jeff Hare, candidate for freshman seat on the Men's Honor Council, the ruled:

"When, for an office in which there is to be only one candidate received a majority of votes cast for the office, a runoff shall be held in which a plurality shall be sufficient to determine the candidate elected."

TARNATION EDITOR RAGSDALE
...it isn't raunchy, but mighty good

Tarnation's Out And It's Filled With Satire

By JIM McCORKLE

The year's first Tarnation, which will be out today, shows that Editor Bill Ragsdale hasn't been sleeping for the past three months.

The humor magazine concentrates mostly on humor this time—not dirt, but good satire. As Editor Ragsdale puts it in his editorial, "The magic word this year is 'satire'."

He and his staff poke fun mostly at the University's officials, at women in general and coeds in particular.

Ragsdale's satire is particularly good in that it recognizes present-day situations:

"Let's forget all this talk about a president for the University. If we got one, where would he park?"

Or:
Cartoonist Charlie Daniel pictures Chancellor Robert House shaking his harmonica during the "Robert House Show." Says House: "... Next, for Gordon

Gray I'll play 'Is You Is or Is You Ain't'?

The satire isn't confined to the absent ex-president, however. Daniel has another cartoon about a well-known service station dealer that is sure to bring laughs.

This year's Tarnation staff seems a little larger than that in previous years. When you subtract the Ernest Hemingway, T. S. Eliots and Ol Bloomers from the staff list, you'll find around 17 staffers. Aiding Ragsdale are Managing Editor Bill Margulies, Art Editor Jack Weaver and Business Manager Bob Stapleton.

The magazine runs 28 pages and is allegedly dedicated to freshmen, although not too much copy is devoted to them.

Specially good are photographs of Miss Dutchy Milligan, Sweetheart of Sigma Chi, and a double-page layout on three sets of campus twins.

Some students won't like Tarnation because it isn't raunchy enough, but those who appreciate good satire will treasure this copy and will anticipate the next.

IN LEGISLATURE

UP Win Positions; Fowler Vetos Bills

By Neil Bass

The University Party, by virtue of its 28-22 majority, swept every important office except one last night as the 20th assembly of the student Legislature met for the first time.

Announcement was made at the session of President Don Fowler's vetoing of bills passed by the Legislature creating a bi-partisan selections board for naming editor candidates of The Daily Tar Heel and establishing a constitutional revisional commission. Fowler's vetoes according to some legislators, are unconstitutional because he waited more than the stipulated ten days after Legislature action before disapproving the measures.

NATO Officials To Visit Here Today

Eleven members of parliament or of national assemblies of seven NATO countries will visit Chapel Hill, Raleigh and Durham this weekend.

The parliamentarians are making a tour of the United States under the sponsorship of the Dept. of State and the Dept. of Defense. Headquarters during the visit will be Chapel Hill.

The government leaders are brought to the United States for a period of 20 days to view recent industrial, military, agricultural and general developments and to participate in cultural and social activities. The itineraries are planned to provide maximum opportunities for them to become acquainted with American life.

Countries represented in Group 4 of the Leaders' Project are Canada, Denmark, France, Iceland, Italy, Norway and the United Kingdom. It is hoped that this program will help to build up a better understanding of the American people as well as the policies of the United States government.

Russell M. Grumman, director of the UNC Extension Division, will be in charge of the program while the group is in North Carolina.

The NATO delegation will arrive at Raleigh-Durham Airport at 1:37 p.m. today, and will have headquarters for the weekend at Carolina Inn. After an afternoon visit to the Institute of Government, the visitors will be honored at a barbecue dinner and will attend the football pep rally.

On Saturday the parliamentar-

The top office-speaker pro tem, went to the UP's Jerry Martin over the Student Party's nominee, Larry McElroy by a slight, one vote edge—18 to 17.

Sole SP victory of the night was the renaming of Larry McElroy as legislative parliamentarian.

Miss Kit Malloy (UP) edged out the SP's Miss Pat McBane for the Legislature clerk's job by five votes—20 to 15.

The sergeant-at-arm's post went to Charlie Covell of the majority party over Bill Roberts, the SP candidate.

Chairmanships of the Legislature's three standing committees were also, as was expected, taken by the majority group.

Finnish Physicist Is Coming

A visit to facilities for physics study here and N. C. State College will be made this weekend by a noted Finnish physicist, Dr. Erkki Aukusti Laurila, who is touring the United States under the American Council on Education's Foreign Leaders Program.

Dr. and Mrs. Laurila will reach Chapel Hill Thursday, coming from Oak Ridge, Tenn., where they visited Oak Ridge National Laboratories. Their visit, which began Sept. 20 in Washington, has taken them to various scientific and educational institutions in the New England and Middle Atlantic States.

While visiting the University, Dr. Laurila will meet with representatives of the UNC Dept. of Physics, which is devoted to theoretical physics and is headed by Dr. Paul Shearin.

The engineering physics phase will be observed at the State College Physics Dept., headed by Dr. Clifford Beck. Dr. Laurila will visit the nuclear reactor on the Raleigh campus.

Local arrangements for the Laurilas' visit have been handled by Dr. Samuel T. Emory, chairman of the UNC Dept. of Geology and Geography, who was a Fulbright lecturer at the University of Helsinki last year.

ians will visit Duke University, and will view the Duke-Carolina football game as guests of Duke University. They will view a Morehead Planetarium show Saturday night.

Their Sunday schedule will include an afternoon reception in their honor at Graham Memorial Student Union and entertainment in private homes during the evening. Monday will be devoted to visiting Raleigh, both state government facilities and N. C. State College.

Gov. Luther H. Hodges and other state officials will receive them at 10 a.m. Monday at the Capitol. They will be guests of State College at a 12:30 luncheon, which will be followed by further meetings with education and government leaders.

The delegation will complete its North Carolina visit Monday, when they will depart for Norfolk, Va. Their United States tour will end Dec. 10 in New York City.
