

Heels Burn Nets For 99-77 Victory Over High-Ranked Crimson Tide

RAYNE BISHOP Taking advantage of every opportunity the Tar Heels outbounded, outshotted, and outshot the deep Dixie boys to walk off with their fifth consecutive win of the season.

Lennie Rosenbluth led the scoring parade, garnering 29 points.

Joe Quigg and captain Jerry Vayda had 18 each.

CLOSE FIRST HALF

The score was tied six times in the close first half as neither team could get a comfortable lead. Quigg, Vayda and little Tommy Kearns launched a point-making spree near the end of the first half and pushed the Tar Heels into a 48-42 halftime advantage.

After the intermission the Tar Heels matched the Tide shot for shot until 12 minutes left to play. Rosenbluth contributed six points and Kearns four in a drive that gave Carolina a 72-59 margin with ten minutes left in the game. From then on the highly-ranked Alabama were completely out of the picture. Carolina ran up a 26 point margin at 97-71 at one stage.

Carolina's rugged zone defense held All-America center Jerry Harper to a complete null in the first half. He got only one point, then and wound up with seven. George Linn paced the 'Bama attack with 17 points.

The Tar Heels play Maryland in College Park on Saturday night.

RELIGION COURSE

Religion 31, "Christian Ethics and Modern Problems," will be offered next semester, the Dept. of Religion announced yesterday. This course has not been taught for several years. It deals with contemporary programs in social, economic and political areas and such personal problems as they relate to the distinctive insights of the Christian church. Religion 92, The Varieties of Religion in American Life and Culture, will not be offered during the coming semester as previously announced.

Fowler Changes Mind And Signs Bill Allotting \$1,000 To Symposium; Forum Won't Have To Cut Budget Grant Won't Dip Too Deeply Into Treasury

After urging the student Legislature not to pass the bill appropriating \$1,000 to the Carolina Symposium last week, President Don Fowler had a change of mind this week and signed the bill.

Atty. General Dave Reid, who is also vice-chairman of the Carolina Forum, had suggested earlier that funds be transferred from the Forum to the Symposium. If this were done, a legislature appropriation would not have been necessary.

Forum Chairman Tom Lambeth said he told Fowler if funds were transferred from the Forum to the Symposium, the Forum would not be able to carry on its scheduled program for the coming school year.

CONFERENCE

Fowler signed the bill after conferring with Lambeth, Reid and Kason Keiger, chairman of the Student Audit Board. Fowler said he had earlier opposed the bill because he thought it would depreciate student government's unappropriated balance too much.

The Symposium is a newly formed organization and thus received no appropriation from the student Legislature when this year's budget was approved. It will sponsor a week-long program of discussion with students, national and state leaders participating. The Forum brings national and state leaders to the campus to speak at various times during the school year. It has been in operation for some time and receives money from the student Legislature for operating expenses.

Other members of the Forum, besides Lambeth and Reid, are Jim Turner and Jim Montieth. Turner

said he "generally disfavored" a transfer of funds from the Forum to the Symposium. Montieth, when questioned about the matter, said he disfavored a transfer of funds if it meant the Forum had to cut the number and quality of its speakers.

Lambeth said he was not questioned about the transfer of funds until after Reid's suggestion was made. Fowler, asked why Lambeth had not been questioned about the matter, said Lambeth had nothing to do with the suggestion that funds be transferred. "That was Reid's idea," he said, "I am against any transfer of funds."

There was a possibility before Fowler signed the bill—and it still remains—that Fowler could have controlled a transfer of funds if he had wished to.

Normally, there are five members of the Forum, but presently there is a vacant post to be filled by Fowler's appointment. Since Reid favored a transfer of funds and Montieth said he would favor a transfer if it did not effect the number and quality of speakers, Fowler could have controlled the transfer through the new appointment to the Forum.

When questioned about this matter, Fowler said nothing would be said to the new member of the Forum appointed by him about any transfer of funds.

PARTY, BUT SPY RING:

Against Measure Legalizing Red Party

Senate defeated a measure legalizing the Communist Party Tuesday night meeting. Negative speakers based their arguments principally on the fact that it was against democratic principles to limit the development of any political organization in this country. Several called it a denial of free speech to outlaw commun-

ism. Negative speakers refuted by basing their principal argument on the assumption that the Communist Party was not a political organization, but a spy ring dominated by a foreign power—Russia. Several opponents said anyone who believed in the communist economic system wasn't hurt by communist party prohibition, just the party members.

Miss Shirley Pierce, telling of an acquaintance she had made at Woman's College who was in Russia, said:

"Parents in Russia, because of fear of communist dictators, are afraid to tell their daughters of the existence of God." Adding emphasis she said, "Do we want that in this country?"

Negative speakers included Gus Grant, Miss Pierce, Larry McElroy, and Miss Nancy Rothschild.

Affirmative speakers for the measure included Scotty Hester, the bill's introducer, David Reid and "Jeep" Myatt.

Phi Would Improve Campus Honor System

The Philanthropic Literary Society this week approved a bill to define the areas of jurisdiction of the different Honor Councils, and to disband those unable to show just cause for their existence.

It also called for the Dance Committee Court to be abolished, and the Student Council to no longer function as a student appellate court. Instead, said the bill, it should focus its attention upon its other vital functions, and the fac-

ulty court should take its place in this respect.

The bill also stated that wherever possible Campus Code violations should be tried in student rather than in civil courts. Its concluding article reaffirmed the confidence of the Phi in the spirit of the Honor System.

Speaker John Curtis said during the meeting there would be no meeting on the first Tuesday after the holidays.

Phones Removed For Now

The four telephone coin boxes which have been removed from phones in Cobb, Mangum, Grimes and Old West men's dormitories are the only ones to be removed "for the time being," said J. S. Bennett, the University's director of operations, yesterday.

Bennett said that no more coin boxes would be removed unless students continue to "cheat" telephones with coins or strings.

The removal of the coin boxes makes it necessary for users to make only local and collect long distance calls. Bennett said phones with coin boxes are still on the first floor of all dormitories, including those in which some phones have been changed.

MAY INVALIDATE VETO

Fowler Veto Delay Being Deliberated By Student Council

By CHARLIE SLOAN

No decision was reached last night by the Student Council on the constitutionality of Don Fowler's 12-day delay in vetoing two bills passed by the Legislature.

The validity of the vetoes was challenged by Jim Holmes, a member of the Legislature. Holmes cited the section in the Constitution requiring any veto by the President to be made within 10 days of the bill's passage. He said he understood that the bill, which set up a Selections Board to endorse candidates for the editorship of The Daily Tar Heel, was in the President's office the day after its passage.

He added that the bill remained in the office files until a copy was made and placed on the President's desk.

According to Holmes the time involved was between the dates of November 11 and November 22.

Attorney General David Reid refuted Holmes' argument by saying that it was the responsibility and custom for the Speaker of the Legislature to personally put the bill before the President for his signature, and that Speaker Jack Stevens had failed to do this.

In the statement which Reid made for President Fowler he said, "If the Legislature fails to have any bill placed before the President during the specified 10

day period, they are in effect obstructing the President's constitutional prerogative of exercising his veto. The effect of such a practice as this would be to deny the President his power of the veto."

Alec Guinness Stars Tonight In Picture

Alec Guinness, Britain's versatile stage and screen actor, will star in tonight's GMAB Film Series presentation of "The Lavender Hill Mob."

The J. Arthur Rank production will be shown in Carroll Hall at 8 o'clock. Admission will be by Film Series season tickets only. Running time of the film is approximately 82 minutes.

Guinness, whose roles have ranged from Prince Hamlet to a maiden aunt, is cast as a bank supervisor, Mr. Holland, in tonight's presentation.

As supervisor of bullion at the bank, Holland dreams of appropriating a million pounds in gold bars. He succeeds in this, much to his own surprise, and the remainder of the film concerns his attempts to dispose of the gold.

Dormitory Issues Its Newspaper

Mangum Dormitory has issued the first copy of the Mangumite, dorm newspaper. The Mangumite, according to its editors, will come out "approximately every two weeks."

The newspaper is headed by Carl Bridgers and Lew Hardee. Staff members are Bobby Barrow, Bill Horner, Richard Jennings and Bill Noah.

The newspaper contains suggestions for making the dorm more homelike, suggesting that those who do not want to obey the rules: (1) Rent a private house; (2) Go back to high school where they belong; or (3) Go back up North.
