HAPPENINGS ON THE HILL:

It Was Busy Week For The Pi Phis

By SUSAN ANDES

From dungarees and work clothes to frilly frocks has been the order of the week for the members of Pi Beta Phi sorority this week. The first thing in the minds of all the actives upon returning from the holiday was "When do we move into the new wing?" Then the word was given and the mass moving spree was begun, much to the excited happiness of the 27 residents of the house on Hillsboro Street.

Opening night in the new dining room saw it almost filled to its 70 capacity limit for a delicious meal of baked ham, beans, salad, french bread and brownies. Twelve girls have now moved back into the new sleeping wing, and although they are still in the process of hanging curtains and laying the carpet their contented smiles are a mile wide. Some of the potential Phi Bete gals were quick to slip into the new downstairs study room to begin "cramming" for exams.

With the moving over, thoughts quickly turned to pledge weekend which was upon them. Friday's party at Turnages in Durham saw

the pledges, actives and their dates arrive in time for a barbecue and hush puppy supper, after which the Beta Combo played for dancing and general merry making.

Before the Snowflake Ball in the Carolina Inn on Saturday night Pi Phi's were guests at an Open House at the home of Dot Gruelach. As the pledges and their dates entered beneath an archway of silver pine branches and pink snowflakes, Roy Jeffries introduced them to the actives, guests and chaperones.

The actives and their dates honored at the dance were: Joan Ashley, Joby Belcher; Harriet Bobbitt, Ed Yoder; Grace Boney, Bob Timberlake; Beth Buie, Kelly Maness; Shelia Cronan, Harold Mitchell; Sugar Dudley, Louis Parham; Nancy Ford, Kevin O'Marah; Betsy French, Fred Butters; Sarah Hall, Jimmy Johnson; Sarah Humphrey, John Cutler; Harriette Lewis, Billy Thomas;

Mena Way Marsh, Charlie Spillane; Carolyn Miller, Pete Stone; Pat Moore, Joe Adams; Nancy Neuseur, Al Farmer; Sallie Roberson, Harold Everette; Neltie Sanders, Bob Linker; Virginia Shalibo, Dave Davis; Sally Shipley, Joe Cherry; Anne Stalvey, Bob Sloop; Margie Staub, Don Crane; Nancy Suitt, George Curran; Susie Walker, Tom Wakefield; and Happy Watson, Bill Padgett.

Other excitement included the marriage of Otis Pate, Goldsboro, Phi Gam to Martha McKee, Pi Phi pledge from Durham. Menn Way Marsh, Raleigh, Pi Phi pledge, pinned to T. D. Stokes, dental student at Maryland from Lexington, N. C. Jane Eagleton, Pi Phi from Silver Springs, Md. engaged to Doug Crane, Phi Gam from Ponte Vedre, Fla.

JONES TALK

Dr. S. Shepard Jones, Burton Craig visiting professor in the Political Science Dept., will speak on "The Trouble Middle East" at the luncheon meeting of the Faculty Club at the Carolina Inn at 1 p.m. Tuesday.

Ever wish you had \$1000?

Stop wishing—here's how you can actually have it—in just 5 years!

Maybe you've always thought you couldn't save up big money—well, now's the time to change your mind. Saving for big goals is as easy as signing your name, when you join the Payroll Savings Plan.

Best of all, you do more than just save—you invest your money and make it grow. The whole process is easy—and automatic. Here's how it works:

You name an amount to your company's pay office—a few dollars or as much as you want. Then each week, before you get your pay, this sum is saved out. (That way you're never tempted to spend money you really want to save.) And as they're set aside, these amounts are constantly invested for you in United States Series E Savings Bonds. The Bonds are in your name and are turned over to you.

Because Savings Bonds earn good interest—3% when held to maturity—they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$3.75 a week and in 5 years you'll have over \$1,000 cash! In 9 years, 8 months, you'll have \$2,137!

So why not stop wishing and start saving today—in the Payroll Savings Plan? Or, if you're self-employed, ask your bank about the Bond-A-Month Plan. If you want your interest as current income, ask your banker about 3% Series H Bonds that pay interest semiannually by Treasury check.

Saving is simpler than you think—with U. S. Savings Bonds on the Payroll Savings Plan!

Setting Up Crutch Day

State Commander of the American Legion, Paul H. Robertson, has his arms full as he "sells" a tiny crutch, the crippled children's symbol, to University of North Carolina pre-med student John Blount. Mr. Blount, father of John, Jr. whom Mr. Robertson is holding, was discharged from the Carolina Convalescent Hospital at Greensboro on the 9th of December after being stricken in July, 1955. Says Mr. Robertson: "Polio isn't licked yet."

Medical School Finds Female Hemophiliacs

Contrary to general belief, females can be the victims of hemophilia—the bleeding disease.

This is one of the significant findings which has come out of a study on hemophilic dogs in the Dept. of Pathology at the University Medical School.

Female hemophiliacs have been found among the offspring in the matings of Irish setters used to study hemophilia.

"Discovering that females can be hemophiliacs has been one of our more significant discoveries," said Dr. John B. Graham, associate professor of pathology. "This is important because it explodes the fallacy that only males can be victims," Dr. Graham pointed out.

ADVISORY BOARD The Student Party Advisory Board will meet tomorrow night at 8:30 p.m. in the Woodhouse Room of Graham Memorial. All committee chairmen are reminded that they will be expected to submit either an oral or a written report at this time.
