Symposium Week Quiz? By CHARLIE JOHNSON The student Legislature pass-

Legislative Roundup:

ed a bill Thursday night calling for faculty members to suspend quizzes during the week of March 11-16, which is the week of the Carolina Symposium on Public Affairs.

The bill said the president of the student body should send a formal request to all department heads on campus asking that no quizzes be given during the week of the symposium.

The Daily Tar Heel previously reported that the bill would be debated next week. However, it was passed unanimously at the last session through a special order of business.

UP Floorleader Mike Weiman introduced the bill. He said "the symposium will be a nationallyrecognized event and some of the world's foremost speakers will participate." "It would be beneficial for all students to attend as many symposium presentations as possible," he said.

Also up for debate at the next session will be a bill to adopt a revised version of the General Election Law. The bill

was introduced by SP Floorleader John Curtis and Harry Braxton, who was the UP Floorleader at the time the bill was introduced, but later resigned that position to become chairman of the Elections Board. **ABNORMALITIES**

Curtis said the revision was drawn up for the purpose of eliminating abnormalities in the voting process. The revision provides for a system of registration to be used in the voting process to make sure that each student votes in his own district,

Curtis said he and Braxton conferred with the Elections Board before submitting the bill. A bill calling for the selection of a committee to investigate the possibility of placing benches in front of each dormitory for the purpose of providing a "haven from the tensions and distub-

be debated. The only other bill to be debated is one calling for the establishment of a reading day between the last day of classes and the first day of final exams.
