MOCK TRIAL PREPARATIONS Ed Sutton Is Found 'Dead' In Arboretum; Wallet Gone

Football player Ed Sutton was found "dead" in the arboretum late last night.

He was found by Miss Daryl Farrington and her date as they were returning to the girl's dorm.

He was discovered about 10:45 p.m. lying face down. "Sheriff" David Evans, of "Manning County," is investigating.

This event is another in the series of happenings leading up to the annual Phi Alpha Delta legal fraternity mock trial, to be held in Manning Hall courtroom Dec. 7.

Sutton's wallet was missing, officers said, and a fingernail file was found near the body. "Police" said they believed the file to be the weapon that inflicted the wound.

No fingerprints were available, they reported.

"Officers" said Sutton appeared to have crawled or to have been dragged a short distance.

"Coroner" John Moore said that the death occurred through severing of the artery in the neck. He estimated the time of death was between 9:30 and 10:30 p.m.

Robbery may have been the chief motive, officers, said, but stated that no conclusive evidence could be pointed to that would indicate this, except for the fact that his wallet was not on him when he was found.

ED SUTTON'S BODY

Above is Ed Sutton's "body," discovered last night in the Arboretum. When discovered, the "body" was lying face down. Sutton's "murder" is part of preparations for the Mock Trial scheduled Dec. 7 by Phi Alpha Delta legal fraternity.

news in brief
FROM RADIO DISPATCHES

LONDON—England has agreed to withdraw all her forces from Egypt. The agreement followed an announcement that the U.S. has promised to relieve the European oil shortage when the British and the French make a definite move to leave Suez. British officials said the withdrawal will be complete by Christmas.

WASHINGTON—The U. S. has extended its NATO protection 2,000 miles eastward from the Dardanelles on to the border of India, to cover nations under the shadow of Soviet guns, and the U. S. fleet is now in the Mediterranean. Observers have remarked that this show of power will probably have an effect as far away as Moscow.

Autumn Party, SNA Soc Hop Slated Tonight

By MARY ALYS VOORHEES

Tonight is partytime for the independents!

And with the party only hours away, final plans are in the making by Independent Women's Association President Elaine Burns and Sonny Hallford, president of the Interdormitory Council.

The basement of Cobb Dorm will be the scene of the social, which will feature the music of The Joymakers from Durham from 8 p.m. until midnight.

Four men's dorms—Aycock, Everett, Stacy and Grimes—will be the hosts for all the independent women on campus for the fall party.

Among those working on the event are George Stefanou, chair.

Lawmakers Elect New Officialdom

By NEIL BASS

The 22nd assembly student Legislature threw open its doors last night with the University Party in control.

The UP, with a near perfect 24-member attendance, swept through all elected positions victoriously.

Conversely, the Student Party, with an unofficial six absences, was repulsed in its attempt to capture Legislature offices.

Assembly membership, due to a one seat gain by the SP in the recent election, is deadlocked—25-25.

OFFICIALS

Newly elected 22nd assembly officials are:

Speaker pro tempore, Bill Redding over Whit Whitfield;

Parliamentarian, Jack Lewis over John Brooks;

Clerk, Miss Kathy LeGrand over Miss Betty Huffman;

Sergeant-at arms, Randy Williams over John Ray.

The SP, upon realizing the impossibility of cracking iron-clad party lines, voted UP candidates to committee chairmanships by acclamation.

Committee chairmen are:

Ways and Means, Al Goldsmith, Finance Committee, Jerry Oppenheimer; Rules Committee, Bill Baum.

NEW MEASURES

New measures thrown into the legislative hopper for processing are:

(1) A resolution asking the University director of operations to "investigate and carry through" a program for the maintenance of dormitory television sets. Co-introduced.

(2) Bill calling for appropriation of \$61 to the Campus Chest to pay for two trophies. Introduced by Whit Whitfield (SP).

(3) Bill requesting \$800 appropriation to the Yackety Yack to defray expenses incurred through printing additional copies for increased enrollment. Introduced by Publications Board Chairman Frank Farrell (SP).

(4) Bill requesting \$1,000 appropriation to University Glee Club to defray "travel expenses." Co-introduced.

Hungarian Cause Is Just Refugee Student Says Here

Says Public Opinion Will Help Resistance

By NANCY HILL

The aims of the Hungarian revolution "are just and simple — freedom, free elections, a free Hungary," Istavan Laszlo, Hungarian refugee student, told a capacity crowd in Carroll Hall last night.

"You have a right to know if we fought for a just cause," said Laszlo, himself two weeks ago a leader of a revolutionary force of 5,000 workers, peasants and students.

The Hungarian people rose up against oppression as they have in the past, he said.

"Now again we rose to a point in history where we could no longer stand slavery — we had to fight."

Laszlo was sent to this country to appear before the United Nations, but was not received, he said. He is now speaking to college groups, because "Your opinion, public opinion of a free country

will strengthen our resistance which is still going on," he said.

Laszlo urged students to write their congressmen urging a more resolute stand on the part of the United States in Hungary.

"This is all we are asking. But you can do it," he said.

"And if you do it, I will be able to tell the Hungarian people that the American students support our cause — that we are not alone."

Telling of the part Hungarian students played in the revolt, Laszlo told of one incident in which Hungarian students surrounded a radio station in an effort to broadcast to the west the demands of the rebels.

"Two students were sent in, a boy and a girl. The boy returned bleeding with the girl dead in his arms. 'This is the answer we got,' Laszlo said.

He told of repeated incidences of unkept promises on the part of the Russians in efforts to effect a ceasefire. There is only one guarantee to force Russia to keep her promises, he said — if we continue to resist, and if we have world public opinion on our side.

"We hope for a unified voice being raised in the Free World condemning Russia and supporting the Hungarians in the revolution," he stated.

Laszlo is accompanied on his tour of U. S. colleges by Ralph Della Cava, a representative of the National Students Association sponsoring Laszlo, and by an interpreter, Charles Derescki.

Hungarian Freedom Fighter And Friends

Shown above at the left is Istavan Laszlo, a leader of the recent Hungarian revolt for freedom, at a banquet in the Carolina Inn. The 21-year old student, touring the country under sponsorship of the National Student Assn., spoke here last night before a capacity crowd in Carroll Hall. Others in the picture are (center) Charles Derescki, his interpreter and Ralph Della Cava, also touring the country with Laszlo.

Squirrel-Chaser Tuffy Gone From Campus

Tuffy is gone.

Tuffy is the little brown and white mongrel that spends most of his time up around Davie Poplar, chasing and barking at frightened squirrels.

Before the Thanksgiving holidays, some students borrowed Tuffy for squirrel hunting. And he hasn't been returned yet, according to his owner, Mrs. Mary Alice Smith.

"Tuffy was always having coffee and doughnuts with the students," Mrs. Smith said yesterday. She also said Tuffy looks like he has a mustache around his mouth.

Tuffy, Mrs. Smith said, has one of his tags missing from his collar, and he has just one of his required tags.

Anyone who has any information about Tuffy should call Mrs. Smith at 87741 during the day or at 85337 in the evening.

Hungarian Relief Fund Has Received \$300

The YM-YWCA, which is sponsoring the Hungarian Relief Fund, has now received about \$300 in donations, according to Miss Jackie Aldridge.

A new appeal was heard last evening from a Hungarian refugee who helped lead the revolt in his village.

"Including money from the Campus Chest and Christmas donations, Carolina will probably give a total of about \$1,500," said Miss Aldridge.

Monetary donations may be left in the milk bottles placed in the Y for that purpose or they may be made by contacting Miss Jackie Aldridge at 8-9089. The money will be sent to Vienna, Austria by the World University Service. Gifts of food or clothing will also be accepted, and they may be made by contacting Miss Aldridge.

INFIRMARY

Students in the infirmary yesterday included:

Misses Elmira Herring, Pricilla Nellman, and Elaine Gallimore, and Nicholas Marcopulos, Charles Richie, Richard Saylor, Robert Kerr, William Lussing, Robert Eason, John Adams, Harrington Alexander, and James Edwards.

STATE COLLEGE'S SUSPENSION - PART I

The Moreland Case: Report To Board Of Trustees

The National Collegiate Athletic Assn., according to its constitution, is an organization of "colleges and universities in the United States, with acceptable academic standards, which accept and observe the principles set forth in its Constitution and By-Laws". The establishment and direction of the general policy of the Assn., in the interim between conventions, is committed to a Council of 18 members.

This Council in turn designates a committee on infractions to serve as the fact-gathering agency of the council. The committee consists of four members. The executive director of the assn. serves as an ex-officio, non-voting member.

All allegations and complaints relative to a member's violation of the regulations of the Assn. are channeled through the executive Director to the committee. If the committee on infractions determines that a complaint warrants an official inquiry, it calls upon the chief administrative officer of the institution involved to disclose all relevant information, and may arrange for the appearance of representatives of the institution before the committee.

When the committee on infractions completes an investigation it submits a written report to the council containing:

- (1) A statement of the history of the case, including the charges of misconduct.
- (2) A detailed summary of the evidence before the committee.
- (3) The findings of facts made by the committee, its conclusions as to whether the member has been in violation of its obligations as a member, and if so, the particular respects in which the member has been in violation.
- (4) Disciplinary or corrective actions taken by the institution or Conference or any other agency involved in the incident.
- (5) The committee's recommendations for the disposition of the case.

The report of the committee on infractions, less its recommendations, is made available to the member involved and this member is entitled to appear before the council to challenge the findings of fact and the evidence upon which the report is made; to produce additional evidence and to argue such matters of Assn. law as may be involved.

THE MORELAND CASE (NCAA NO. 94)

On Sept. 26, 1956, the executive director of the NCAA wrote to Chancellor Bostian of State College notifying him that the infractions committee believed that information in the hands of the committee in connection with the recruitment of Jack Moreland of Minden, Louis, was of sufficient substance to warrant an official inquiry into the case.

The administrative officers of the college and, at the request

DEPARTMENT OF ATHLETICS
NORTH CAROLINA STATE COLLEGE
RALEIGH, N. C.

May 11, 1956
(Date)

Jack Moreland
(Name in full)

I, I plan to enter N. C. State College in _____, _____, on an athletic scholarship. This scholarship, which conforms to A.C.C. and to N.C.A.A. regulations, includes ROOM, BOARD, TUITION, FEES, BOOKS, and \$15.00 per month for laundry. This scholarship is good for four years.

II, I say attend summer school with the approval of the Head Coach.

III, In the event of an injury as a result of participating in Basketball at N. C. State College, the scholarship aid will continue throughout the period covered by the contract even though the above named may be required to forego participation in the sport.

IV, This agreement demands of me that I make satisfactory progress towards graduation, conduct myself as a gentleman, and give full cooperation at all times.

Signed _____ Jack Moreland (signed)

Parent _____

It is understood that Jack Moreland will matriculate in September of 1956 in the School of Engineering, Civil.

MORELAND SIGNED THIS AGREEMENT

Pictured above is a facsimile of the agreement signed by Jackie Moreland, NC State basketball player from Minden, La. The NCAA has ruled misconduct on the part of the college in acquiring Moreland's signature, and has placed State on a four-year probation.

of Chancellor Bostian, President Friday and Mr. Carmichael of the consolidated University, questioned Moreland and the coaching staff members involved and filed with the infractions committee formal statements by Moreland and the staff members denying all of the allegations of infractions.

Our inquiry revealed that Moreland, on May 11, 1956, while visiting State College, signed a "letter-of-intent" to enroll at State College. This letter stipulated specifically a four year grant-in-aid from the college. The letter-of-intent is as follows:

On Oct. 22, 1956, at a hearing before the infractions committee in Kansas City, Chancellor Bostian and Athletic Director Clogston denied all charges of infractions.

On Oct. 31, 1956, the executive director notified Chancellor Bostian, by letter, that the infractions committee would cite State College before the Council, in Detroit, on Nov. 12, 1956 and charge the institution with serious infractions of the NCAA rules and regulations in connection with the recruitment of Jackie Moreland. The college was furnished a detailed summary of the charges.

Immediately President Friday asked the executive director of the NCAA for the file of evidence and for a postponement of the hearing scheduled on Nov. 12, 1956, as he would be unable to participate because of a meeting of the executive committee of University Board of Trustees scheduled on Nov. 13.

The NCAA Executive Director sent Chancellor Bostian two telegrams, as follows:

"Chairman Everest believes council should consider report at Detroit meeting since postponement would necessitate five or six months' delay."

Walter Byers

"Mr. Friday's request presented to committee via telephone. It is committee's view that release of case file would be contrary to established policy and accordingly regrets it cannot accommodate North Carolina State in this matter. Committee does not believe this position unfair since your institution knows committee's findings and knows identity of witnesses whose evidence has served as basis for committee's conclusions."

Walter Byers

It should be noted that while the last telegram above points out that State College knows the infractions committee's findings and the names of the witnesses, the executive director does not claim that the college administration knows the full detailed evidence which has served as the basis for the committee's conclusions.

On Nov. 12, 1956 Chancellor Bostian, Athletic Director Clogston and Assistant Athletic Director Casey appeared before the council in Detroit and denied all the charges of the infractions committee.
