

# Health Budget

(Continued from page 1) general expense; instruction and departmental research; maintenance and operation of plant; the areas of administration and

nurses' residence hall; salary increases and reserve.  
The administration and general expense recommendation is \$117,851 for the biennium as against a request of \$175,125.

The total biennium recommendation for instruction and departmental research comes to \$4,729,344. The University asked for \$4,882,932.

These funds will be divided among the Schools of Medicine, Dentistry, Pharmacy, Public Health, Nursing and the Divisional Library.

Recommendations for the biennium to the different schools, with their requests, are as follows:

School of Medicine—\$2,314,065 recommended, \$2,336,397 requested.

School of Dentistry—\$1,198,380 recommended, \$1,263,742 requested.

School of Pharmacy—\$225,613 recommended, \$226,293 requested.  
School of Public Health—\$553,876 recommended, \$600,604 requested.

School of Nursing—\$358,888 recommended, \$377,374 requested.

Divisional Library—\$78,522 recommended, \$78,522 requested.

The largest amount for each area will go for salaries and wages. Also included are costs for supplies and materials; postage; telephone and telegrams; travel expense; printing and binding; repairs and alterations; general expense; equipment; library books and journals and transfers to other divisions.

Recommendations for maintenance and operation of plant come to a total of \$218,450 for the biennium as requested.

For the nurses residence hall the University received a recommendation of \$68,607 as against a request of \$68,699.

Recommended for merit salary increments and salary increases is \$27,000. The University asked for \$404,400.

For reserve the recommendation is \$5,161,252 compared to a request for \$5,749,806.

## UNC Budget

(Continued from Page 1) relocating and ventilating the three transformers for Memorial Hospital.

The areas listed above from the School of Dentistry through the three transformers all received what was requested.

The Budget Commission turned down requests for 23 other areas within the Consolidated University, Chapel Hill branch.

These areas, with their requested funds are as follows:

Health Affairs library, \$1500 for reference counter and shelving; School of Medicine, \$25,000 for renovating of ground floor; Woolen Gymnasium, \$6,000 for plastering and painting Bowman Gym Pool; Wilson Library, \$27,000 for equipment for microfilm and other photo duplication and \$11,680 for renovation of the main reference room;

Old Venable Hall, \$155,000 for new laboratory desks and equipment in five main laboratories and \$3,000 and \$4,000 for floor and roof repairs, respectively.

School of Dentistry, \$60,000 to improve the ground floor; Botany greenhouse, \$600 for an additional section; Peabody Hall, \$4,650 for air conditioning and dehumidifying the basement room; radio station WUNC, \$16,600 for antenna for a 10,000 watt FM transmitter;

Swain Hall, \$8,000 for basement excavation and construction; School of Public Health, \$1 million for building, equipment and utility connections and roads; School of Nursing, \$200,000 for an addition to wing A for building equipment and utility connections; Hill Hall annexation, \$498,000 for building and equipment;

Division of Health Affairs, \$329,000 for library enlargement building; Housing for ambulatory patients and relatives of in-patients, \$500,000 covering building, equipment, utility connections and access to areas and grounds; student union building, \$1,242,000 for building and equipment;

Wing on School of Medicine building, \$925,000 covering building, equipment, and roads, drives and utilities; hospital T-wing, \$1,680,000 for building, equipment and utility connections, roads and drives, married students' housing, \$1,740,000 for building and equipment (an enabling act will be introduced to the General Assembly, however, to attempt to get funds for housing).

The Consolidated University general

### FROM ACC PROBE:

## Here's Text Of Report To State Chancellor

RALEIGH—(AP)—Following is a copy of the text of the report of the ACC faculty chairmen sent by ACC Commissioner Jim Weaver to Dr. Carey H. Bostian, State College chancellor:

Feb. 10, 1957  
Report to North Carolina State College of the Atlantic Coast Conference faculty chairmen's meeting:

That since the Atlantic Coast Conference does not have the authority to subpoena witnesses for an open hearing, the commissioner having been in contact with certain witnesses and having ascertained that some of them will not appear to give evidence at an open hearing, therefore, the faculty committee rule that they will not sponsor an open hearing on the Moreland case.

That North Carolina State College be notified that the conference reaffirms its position relative to the two charges—namely, illegal transportation and the illegal five year scholarship which are violations of the by-laws of the Atlantic Coast Conference:

With reference to illegal transportation:  
At the time the \$80 was given to Moreland, which was in the presence of and with the knowledge of Case and Bubas, in our opinion, they knew that Moreland was going to North Carolina State College with the idea of staying permanently. This is a violation of rule 12 (A) of the Atlantic Coast Conference by-laws.

With reference to the five year scholarship:  
In our opinion, the statement that a five (5) year scholarship would be available in case of need constitutes a violation of article 9-rule 12 of the Atlantic Coast Conference by-laws.

With reference to the charges dealing with excessive aid in other forms:  
Moreland has admitted the promise of certain additional inducements by representatives of State College, later repudiated these statements. Copies of both admission and repudiation are in the hands of responsible State College authorities. The investigation conducted by the Atlantic Coast Conference revealed confirmation of the original admissions made by Moreland. This confirmation was given to us on a confidential basis and is not available for public release. However, details of the confirmation are available to North Carolina State College on a confidential basis.

Penalties:  
1. It is ruled that since North Carolina State has violated Article 9—Rule 12 that Moreland is ineligible—Article 11, Section F-5.

2. With reference to the basketball staff not being allowed to recruit basketball players for one year:  
This penalty stands and is interpreted to mean that members of the State College basketball staff not be allowed to recruit off campus for one year. Further, that the college not be allowed to pay transportation for visitations to the campus by prospective basketball players.

3. It is ruled that since the full scholarship or grant-in-aid was made available to Moreland, and State College stated that the boy could retain the grant-in-aid whether he was eligible or not and has thereby partially fulfilled the intent of the commissioner's ruling, the faculty chairmen of the Atlantic Coast Conference rule that the penalty of \$5000 assessed against State College be reduced to \$2500.

The Atlantic Coast Conference at its meeting on Feb. 10, 1957 has decided that the rulings contained in this report conclude the conference investigation in the Moreland case and rules that as far as the conference is concerned the case is closed.

Oliver K. Cornwell,  
Secretary-Treasurer,  
Atlantic Coast Conference.

HONOR COUNCIL  
(Continued from Page 1)

Council's suspicions before the Council had officially opened investigations on this aspect of his case.

The Council was willing to consider this a case of a student's turning himself in for a violation of the honor code.

The Council also had defendant C under suspicion, which suspicions were confirmed by the testimony of A before the Council Chairman.

Upon being visited by the Council Chairman, C readily admitted his guilt, and testified that there were other students involved, but insisted that he would rather try to persuade than give the names himself.

Several days after this visit with defendant C, defendants B and D visited the Council Chairman of their own accord and admitted their part in the affair. Soon after this, defendant B came to the Council Chairman's room and readily admitted his part.

Were it not for this completely honorable admission of their mistakes and their willingness to report themselves for their violations, each student would likely have received a sentence of suspension with the possibility even of being expelled from school, never to return here.

Because, however, defendants A, B, D and E did report themselves to the Council and because defendant B readily admitted his guilt and was instrumental in securing the confessions of the other students, they were sentenced by the Council as follows:

Defendants A, B, D and E received sentences of probation for two full semesters. Defendant C received a sentence of probation for three full semesters.

The Council cannot stress enough the fact that if leniency is ever to be granted for Honor Council violations, it will be to those students who report themselves to the Council and readily admit their guilt.

General administration received a recommendation of \$50,000 as requested for alterations and repairs to the former Institute of Govt. building. The Consolidated University officers may be moved there.

## Answer To ERV

By LARRY CHEEK

Glad you saw fit to drop me a line. Your learned comments will prove an inspiration to me when I find myself feeling blue and down in the dumps.

In passing: I don't drink coffee. Too strong for my ivory tower system. And whether or not I graduate is strictly up to the gods, or perhaps I should say the venerable professors who frequent the hallowed halls of this institution.

Hey Erv. Did you read Fred Powledge's editorial expose yesterday? No? You should. It's very informative. Tells all about big time athletics, and what a rotten mess things are in. Very spicy reading. Even better than "Confidential".

A Tent City on the Kenan? Sounds good to me, Erv. And Erv. Wasn't Baby Doll seduced? You spoiled my whole day.

## Careers Grow—Through Science

FROM THE ELEMENTS OF NATURE—a limitless frontier—scientists develop new products and processes that benefit everyone. To the college graduate, these new things mean career opportunities that did not exist before.

The scientists of Union Carbide have introduced an average of one new product per month for over 25 years. They are now introducing them at the rate of two a month.

Today, more than one-third of the work of the people of Union Carbide all over the country is in providing products and processes that did not exist in

commercial quantities 15 years ago.

Nearly 3,000 scientists, in 23 Union Carbide laboratories, devote full time to research.

For more information about opportunities with Union Carbide, see your placement director, or write to Mr. V. O. Davis, Co-ordinator of College Recruiting.
