

Covering The University Campus

FREE FLICK
Tonight's free flick, "Snake Pit," starring Olivia DeHavillan and dealing with mental illness will be shown at 7:30 and 10 o'clock.

COSMOPOLITAN CLUB
Tickets for the Cosmopolitan Club International Dinner which is to be held today at 6:30 p.m. in the basement of the Chapel Hill Baptist Church are available until 12 o'clock today.

They may be obtained at the YWCA Office and Graham Memorial Information Office.

ART LEAGUE
Dr. Urban T. Holmes, Kenan Professor of romance philology at UNC, will address members of the University Art League on the subject, "12th and 13th Century Houses in England and France."

The meeting will be Monday at 7:30 p.m. in the Library Assembly Room. The public has been invited.

PSYCHIATRIC CENTER
Dr. Rudolf Edstein, coordinator of training and research of the Reiss-Davis Clinic for Child Guidance of Los Angeles, will visit the Psychiatric Center of the School of Medicine Monday and Tuesday.

During his two-day visit he will participate in teaching programs and will address the Psychiatric

Research Seminar Monday at 12:30 p. m. on "The Learning and Teaching of Psychotherapy."

PRESS CLUB
Thomas Lassiter, editor of the Smithfield Herald, will speak at the March meeting of the UNC Press Club Monday at 7:30 p. m. at the home of Kenneth Byerly, 418 Whitehead Circle.

Lassiter, who has taught journalism at the University, will give a talk on problems of non-daily newspaper production. A discussion period will follow the talk.

All Press Club members and their guests and anyone interested in journalism are invited to attend the meeting.

Those without rides or needing directions for getting to Byerly's house should meet at Bynum Hall at 7:15 p. m. Monday.

DENTISTRY SPEAKER
Dr. Ralph W. Phillips of the Indiana University School of Dentistry will be guest speaker at the UNC School of Dentistry Monday.

Dr. Phillips will speak in the Clinic Auditorium of the School of Medicine at 8 p. m. Attending the lecture will be the faculty and student body of the School of Dentistry. Also, invitations have sent to several

hundred dentists in this area of the state.

RESERVATIONS DUE
Room reservations for summer school or the fall semester are being made through Wednesday in the dormitories. No reservations are being made in the Dean of Women's Office as has been done previous semesters.

Coeds must pay a \$10 deposit in the basement of South Building before filling out applications for rooms.

Room reservations can be made in the dormitory between 3 p.m. and closing hours Monday through Friday.

CCUN MEETING
Plans for the model United Nations Assembly to be held here next Dec. 4, 5 and 6 will be discussed at a meeting of members of the Collegiate Council for the United Nations Monday at 2 p. m. in Roland Parker 1 at Graham Memorial.

The meeting is being sponsored by the local CCUN, World Understanding Committee and Public Affairs Committee.

Interested persons have been invited to attend the session.

WESLEY FOUNDATION
This week's Sunday Seminar of Wesley Foundation will discuss modern religious art. The group will meet at 9:30 a.m. at University Methodist Church.

The Sunday Forum will have a supper meeting at 5:45 at the Church. Jim Carse will discuss Arthur Miller's play, "Death of a Salesman." A charge of 50 cents will be made to defray expenses of the supper.

The Daily Tar Heel SOCIETY

Joan Brock, Editor

Pikas Entertain Coeds

Thursday night the Pikas lived up the week by playing host to the Chi Os at a chicken dinner at the house. Following the meal the Circle Nine, a Chi O vocal group, entertained the boys with several of their specially arranged melodies.

The group then retired to the basement for an evening of dancing to the music of Doug Clark's combo, "The Tops," from Chapel Hill.

Last night the Pikas began a weekend of festivities by entertaining the Duke ADPi Pledge Class at a dinner party and informal dance at the house.

Phi Kaps Party

Last weekend the Phi Kaps welcomed spring with a formal dinner and dance at the Hope Valley Country Club in Durham. An enjoyable evening was had by all in an atmosphere of tuxedos and formal gowns. Jim Crisp's orchestra from Durham was on hand to lend the proper music for the formal setting.

On Saturday night the Phi Kaps and their dates traveled to the Sigma Nu cabin for a Bermuda party. Doug Clark's combo, "The Tops," provided the latest hit tunes for the event.

Sunday morning found the Phi Kaps and their dates attending a brunch at the house.

SAEs Elect New Officers

In a recent election Jay Walker of Roanoke, Va., was elected president of the SAE fraternity. Oscar Davis of Atlanta, Ga., was elected vice president; Bill Davis of Morganton, treasurer; Mike Tanner of Rutherfordton, secretary and Tommy Lawson of Roanoke, Va., social chairman.

Sigma Chis Elect Spring Officers

Marion Cowell of Jacksonville has been elected president of the Sigma Chi for the spring term. Other officers include Walter Rose of South Miami, Fla., vice president; Gary Cooper of Salisbury, secretary; Donnie Evans of Greensboro, treasurer; Sonny Lacy of Winston-Salem, social chairman and Bob Burge of Asheboro, house manager.

round of private East-West talks.

Western diplomats said today that is the purpose of the proposed meetings of the 25-nation U.N. Disarmament Commission and the Security Council later this month.

Authoritative sources said that the two meetings, if held, would be purely procedural and that the intention is to avoid any issues which might touch off a new East-West fight.

Strikes Teacher

NEW YORK, March 7 (AP)—A hot-tempered mother today was sentenced to 10 days in jail for storming into a Manhattan public school and striking a teacher.

"We're not going to stand for anyone barging into our schools and assaulting teachers," said Judge Matthew J. Troy. "There is a lack of parental example which is one of the main causes of what is happening in our schools."

Mrs. Suggs, whose 6-year-old daughter attends Public School 87, claimed that she went there to complain about her daughter being hit by a teacher, and was told to "calm down."

Unemployment Worsens

WASHINGTON, March 7 (AP)—The government will announce next week that unemployment rose more than 600,000 last month to a 16-year peak of more than 5,100,000, informed officials said today.

The count has sharpened the Administration's concern over the economic outlook and is expected to intensify pressure in Congress for business-boosting measures, including tax reduction and public works.

President Eisenhower and his advisers were reported to be still counting on a drop in joblessness this month. Consideration of any major emergency moves should wait, they hold, until the March employment figures are issued a month from now.

CLASSIFIEDS

GYMKHANA (WEATHER PERMITTING) Sunday, March 9, 1:30 p.m., Sears Roebuck parking lot, Durham. Dinner meeting follows at Howard Johnson's, Piedmont Sports Car Club.

PLANNING MARRIAGE? I CAN supply your diamond needs at 20%-50% off. All merchandise fully guaranteed — Money-back guarantee. Student owned & operated. For more information write Box 1073, Chapel Hill, N. C. (4-1118-7)

WANTED: PEOPLE TO WORK part-time during month of April, preferably graduate students or mature undergraduate students or their wives. Call or contact Urban Studies Center, 219 Pittsboro Street, Telephone 7012.

New Student Radio Group Here Discloses Plan For 'Ham' Station

By BILL CHESHIRE

Students will have their own "ham" radio station soon if things go according to plan.

The plans for such a station are now being drawn up by Henry Gould, Ph.D. candidate in the Department of Mathematics, and Jim Scott, UNC student from Charlotte.

A meeting of all students interested in establishing such a "ham" station—as well as a local branch of the American Radio Relay League—will be held Friday, March 14 at 7:30 p. m. in 250 Phillips Hall.

Gould said the proposed station would cooperate with the nation's Civil Defense organization, help in the early stages of satellite tracking and perform other functions for the students, such as sending messages for them to distant places.

Cost Of Transmitter

He said the total cost of the proposed transmitter is estimated at about \$2,500. If sufficient students are interested, the student legislature will be approached for the necessary funds, he added.

Gould estimated that about 50 UNC students already hold "ham" licenses. But he pointed out that the services of the proposed station and membership in the local amateur radio club would be available to all students.

One of the functions of the club, Gould said, would be to instruct interested students in radio code and other aspects of radio communication. "Radio is also an excellent introduction to other phases of science," he added.

But Gould is not the only faculty member at UNC who has been badly bitten by the radio bug. The first

radio "ham" he met when he came to UNC was Dr. Barton Jones, now on leave from the mathematics department.

Gould said he walked into one of the offices in Phillips Hall looking for Dr. Jones, who he knew was a radio enthusiast.

"As soon as I stepped through the doorway I saw two very busy men. One was twirling the dials of a

radio transmitter; the other was furiously hammering away on a telegraph key.

"Sorry," said Gould, "I must be in the radio shack. I'm looking for Dr. Jones."

The man on the telegraph key looked up and replied, "I'm W4BOJ, sometimes known as Dr. Jones." W4BOJ are Dr. Jones' FCC assigned radio call letters.

NEW YORK UNIVERSITY

Communication Arts Group Announces

THE GRADUATE INSTITUTE OF BOOK PUBLISHING

- Opens September, 1958
- A full-year program designed to train men and women of exceptional promise for careers in the book industry.
- Academic study with outstanding lecturers in literature, philosophy, and political science.
- Workshop courses with experts from the industry.
- Apprentice training in New York book publishing houses.
- M.A. Degree
- Limited to thirty students.

For information and application write: John Tabbel, Director, Graduate Institute of Book Publishing, New York University, Washington Square, New York 3, N. Y.

FOR BETTER OR FOR WORSE

The first thought that comes into our minds upon entering college is, of course, marriage. But how many of us go about seeking mates, as I like to call them, in a truly scientific manner? Not many, you may be sure.

So let us today make a scientific survey of the two principal causes of marriage—personality need and propinquity.

Personality need means that we choose mates because they possess certain qualities that complete and fulfill our own personalities. Take, for example, the case of Alanson Duck.

As a freshman Alanson made a fine scholastic record, played varsity scrabble, and was president of his class. One would think that Alanson was a totally fulfilled man. But he was not. There was something lacking in his life, something vague and indefinable that was needed to make his personality complete.

Then one day Alanson discovered what it was. As he was walking out of his class in Flemish pottery, a fetching coed named Grace Ek offered him a handsome red and white pack and said, "Marlboro?"

"Yes!" he cried, for all at once he knew what he had been needing to round out his personality—the hearty fulfillment of Marlboro Cigarettes, the soul-repairing mildness of their fine tobacco, the easy draw of their unparalleled filter, the ease and convenience of their crushproof flip-top box. "Yes, I will take a Marlboro!" cried Alanson. "And I will also take you to wife if you will have me!"

"La!" she exclaimed, throwing her apron over her face. But after a while she removed it and they were married. Today they live happily in Baffin Land where Alanson is with an other-glassing firm and Grace is a bookie.

Propinquity, the second principal cause of marriage, simply means closeness. Put a boy and a girl close together for a sustained period of time and their proximity will certainly ripen into love and their love into marriage. A perfect example is the case of Fafnir Sigafons.

While a freshman at Louisiana State University, Fafnir was required to crawl through the Big Inch pipeline as part of his fraternity initiation. He entered the pipe at Baton Rouge and, alone and joyless, he proceeded to crawl north.

As he passed Lafayette, Indiana, he was agreeably surprised to be joined by a comely girl named Mary Alice Ingingiss, a Purdue freshman, who, oddly enough, had to crawl through the Big Inch as part of her sorority initiation.

When they reached the Vermont border they were crawling steadily

Chatting amiably as they crawled through Ohio, Pennsylvania, and New York State, Fafnir and Mary Alice discovered they had much in common—like a mutual affection for licorice, bobbleiding, and the nonsense verse of Arnold Toynbos. When they reached the Vermont border they were going steady, and when they emerged from the pipe at Boothbay Harbor, Maine, they were engaged.

After a good hot bath they were married and today they live in Klamath Falls, Oregon, where Fafnir is in the weights and measures department and Mary Alice is in the roofing game. They have three children, all named Norman. © 1958, Max Stralman

Propinquity is sure to mean love when you put yourself close to a pack of Marlboros, made for your pleasure by the sponsors of this column.
