

UNC Gets \$146,620 For Education

The National Science Foundation has awarded grants totaling \$146,620 to UNC to conduct 1959 summer institutes for high school teachers of mathematics and science and for college chemistry teachers.

Chancellor William B. Aycock announced the grants for the programs, which are conducted by the University Institute of Natural Science.

Eighty teachers will be selected for the third annual math-science institute, scheduled for June 8 through July 17, and made possible by an \$83,650 grant. Co-directors will be Prof. V. A. Greulach of the Botany Department and Prof. E. A. Cameron of the Mathematics Department.

A grant of \$52,800 has been given to conduct for the second time at UNC the Summer Institute for Junfor College and College Teachers of Ehemistry, also on June 8-July 17. Directing it will be Prof. H. D. Crockford and Kenan Prof. Arthur Roe, chairman of the Chemistry Department,
