

Furtado Endorses Smith For Presidency

Student Body President Don Furtado yesterday endorsed Norman B. Smith, for President of the Student Body.

In a statement released yesterday, Furtado said, "I am supporting Norman Smith for the presidency because of his past record, his initiative and perception, and his devotion to maintaining a responsible student government."

Furtado explained that he based

the statement on the needs of the position as he has been them from Smith, for President of the Student Body.

"The President of the Student Body should be much more than a political mechanic," Furtado asserted.

He outlined the president's duties by saying, "In addition to serving as a student representative in many areas, it becomes his responsibility to mold student policy, initiating those that are necessary to adapt to a changing campus and community environment."

"Only with this purpose can he maintain a student government which is a functioning example of responsible and mature student action," Furtado continued.

Furtado cited Norman Smith as an example of a person who has devoted himself to this concept. Specifically, Furtado pointed to two examples in which Smith served student government well.

Smith's work on the room rent committee, appointed by Furtado to study the situation of constantly increasing room rent was, according to the president, largely responsible for the acceptance of the principle and practice of one-half self-liquidation which would cause no rent increases by the Trustees, and the Advisory Budget Commission.

"When Student Government," Furtado pointed out, "realized the pressing need to support the University in its budget request, Norman Smith volunteered to head the Committee on State Affairs, and he was responsible for an explanatory budget book, for setting up a personal visitation project, and for arranging a televised budget discussion project."

"These two examples, in addition to his outstanding legislative record, are tangible illustrations of Smith's concern for the betterment

Fuller Heads New PIFC For Spring

Erwin Fuller, junior from Louisburg and representative from Delta Sigma Pi, has been elected chairman of the Professional Interfraternity Council for the duration of the spring semester.

This action was taken at a regular business session of the council.

The Professional Interfraternity Council is the governing legislative and judicial body for the professional business administration and pharmaceutical fraternities. The four fraternities which presently constitute the membership are Delta Sigma Pi, Alpha Kappa Psi, Phi Delta Chi and Kappa Psi.

Other officers elected to the Council are Don Deaton, vice chairman; Whit Moore, secretary; and Don Pugh, treasurer.

Other members are Ted Bolick, Jerry Price, Charles Bennett and Larry Wilson.

A written constitution has been adopted and submitted to the respective fraternities for ratification. Upon ratification by the houses, the constitution will be submitted to student Legislature for approval.

The PIFC was formed in 1956 and negotiates visiting agreements for women with administration for fraternities. The PIFC does not control rushing activities because of diversity of interests concerned.

The recently-drawn up constitution is the first known written document of the PIFC, and is patterned to some extent after the IFC constitution.

Each house is represented on the PIFC by the president of the house and one other representative.

The council has legislative and judicial powers as enumerated in the constitution. A detailed judicial procedure is outlined.

Minter Points To Gray's Party Role

Charlie Gray's role in making the University Party program a success was pointed out in a statement issued Thursday by John Minter, party chairman.

Gray is the UP candidate for student body president.

Minter said, "Gray's moderate policy of facing issues and holding our student government to the line of realistically progressive means of improvement has been best evinced through his work in the Legislature."

He pointed out that through both dormitory and fraternity district Legislature representation, Gray has seen all phases of campus needs and has argued for them in a manner that sees things accomplished, not just discussed.

Besides being assistant floor leader and floor leader in Legislature, Gray has served on the Ways and Means Committee, has spent many hours on the Honor Council revision, and has served this year as head of the fraternity parking committee, according to Minter.

Commenting on the presidential candidate's work in the financial branch of student government, Minter said that by serving as treasurer Gray has spent much time investigating detailed financial problems, codifying expenditures and clearing

Sheffield Hits Tactics Of Campaign

In a statement issued yesterday, Dewey Sheffield, vice-chairman of the Student Party, criticized certain tactics being used in the student body presidential campaign.

"According to Sheffield, 'Certain elements have organized and are conducting a whisper, smear campaign against the Student Party candidate for president, Norman B. Smith.'"

He said that there is campaigning being conducted in fraternities and sororities, as well as dormitories, which is based on completely false statements about Smith.

Sheffield said such persons are saying that "Norman Smith is against fraternities and sororities and is working to abolish them on this campus. You have certain interests that you must protect. You must vote to protect this interest."

The SP vice-chairman calls such a statement "entirely untrue." He said, "Norman has repeatedly stated that he will do everything in his power as president to maintain fraternities and sororities on our campus."

Sheffield feels such campaigners are also seeking to alarm coeds by saying that Smith is working to abolish the Women's Residence Council.

Of this, he remarked, "Smith has conducted one of the most extensive researches into our campus judicial system. He is definitely opposed to the abolition of the WRC."

Sheffield said, "I appeal to the students on campus to demonstrate to the conductors of this smear campaign their wholehearted opposition to such political tactics by giving Norman B. Smith a ringing vote of confidence on April 7."

He pointed out further that the SP platform for the spring elections promotes a more progressive, efficient student government and cited the following two planks:

Plank three advocates action to establish long-term commissions (judiciary, executive and legislative) to study and recommend governmental structures leading to more consistent and efficient student government.

Sheffield concluded, "The Student Party has always worked for all students at the University, and it ever shall. We again pledge to the student body our untiring efforts toward furthering the cause and welfare of you, the students."

BUDGET EXPLAINED

By DEE DANIELS

The 1959-60 Student Government budget was explained by Charlie Gray (UP) to the Student Legislature last night, but it will not be voted on until next session.

Jim Crownover's (SP) bill to appropriate funds for the purchase of a TV set for the infirmary was sanctioned after being amended by the Finance Committee this week.

The bill provides that \$95 from the TV repair fund and another \$95 from the Legislature be allocated for said purchase.

A bill to appropriate \$500 to Playbill was held in the Finance Committee and a resolution that Lenoir Hall employees be paid in cash was returned to this committee.

Crownover's bill to declare a policy on the drinking rule was tabled.
