Eisenhower Calls For More Aid To Newly Independent Nations

DETROIT (UPI)—President Eisenhower Monday night called on U.S. allies to provide more economic aid to help protect newly independent nations against the "seductive" doctrine of communism.

He also recommended internal revision by free world nations to ensure that the wealth each produces will "benefit all its people, not only a favored few."

The President made the appeals in a speech prepared for the 43rd National Automobile Show industry dinner at the outset of a nine-day "non-political" speaking tour.

In his wide-ranging speech, the Chief Executive said this country enjoys "unprecedented wealth" which is spread among all Americans.

USSR Renews Attack

UNITED NATIONS, N.Y. (UPI)—The Soviet Union renewed its attack on United Nations Secretary-General Dag Hammarskjold Monday, accusing him of "extravagant spending" to support U.S. policies in The Congo, Laos and elsewhere.

Soviet delegate A. A. Roschin refused to support Hammarskjold's 1961 budget estimate and said Russia "categorically rejects" his \$67.5 million basic budget for 1961—a figure which does not take into account the Congo operation, expected to reach \$150 million this year.

Court Won't Intervene

WASHINGTON (UPI)—The Supreme Court declined to intervene Monday in a dispute over Democratic nominee Lyndon Johnson's right to run simultaneously for vice president and senator from Texas.

Without comment, the court rejected a petition by a 24-year-old student who contended his voting rights were "abridged, denied, discounted and diluted" by the Texas law which allows Johnson to run for both offices at the same time.

Special Symposium Slated For Gerrard

A symposium on Arab-Israeli relations will be held Thursday afternoon at 2 in Gerrard Hall.

Featured on this program, which is sponsored by the Carolina Forum and International Students committee, will be Dr. Karl Arton, professor of European history at WCUNC and Dr. Walter Hirsh, Israeli citizen and research staffer of the Max Planck Institute of Genetics in Berlin.

Prof. C. B. Robson of UNC's Political Science Department heard the two men present a colloquium on the same subject when he was in Berlin in 1959.

Recommends Them

Robson thought they were so good, he recommended them for the UNC engagement.

"It should be noted," Rubens stated, "that the 'two sides' were not presented in the manner of an acrimonious debate but that the emphasis or focus of the two talks were on the Arab picture and the Israeli picture respectively."

Arton is a native of Germany but received his undergraduate and graduate education at Harvard. He holds a Ph.D. in history.

He has taught at Colby College, University of Iowa and American University in Beirut.

YACK PICTURES

Pictures will be made of any student wishing to appear only in a fraternity or sorority section of the 1961 Yackety Yack, Monday through Friday (October 17 through 21) in the basement of Graham Memorial from 1 to 6 p.m.

Dress will be black sweaters for women; and dark coats and ties for men. Pictures taken at this time will not appear in class sections.

All members of German Club are to have their pictures taken at this time also. Juniors, pharmacy students, dental students 1, 2, 3, dental hygiene and special students only, may have their pictures taken for a \$1.00 late fee at this time as well.

All seniors are asked to come by and choose which proof they wish to have appear in the 1961 Yackety Yack. After this, the decision will be made by a competent member of the staff.

Teaches at WC

For the past several years he has been executive secretary of the Fulbright Commission in Germany. This is his first fall of teaching at WC.

Hirsh lived for some years in this country but was born and educated in Germany. His attachment to the Max Planck Institute indicates that he is a top-ranking scientist in genetics. Bill Bevis, chairman of the Carolina Forum, handled the arrangements for the seminar, and has urged all interested students to attend the program.

The Carolina Forum is a student government agency, which is in charge of bringing outstanding speakers and programs to the UNC campus. Next week the forum will present former Tar Heel Al Lowenstein in a lecture on South African problems.

7 UNC Students To Represent School At Florida Conference

Seven Carolina students will represent Graham Memorial at the 11th annual Region IV Conference of the Association of College Unions, which will be held Thursday through Saturday at the University of Florida.

Making the trip to Gainesville will be Mary Stewart Baker, Angus Duff, Inman Allen, R. V. Fulk and Henry Mayer. Howard Henry, GM's permanent GM director, will accompany the group.

Duff is chairman of the GM Board of Directors and is also president of Region IV. He will preside at the three day conclave, which will be attended by approximately 175 students representing 21 schools.

"Union Directions in the Six-

ties" is the theme of the meeting, which will be highlighted by an address by Dean A. A. Swartzbaugh of the University of Pittsburgh.

Several workshops will be conducted at the conference, including one on "Loyalty and School Spirit" to be led by UNC's Inman Allen. Other discussion groups will deal with various administrative and programming problems of the student union.

Workshop topics include "Fraternity, Sorority and Independent Participation in Union Work," "Modern College Union Publicity," "Administrative Relations" and "Intellectualism and the College Union."

Appraisal Of Work
"The conference program appears to be a thorough appraisal

of student union work," GMAB President Fulk stated, "and we are looking forward to picking up new ideas for our program, as well as passing our plans along to other schools."

States included in Region IV are Alabama, Florida, Georgia, Kentucky, North Carolina, South Carolina, Tennessee, Virginia and West Virginia. In addition, Puerto Rico and Colombia, South America, will also be represented at the convention.

North Carolina will be represented by 11 colleges, thus making it the largest state delegation. Duff pointed out that the regional organization began in this state, and "this may account for its unusually high representation," he said.

What They're Saying

United Press International

WITH KENNEDY IN OHIO
Senator John F. Kennedy said Monday that promising to appoint a member of any particular race to a Cabinet post would be "racism in reverse at its worst."

The Democratic nominee, in an obvious swipe at GOP vice presidential nominee Henry Cabot Lodge declared, "I am not going to promise a Cabinet post or any other post to any race or ethnic group because 'that is racism at its worst.'"

He told about 7,000 persons at a rally at the football stadium at Wittenberg University in Springfield, Ohio, "I do not promise to consider race or religion in my appointments—I promise only that I will not consider them."

Kennedy mentioned no names but obviously was referring to Lodge's recent statement that the next Cabinet should include a Negro.

Outlines Improved Ethics
Kennedy used his Springfield rally to outline a comprehensive program of standards for improved ethics on the conduct in the office. It came as he swept through western and central Ohio in an exhausting motorcade that began at Middletown.

BUFFALO, N.Y. — Vice President Richard M. Nixon accused Sen. John Kennedy Monday night of "glib double-talk" on Quemoy and Matsu and of having twice made statements on international affairs "that would have made us a sitting duck for the Communists to push around."

Disregarding his Democratic opponent's proposal that the subject of defending Quemoy and Matsu be dropped as a campaign issue, the GOP presidential nominee challenged Kennedy to retract statements on the issue which Nixon said "would play directly into the Communists' hands."

Nixon in a speech before a political rally here said the American people cannot accept "... at face value" Kennedy's statement Monday that he supports the Eisenhower administration's position with respect to defense of the offshore Nationalist Chinese islands.

Nixon said Kennedy's stand could not be accepted as long as Kennedy refuses to retract "contradictory statements" which Nixon said he has made on the islands.

COMMUNITY WASH DAY? No, these two Carolina students are just getting some early practice for the Wash Day competition in tonight's Co-Rec Sports Carnival at Woolen Gymnasium.
