#### COMMITTEE TO QUESTION FLYERS

WASHINGTON - A special two-man blue ribbon subcommittee will question Air Force captains Freman B. Olmstead and John R. McKone next week about the downing of their RB-47 plane and their subsequent release from a Russian prison, informed sources disclosed Saturday.

The Defense Department has agreed to bring the fliers to Washington for the closed-door hearing, these sources said. Chairman John C. Stennis, D-Miss., of the Senate Preparedness subcommittee, and Sen. Styles Bridges, N.H., the ranking Republican member, have been assigned to question them.

VIETNAMESE BATTLE REBELS

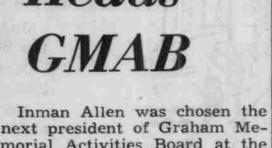

VIENTIANE, Laos-Government forces opened up with mortars Saturday night to try to wipe out a Communist-led rebel pocket only 10 miles north of this Laotian capital city.

Government forces ringed the area and began hurling mortar shells on the suspected guerrilla hideout after receiving reports the Pathet Lao rebels had been harassing traffic on a road in the area in a bold gesture against the pro-Western government of Premier Prince Boun Oum in Vientiane. Rebel radio broadcasts boasted the Reds were "very active" both in the interior and "even around Vientiane."

#### SECRET SESSIONS STOPPED

WASHINGTON-President Kennedy has decided to halt secret briefings which cabinet officers in the past have been giving the Commerce Department's Business Advisory Council

next president of Graham Memorial Activities Board at the Board of Directors meeting Friday afternoon.

Allen, a sophomore from Atlanta, Ga., will also serve as chairman of the Board of Directors.

The directors decided, before Allen's selection, to consolidate the previously separate positions of president and chairman of the Board.

Allen, last year's Activities Board Vice-President, will succeed R. V. Fulk as President of Graham Memorial Activities Board and Angus Duff as chairman of the Board of Directors. In announcing the selection Fulk said: "The decision was a difficult one for the Board to make, because there were other qualified candidates. "I am confident that Inman

will do a superb job in both of these positions next year. He has done a competent job this year as Vice-President of the Activities Board, and I am sure that he has the qualifications to make an excellent president, and his ideas for the program next year show a great deal of imagination."

Wills, last year's winner. Also at the pageant Miss Diana Allen, a Morehead scholar in Foote of Chapel Hill was chosen second runner-up, and addition to serving as Vice-Susan Kay Woodall, a senior co-ed of Roanoke Rapids President of the Activities was first runner-up Board, is a member of the Legislature, a member of the Dance Committee, representative of the Germans Club, and rush chairman of Sigma Alpha Epsilon fraternity.

He has advised Commerce Secretary Luther H. Hodges to push through several other changes in the hush-hush way the council operates. He and Hodges were reported deeply disturbed by the council's conduct during the Eisenhower era.

#### PLAN TO AID HERO

WASHINGTON-Speaker Sam Rayburn Saturday launched a national public subscription campaign to get famed World War I hero Sgt. Alvin E. York out of debt.

Rayburn made the first donation-a check for \$1,000-and asked other Americans to open up their hearts and pocketbooks' to aid the aging Tennessee veteran and holder of the coveted Congressional Medal of Honor. 4----

#### **RUSK WARNS RUSSIA**

WASHINGTON-Secretary of State Dean Rusk was reported to have warned Soviet Foreign Minister Andrei Gromyko Saturday at a face-to-face luncheon meeting that Russian meddling in Laos may trigger a major war in Southeast Asia.

Rusk and Gromyko held their "brass tacks" conference at the State Department to highlight a day of Kennedy administration activity. It was the first meeting between he two U.S. and Soviet foreign policy makers.

#### WOMEN MUST RESERVE ROOMS

Women students who will need a dormitory room for next fall or for summer school must make their reservation between Thursday, March 16 and Thursday, March 23.

To reserve a room for the fall a woman student must pay the University cashier a \$25 room deposit for the semester.

To reserve a room for summer school the room rent for the session must be given to the cashier (\$30 for a double and \$55 for a single). Then the student must fill out a room reservation card at her dormitory.

A woman student who has been living in town and wants to move into a dorm should go to the Dean of Women's office, 202 South Building, this week to reserve a room.

A woman student who does not make her reservations during the specified week may not be able to live in the room of her choice.

All questions concerning room reservations should be directed to the office of the Dean of Women.

ing year, appropriate \$150,000 of student activity money. The student body thus have a financial stake in their government. Support those candidates whose projects seem worthy to you, and if they are elected, see that they carry them out.

"Finally, don't forget that our student government also has the responsibility of making our law system-the Honor System. These are positions of high re-sponsibility," he said, "and I urge the student body to scrutinize the judicial candidates on their district andw vote for those who they feel will make wise and just decisions."

This Tuesday in election day. During the day students reprebe going through all the University housing units getting out the vote.

#### His statement follows:

Many projects and new ideas have been brought out by the Student Party in this campaign. One example of these new ideas is the proposed campus radio station. Many of you have read our platform, which includes sixteen articles of importance and concern to the entire campus.

The other party has made only meager attempts to discover new projects worthy of student government support. We in the Student Party, however, are vitally concerned with dynamic progress in student government, and are eager to get these new programs underway.

The persons who have earned the Student Party endorsement are ready to work as a team, a well-coordinated team, to put these senting student government will new ideas to work for you, the students of the University of North Carolina.

If you as a student want an imaginative, hard-working, student administration, I would "Student government is your encourage you to yote for the Student Party

student government. He is highly qualified and will work energetically and forcefully for progress here at Carolina.

Mary Townsend, highly experienced in student government work, is vitally interested in working to secure better participation by women students through her influence as Secretary.

Our candidates for class officers have proven their capabilities and will make class offices what they ought to be.

The Student Party carefully scrutinized and selected our legislative candidates. This was done by the entire party rather than merely by a small committee, which is the practice of the other party.

The candidates are enthusiastic in their concern for better student government and they will provide the badly needed improvements in our student legislature.

We are a unified team committed to our ideals and to our platform, because we believe that by unified, enthusiastic effort we can do much to improve the student government of the students of the University of North Carolina.

undertakings."

"We have promised nothing that we do not feel can be accomplished," stated candidate Sevier.

#### His full statement follows:

During my campaign, I have attempted to talk personally with every dormitory resident, feeling this to be the most efficient method of campaigning and a worthwhile experience for anyone hoping to serve our campus.

The other University Party candidates have conducted similar campaigns, and we hope that those students we were unable to contact have followed our statements with interest.

The ideas we have presented throughout the past few weeks have grown out of our experience in student government. We have tried to conduct a positive campaign, and the projects we propose are things which we feel are popular among the entire student body and will benefit all students.

They are progressive undertakings and yet reasonable and possible within the realm of our service, and we feel they will help assure cally, and effectively.

social, and cultural areas and are concerned with both the campus level and beyond.

Former experience has given us a good insight into the duties of the executive branch and an idea of what is necessary in conducting an active and efficient student government.

We have promised nothing that we do not feel can be accomplished, nor have we begun and Handbook picture will be by outlining more than we can hope to under- taken. take effectively. We eagerly accept the challenge of problems and programs that will arise as of now unforeseen.

Tony Harrington, Lynda Richert, Pete Thompson, and I have served together before and hope we will again be given the opportunity as your student body officers. As you consider us individually in preparing to vote Tuesday, we hope you will consider as well the fact that our election as a ticket would assure greater efficiency by any of us in the year ahead.
