

Psychology Dept. Gets Aid For Murdoch Hospital Study

The Department of Psychology at UNC has been awarded a grant of \$46,152 from the U. S. Office of Vocational Rehabilitation for use in a special cooperative program in graduate training, service, and research between the University and the

Murdoch School for the retarded in Butner. The program adds a new emphasis on work with mentally retarded and emotionally disturbed children and adolescents. The grant became effective for one year beginning Sept. 1. It is

renewable over a five-year period.

The award will be used to further implement the Psychology department's graduate clinical psychology program. The Psychology Department is cooperating with the North Carolina Hospitals Board of Control and the Office of Vocational Rehabilitation of the Department of Health, Education and Welfare to execute this program at the Murdoch School.

Dr. Ralph L. Dunlap, associate professor of psychology, is coordinator of this program in collaboration with Dr. Halbert B. Robinson, associate professor and director of clinical training for the Psychology Department.

Unique Grant

The grant is unique because it marks the first time in this country that a university department of psychology has taken responsibility for supervising the psychological services of a state supported school for the retarded, according to Dr. Robinson.

For example, most Murdoch School staff psychologists will also be members of the UNC faculty. They will provide psychological services to the Murdoch School and teach graduate and undergraduate courses at UNC. The program enables the University to hire these additional staff members for the Department of Psychology and will permit the Department to offer new courses in this field of study.

Funds from the grant will also be used to provide graduate student traineeships. The program will enable the Department of Psychology to add eight additional students to its graduate enrollment over the next four years.

WIVES SORT CARDS—University of North Carolina student wives sort registration cards during the first week of school, Sept. 19 and 20. The cards were filled out by all UNC students. The wives are sorting the cards as a project for

the Student Wives Club. Pictured are: left to right: Mrs. Karen Stephens; Mrs. Margaret Evans, club treasurer; and Mrs. Gail Davenport, vice president.

Progressivists Form Club

(Continued from Page 1) areas in which it plans to operate extensively, according to Bateson. Top priority is to work at unionizing the industries in North Carolina.

He quoted a number of figures to the effect that North Carolina has the smallest percentage of unions in the country, with less than eight per cent of the work force unionized. He also quoted Governor Terry Sanford as saying that North Carolina has the lowest industrial wage average in the country. "I feel that these

two are ultimately related," he said.

The other area in which the club plans to work is integration. Bateson said that any union would have to be fully integrated or it could never amount to anything. "There must be some kind of unity among the workers. This basic disunity is harmful to both whites and Negroes.

Bateson said that anyone could join the club, but that it would have to be done with full awareness of the consequences. He said he realized membership might mean total social ostracism. He also said that in order to understand Marxism-Leninism

one would have to be prepared to do a great deal of study and perhaps go through a reorientation of one's thinking.

"A lot of people don't realize that we have a class system in the U.S. It is going to be a slow process to undergo a change in our thinking."

In July the club sent a delegation to a national Progressive Labor meeting in New York. The purpose of the meeting was to discuss the formation of a political party on a formal basis.

This was not done, but the delegates returned to "exploring the possibilities of starting such a party and broadening our activities," according to David Bland.

Financial Statement Made For Last Year's Soph Class

(The following is a report on the financial standing of the class of 1964 submitted to the DTH by class treasurer R. W. Harrison.)

It is important that all members of our class know how we stand financially. The transactions from our Freshman year left us with \$49.32 in the bank and unpaid bills amounting to \$145.93. Since the officers of our class were elected for the Sophomore year, we have managed to pay all the bills and spend only \$25.27 in raising the money. We now have \$47.57 in the bank and no unpaid bills.

Expenses: \$20.53 for Barbecue Supper, Sept. 1961; \$125.00 for Picnic, May 1961; \$18.93 for piano rental and advertisement for sale at the Town and Campus, March 1962; \$6.34 for material and advertisement for Car Wash, May 1962; \$.53 for Bank charges, May 1962; \$171.75 total expense.

Income: \$49.32 from Freshman year; \$100.00 from sale at the Town and Campus; \$50.00 from donation; \$20.00 from car wash; \$210.32 total income.

Running the concession stands at the Campus Chest Carnival, electing a Sophomore of the Month, and other projects were undertaken last year; but since they did not cost or bring in money, there is no need to tell of them in this report.

If there are any questions about the financial status of the Class of 1964, feel free to contact me at 942-2164.

Respectfully submitted,
R. W. Harrison, Jr.

Treasurer, Nov. 1961-1962

NATO Refuses Stand On Cuba

(United Press International)

NEW YORK — Secretary of State Dean Rusk tried Monday to persuade NATO ally Norway to help the United States isolate Communist Cuba but apparently made no headway.

Norwegian Foreign Minister Halvard Lange told newsmen, after a 55-minute conference with Rusk on this and other matters, that his government viewed Cuba as essentially an "American problem." He acknowledged, however, that it might "develop into a problem for the free world."

Lange said that Norwegian

ships engaged in the trade between the Soviet bloc and Cuba were on long-term charters to the Communists and his government had "no control" over them.

BAHA' World FAITH

Search After Truth

Man must be a lover of the light no matter from what day-spring it may appear. . . . He must be seeker of the truth no matter from what source it comes. . . . A rose is beautiful in whatsoever garden it may bloom. . . . In order to find truth we must give up our prejudices, our own small, trivial notions; an open receptive mind is essential.

Abdu'l-Baha

A World United

That one indeed is a man who, today, dedicateth himself to the service of the entire human race. Let your vision be world-embracing rather than confined to our own self. Ye are all the fruits of one tree, the leaves of one garden. . . . The fundamental purpose animating the Faith of God and His Religion is to safeguard the interests and promote the unity of the human race, and to foster the spirit of love and fellowship amongst men. . . . The earth is but one country, and mankind its citizens.

Baha'u'llah

The lovers of mankind, these are the superior men, of whatever nation creed or color they may be. . . . God is no respecter of persons on account of either color or race. Inasmuch as all were created in the image of God, we must bring ourselves to realize that all embody divine possibilities.

BAHA'ULLAH and the CHRISTIANS

will be discussed by Winston G. Evans, author and lecturer of Nashville, Tenn. The discussions will be held Wednesday, Sept. 26, at 8 p.m. in the music room of East Building, Duke East Campus. Public invited — No collection. For information and free literature, phone 967-1553.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X B
L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Carolina

An Announcement of Special Interest to all Carolina Students

It is with pleasure that we announce the opening of "The Kings Arms."

There has long been a need in this area for a place catering only to university students; a place where they can spend their leisure hours whether dating or out with the fellows.

The Kings Arms was opened with two purposes: to provide good food and good entertainment for the college set. You will find that both will exceed your expectations.

Dance nightly (except Sunday) to the best combos in the area. Enjoy delicious food in a warm and friendly atmosphere. Where? At

The Kings Arms
DURHAM-CHAPEL HILL BLVD.
(Open five til midnight)

Reminder: our facilities are available for your Sunday socials and parties.

Bourbon St. Sets Curfew; Bumps, Grinds Quit At 12

NEW ORLEANS (UPI) — A self-imposed midnight curfew which has turned surprised and disgruntled customers outdoors along Bourbon Street is expected to continue Monday night as strip club owners fight a district attorney's office anti-vice drive.

Fifteen Bourbon Street clubs shut down at midnight over the weekend. Customers were put out four hours ahead of the usual 4 a.m. closing time. "Yes, we're closing as of midnight," said one club owner, "and we're going to shut down at 12 every night until the district attorney takes the heat off us." "No one could make us call the dogs off," Assistant Dist. Atty. Frank J. Klein answered. The early closure of the strip clubs did not affect Bourbon Street restaurants, bars and jazz clubs. The move was the latest maneuver between the operators and new Dist. Atty. James Garrison.
