

Search In Atlantic Abandoned

SHANNON, Ireland (UPI) — The search was abandoned Tuesday night for 16 persons missing in the ditching of a Flying Tiger airliner in the north Atlantic Sunday night.

Forty-eight survivors were picked up from life rafts and 12 bodies were recovered before the U. S. Air Force and the British Air Ministry announced they had called off the search at dusk Tuesday night.

The Royal Air Force headquarters at Plymouth, England, then informed search ships to leave the area and "proceed to their destination."

The end of the search for the missing appeared to indicate no hope was held for their survival and the final death toll would be 28.

Forty-four of the survivors were

been taken toward Antwerp, Belgium, Tuesday night by a Swiss freighter that had picked them up. Four seriously injured survivors had been transferred to a Canadian aircraft carrier.

Miss Allen Named Assistant Head Of Placement Service

Miss Barbara Allen has been appointed assistant director of the Placement Service, Joe M. Galloway, director, announced today. She assumes the position formerly held by Mrs. Justin Fuller.

Miss Allen will work primarily with placing women students in permanent positions after graduation and with graduate students seeking positions in college teaching. She will also be concerned with the placement of both men and women students in summer jobs.

Miss Allen is a native North Carolinian and received her B.A.

degree with honors from Salem College in Winston-Salem. She is in her second year of graduate study in history at UNC and studied for a year in England at the University of Leeds. In addition to her studies, Miss Allen taught in a private girls' school during her year in England.

She has a variety of experiences in business and professional work in Bethlehem, Pa., where she was employed by a physician, at St. Luke's Hospital and the Bethlehem Steel Co. While a graduate student at UNC she has held several part-time positions in the University Library.

Algerian Parliament Convenes

ALGIERS (UPI)—Independent Algeria's first parliament convened Tuesday and elected veteran nationalist leader Forat Abbas as its permanent president (speaker). Abbas pledged Algeria will remain uncommitted in the East-West struggle.

Abbas, a longtime leader in Algeria's struggle for independence from France, also told the new constituent assembly this nation will work for a single federation of the three former French North African colonies—Morocco, Tunisia and Algeria.

The 196-member assembly was elected last Thursday.

Wednesday, the assembly is expected to nominate the Algerian Strongman, Ahmed Ben Bella, to form the country's first true government.

But it was to Abbas in his role as assembly president that Abderrahmane Fares, the president of the mixed Moslem-European provisional executive, Tuesday formally handed over the documents of sovereignty.

The provisional executive has held technical power since July 3, when French President Charles de Gaulle formally ended French rule in the territory.

Senate Committee Okays Goldberg

WASHINGTON (UPI) — President Kennedy's choice of Arthur J. Goldberg to be an associate justice of the Supreme Court today received a thumping vote of confidence from the Senate Judiciary Committee.

By a vote of 14 to 0, the committee cleared the former labor secretary to succeed the ailing

Justice Felix Frankfurter on the nation's highest tribunal.

Goldberg probably will be confirmed by the full Senate later this week.

Senate Republican Leader Everett M. Dirksen, said he knew of no GOP opposition. The fact that three influential Southern Democrats also voted for con-

firmation may assure a unanimous vote on the Senate floor. Goldberg evidently convinced such doubters as Sen. Sam J. Ervin, D-NC, that his lack of previous judicial experience would not handicap him on the high bench. Ervin had said that he had almost taken a vow never to vote for a justice-designate

who had never previously served as a judge.

Just before the committee vote, W. Willard Wirtz was sworn in as labor secretary succeeding Goldberg. Kennedy said during the White House ceremony that it was a case where "the office and the man met."

Soviet Jets Almost Hit US Transport

BERLIN (UPI) — Two Soviet MIG jet fighters crossed barely 300 feet in front of a U. S. Air Force C47 transport Tuesday, almost causing a collision, in the Berlin - Frankfurt air corridor over East Germany.

The apparent buzzing came shortly after completion of a large-scale U. S. troop movement to and from Berlin and other firm expressions of American determination to keep the divided city from being entirely swallowed by the Communists.

A U. S. spokesman said the slow, propeller-drive twin-engine C47 military version of the DC3 transport was on a flight from Berlin to West Germany through the southernmost of the three Western air corridors.

"About 45 miles southwest of Tempelhof Airport in West Berlin it was approached by two Soviet fighter aircraft which flew across its flight path at a distance of 300 feet," he said.

It was the first such incident in the air lanes linking Berlin with the West since Sept. 4 when Soviet MIG fighter planes buzzed American, British and French commercial airliners.

The U. S. lodged a protest against the incident Tuesday with the Soviet representative at the four-power air safety control center in West Berlin. But the Russians rarely even bother to reply to such protests and none was expected.

Rioting Follows Shooting Of Boy

ST. LOUIS, Mo. (UPI) — A shotgun blast Tuesday wounded three policemen and a bystander during a tumultuous demonstration by hundreds of Negroes protesting the fatal shooting of a 19-year-old youth by an aged policeman in suburban Kinloch.

A rash of fires hit the 98 per cent Negro community, razing an elementary school and damaging the police chief's home, and a telephoned bomb threat drove 320 students from Kinloch High School.

A force of nearly 100 county and suburban police dispersed the shouting, shoving crowd and stood by Tuesday to enforce a 11 p.m. EDT curfew declared by Mayor Clarence Lee.

Gov. John Dalton alerted the Missouri highway patrol and asked aides to check whether the situation "warranted action by the national guard."

"We will do whatever is necessary to preserve the peace," Dalton said in Kansas City.

The crowd estimated at more than 300 Negroes massed in front of the Kinloch City Hall early Tuesday and chanted "we want Mason." They demanded Israel Mason, 74-year-old policeman, who was suspended pending a hearing into the fatal shooting Sunday night of Donnel Dortch when the youth resisted arrest on charges springing from a drag race.

Police said the three policemen, all white, and a Negro bystander were injured by a shotgun blast fired from the window

Big 3 Charge Russians With Mass Brutality

MOSCOW (UPI) — The United States, Britain and France charged Tuesday night in sharply worded diplomatic notes that the Soviet Union is responsible for "brutality" in East Germany and accused it of maintaining tension in Berlin.

The notes from the Western Allies were delivered to the foreign ministry in Moscow as Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko met in New York for a conference expected to touch on Berlin, Cuba, and other international issues.

of a slum clearance project. County policemen Kenneth Armstead, 20, and Hugh Hodges, 26, were reported in serious condition at a hospital. Policeman William Rushing, 33, was in satisfactory condition. The bystander, Anthony Williams, 32, was treated and released.

The bowfish, a fish which may be caught in almost any coastal swamp or lake in North Carolina, can live in mud for a short time by breathing through an air bladder.

TABLET TO POPE
PIUS XI
Revealed by
Baha'u'llah

"O Pope! Rend the veils asunder. He who is the Lord of Lords is come overshadowed with clouds, and the decree hath been fulfilled by God, the Almighty, the Unrestrained. He, verily, hath again come down from Heaven even as He came down the first time. Beware that thou dispute not with Him even as the Pharisees disputed with Him (Jesus) without a proof. . . . Beware lest any name debar thee from God.

And again to the Pope:—"Call thou to remembrance Him who was the Spirit (Jesus) who when He came the most learned of His age pronounced judgment against Him in His own country, whilst he who was only a fisherman believed in Him. Take heed, then, ye men of understanding heart."

BAHA'U'LLAH
and the
CHRISTIANS

will be discussed by Winston G. Evans, author and lecturer of Nashville, Tenn. The discussions will be held Wednesday, Sept. 26, at 8 p.m. in the music room East Building on Duke East Campus. Public invited. No collection. For information and free literature phone 967-1553.
