Lawler Condemns Minataurs' Actions WUNC-Radio

The actions of the Minataurs at last Saturday's football game have been strongly attacked by student leaders.

Student Body President Mike Lawler yesterday issued a strongly worded statement condemning the group's behavior before and during the football game. The group was in Y-Court in the morning ". . . singing all sorts of gross songs" and then abused several campus policemen at the football game.

Members of the group were running up and down the aisles attempting to get onto the field during the game. They had apparently been drinking since early morning, and were wearing hats with red streamers.

The Minataurs are composed of between 40 and 60 students, all fraternity men, whose sole function, according to one of the members, ". . . is to do exactly what was done Saturday once a year." Some 20 sophomores are initiated each year, and it was their actions which brought about Lawler's complaint.

"This type of conduct can only put a bad image on the University and its fraternity system," Lawler said. "I have contacted Buzzy Stubbs, the Attorney-General, and Charlie Battle, IFC President, and have urged them to investigate the matter thoroughly and take whatever action they deem necessary.

"The students of this University have exhibited excellent conduct and standards in the past. but the actions of the Minataurs can only be a detriment."

It was reported that Chancellor William B. Aycock had instructed campus policemen to arrest any of the group's members who were disorderly, but no arrests were made. Dean of Men William G. Long contacted Lawler late Saturday morning concerning the demonstration in Y-Court. and Lawler then attempted to contact presidents of several fraternities in an effort to keep the initiates away from the game. None of the people he called could be contacted.

Lawler left his seat four times during the game to aid policemen in controlling the Minataurs, and was repeatedly abused. He said that two of the members were particularly obnoxious, but several of the initiates made an effort to calm down their com-

Army Convoy Deliberately Blockaded

MOSCOW (UPI) - Premier Nikita S. Khrushchev told a group of Americans Wednesday the Soviet Union deliberately blocked a Berlin-bound U.S. convoy for two days to "test your nerves" and said war could have broken out if the Americans had tried to break

Khrushchev said that if the U.S. Army had tried to force its military convoy through the Soviet armored blockade on the Autobahn, it would have had to roll "over our dead bodies."

"When you decided to test our nerves, we decided in response to put our armored cars across the Autobahn to test your nerves and see if you would start shooting or not," he said. "And we are very glad you

The United States, Britain and France Wednesday night delivered identical notes to the Soviet foreign ministry in Moscow, protesting the Soviet blockade of the American con-

The U.S. note said "the government of the United States most emphatically protests the continued interference by Soviet military authorities with the movement of allied convoys."

It demanded the Kremlin instruct Russian military authorities "to bring to an end, once and for all, these hindrances,' and added that the United States would hold the Soviet government responsible "for all consequences of the failure to comply with this request."

The Soviet premier also said Russia has not given up on its moon launch program and warned that the "time had passed" when the United States could feel secure against war

"Desegregation in a Small Southern Town' will be discussed on WUNC, 91.5 on the FM dial tonight at 7 p.m. by three authorities on desegregation as part of "Carolina Roundtable," which invites listeners to phone in questions while the program is on the air.

Joe Augustine, executive director of the Chapel Hill-Carrboro Merchants Assn., Hilliard Caldwell, chairman of CURED (Citizens United for Racial Equality and Dignity) and James Shumaker, editor of the Chapel Hill Weekly, will talk about business and desegregation on the first of this threepart series.

Panel moderator will be Dr. Earle Wallace, associate dean of the Graduate School and associate professor of political science at the University of North Carolina.

Subsequent programs in the series will deal with law and government, and ethical and moral considerations in the desegregation issue.

WUNC radio will also present a special program at 10 p.m. on N. C. Deputy Attorney General Ralph Moody's appearance here Tuesday.

Moody addressed the campus chapter of the AAUP on the controversial Speaker Ban law.

Three amendments to the Student Constitution were passed by large margins in Tuesday's campus election.

The first amendment changes the name of the Men's Interdormitory Council to the "Men's Residence Council." The name change will allow for the complete reorganization of the Council, and is necessary before other structural changes can be made.

The second change provides for an Interfraternity Court to have jurisdiction in cases involving infractions by "traternities, fraternity members, or tions, including the narrow sixagents thereof." The present Interfraternity Court has operated under authority granted by the Dean of Men, and the new amendment officially establishes the court and its jurisdiction. The last amendment is in-

tended to clarify what action may be taken by the Interdormitory Court against violators of dorm rules who are not dormitory residents. It deletes the words "by male dormitory residents" from Article II. Section 3 of the constitution, thus allowing the court to take action against any student who violates dormitory regulations, whether or not he is a resident.

Arthur Hays, elections board chairman, said that more than 3,000 students voted in Tuesday's election. "This is not a bad turnout for a fall election," he said, "although we might have expected more due to the increase in enrollment."

Hays expressed his appreciation to the members of the
