State Intern Program Set For Summer

The State of North Carolina will again in 1964 conduct its Summer Intern Program in Political Science. The program will last from June 15 through Aug. 21 and will allow twenty college students to work in some fifteen state agencies.

In the past, UNC has been well represented in the program. In addition to their work, the interns will have intensive, coordinated discussion on governmental and related problems of the state in evening seminars to be held twice each week, and in weekly luncheons. These will be supervised by a political scientist and will have state officials, leaders and political scientists as guests, speakers and resource personnel.

All interns will live at one of the dormitories at North Carolina State, in order to share their experiences on an informal basis. Rent will be \$6 per week without linen.

To qualify, an applicant must have completed two years of undergraduate work and be either a resident of North Carolina or enrolled in a North Carolina college. Graduate or professional students are also eligible.

Salary will be \$75 per week. Application and descriptive materials will be available shortly at the placement office, student government offices in GM, and from the chairmen of the political Science, History, Economics. Business Administration. Education and Sociology Departments, or may be requested from the Governor's office in Raleigh.

All applications must be returned to the Governor's Office by Dec. 15. Applicants will be notified of their acceptance or rejection by the last of February. Selection is to be made by a committee which includes prominent political scientists teaching in North Carolina.

Ken Willard Storms Miami Beach, 27-16

By CURRY KIRKPATRICK

George Mira's first pass meant six points here yesterday, and some guys started cancelling holiday resevvations south. But Ken Willard, boy catastrophe, wasn't one of them.

With or without shoes, the big guy can roll and yesterday Willard picked up North Carolina and rolled it right past Miami, 27-16, and right back into the national bowl picture.
