'No Discrimination In Hiring' - Aycock

150 Faculty Agree To Respect Boycott

Some 150 faculty members have signed a petition vowing not to patronize segregated establishments in Chapel Hill.

The faculty petition listed 22 businesses as being segregated. The list was the same as that issued by the Chapel Hill Freedom Committee except that it excluded local gas stations.

As faculty members at the University of North Carolina, we commend the president of the student body and the Student Legislature for their recent resolution urging all merchants of Chapel Hill to desegregate and calling for a boycott of segregated establishments.

Those signing the list included: Oscar K. Rice, R. C. Jarnagin, William Hatfield, John A Parker, F. S. Chapin Jr., Lawrence D. Mann, Ralph A. Gakenheimer, S. F. Weiss, Miriam Epps, George J. Pillorge, Albert Suskin, Kenneth J. Reckford, Hubert M. Martin Jr., R. Ross Holloway, John E.

Simpson and two other students developed a surgical technique which makes it possible to accu-

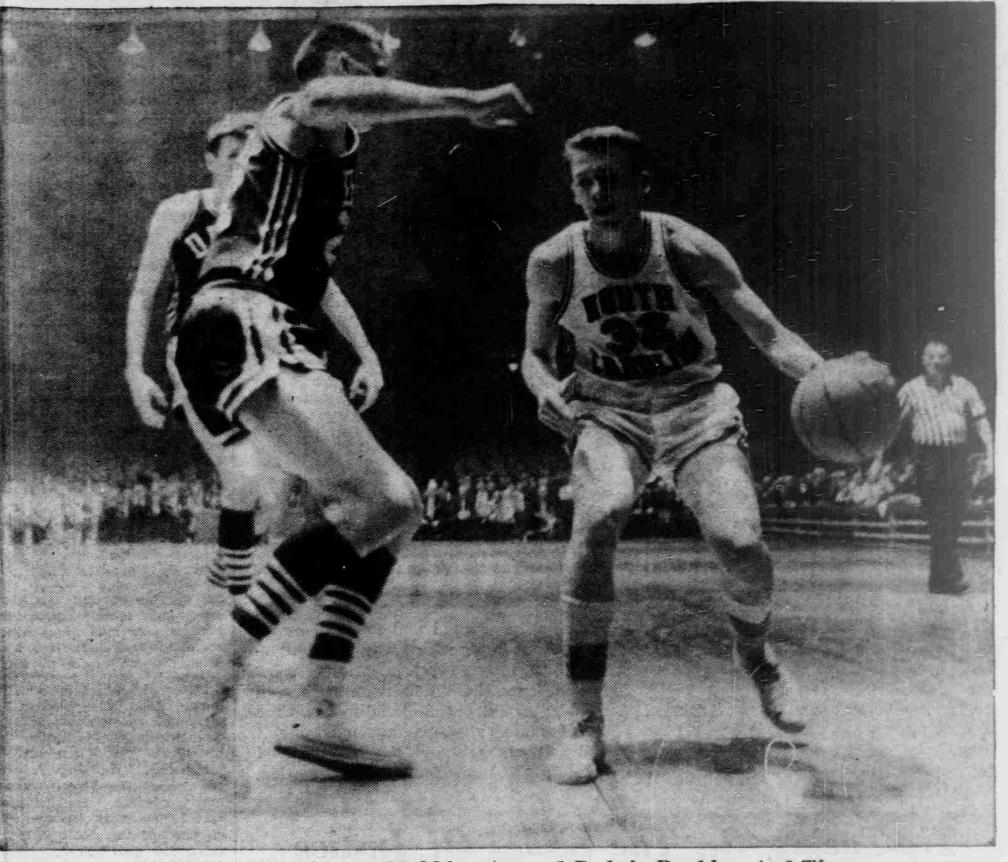

race. All jobs are open to all He promised: "If there is evidence of a violation, corrective

Aycock's statement follows: From time to time I have made reports to the Faculty Council on matters of interest to all of us. Of late a few members of the faculty have expressed concern with the possibility that the employment practices of the University discriminate

against members of the Negro race. In most matters it would suffice to respond with assurances that the University is measuring up to its responsibilities but I gather to do so in this situation is not sufficient. This is related to the fact that there appears to be a wide variety of views on what constitutes discrimination. Consequently, I shall state the policies and provide facts on employment practices and leave conclusions to vou

The employment policy of the University at Chapel Hill is to hire persons on the basis of their qualification. Race is not a qualifying or disqualifying consideration. In respect to Classified Personnel" the Per-

King Paul Dies At 62

ATHENS (UPI) - King Paul a hero of Greece's civil war against communism in the days that followed World War II, died Friday in Tatoi palace at the age of 62.

Paul's son, Prince Constantine, was sworn in three hours later at 7:15 p.m. 12:15 p.m. EST as King Constantine II of the Hellenes. At 23 he became Europe's youngest chief of state. Paul underwent an operation for stomach ulcer Feb. 21. He had appeared to be recovering but developed blood clots in his lung and leg and uremic poisoning.

He had been in a deep coma but roused this morning and told his barber, "I think I feel better." He died soon afterwards at 4:12 p.m. (9:12 a.m., EST).

questions of college students con-

sonnel Office is a service agency to all schools and departments. It determines the qualifications of all applicants and provides this information to the prospective supervisor of an applicant or applicants. The final selection of any candidate for a position is the responsibility of the supervisor concerned, subject to applicable state personnel regulations and procedures. In short, hiring is decentralized and not centralized. On the other hand, standards for employment are determined by central authority. Race, however, is not a part of these standards. Currently the University em-

ploys 2545 persons who are "classified under the state system. Of these 2545 employees, 961 or more than 40% are Negroes. Obviously, the University does not have a quota for the Negro race. Those persons who are suspicious about employment practices of the University apparently have no quarrel with the number of Negros who are currently on the pay roll.

Presumably, therefore, the concern is with the kind of jobs they hold. No job classification is reserved for any race. All jobs are open to all races. The present distribution of jobs by category is as follows:

-In technical jobs, including nurses, laboratory technicians and the like, there are 538 jobs, and 132 are held by Negroes. -In office and clerical jobs there are 869 employees and 17

are Negroes. -There are 140 skilled workers on the campus, 25 of them are Negroes

-Twenty-eight of the 92 semiskilled workers are Negroes. -Fifty-five of the 72 unskilled workers are Negroes.

-Of the 829 service workers, 649 are Negroes.

There presently are 82 Practical Nurses, 11 General Duty Nurses and 16 Medical Laboratory workers, including 1 Medical Laboratory Supervisor, who are of the Negro race. In this area we have job opportunities and many qualified Negroes apply. Consequently, the employment rate for Negroes is high. The situation with regard to typist, stenographic, clerical and administrative service positions is quite different. Graduation from high school is required for the beginning levels

New Dormitory Policy Brings Lots Of Gripes

By DAVID NORDAN A major change in dorm housing policy for next year is already bringing howls of discontent from UNC male students.

William G. Long, will require freshmen to live on campus and will involve a major shakeup in the entire residence system. In order to make room for the influx of freshmen, those vacan-

Carolina men have only three more days to raise themselves from the depths of miserly disgrace.

Gerry Good, co-chairman of The Chapel Hill recreation prothe Campus Chest Drive, angrams were discussed by Mr. nounced that the drive which Hilliard Caldwell. The Chapel Hill was scheduled to end Friday will Recreation Department presentbe continued until Monday night ly operates two segregated centdue to the fact that UNC men ers, one for Negroes and one for have contributed only \$900 as whites. The white center has compared to over \$1200 for the never had a permanent location, women students. But this, she and the Negro center is undersaid, is still a far cry from the staffed and delapidated. Caldwell original goal of \$1.00 per stusaid approximately 800 Negro childent which would net about \$8,000.

The drive hopes to reach its

The State Government has planned to enact a tax bill which Good said that the women have would give \$50,000 for the conapproached this goal by about 90 per cent. The men have not struction of a new center. UNC student Tony Mason told done so well. She said the drive has been supported by about 50 the body an improvement of 15 per cent in this year's voter regper -cent of the faculty, 90 per istration drive among Negroes cent of the fraternities and 95 per cent of the sororities. cies left by this year's graduates in many dorms will have to be filled by freshmen, thus reducing the hopes of many who had hoped to move out of a three-This move, initiated by Dean man room. Rooms for male graduate students have been restricted to

Connor, Carr and fifth and sixth floors Craige. Any undergraduate living in these spaces must move, and any graduate male living elsewhere on campus will have to move into these spaces.

Complaints have come from those who had hoped to move out of a triple room into Avery, Teague or Parker. Last year freshmen were not allowed to move into these dorms, but this year the majority of residents will be freshmen.

The quota for freshmen is as follows: Avery 47 per cent, Parker 42 per cent and Teague 46 per cent. Most other dorms will have similar distributions. A few dorms will have no freshmen.

Director of Housing James Wadsworth said the increase of freshmen men in the dorms will necessitate the addition of advisors. There will be one advisor on each floor next year.

There will be many freshmen rooming together, but also many upperclassmen and freshmen combinations, he said. The goal is to scatter freshmen around as much as possible.

MRC DANCE TONIGHT

Come to a real dance tonight.

Not the "Screaming 5" or the 'Screaming 13." but the Duke Ambassadors, a 14-piece orchestra. You can actually dance to their music.

It's in the Carolina Inn Ballroom from 8 to 12 p.m. and admission is \$1 per couple. Refreshments are free and it's sponsored by the Men's Residence Council. Men, wear coat and tie; women, wear party dress and heels.

'H Kite Contest Set For Today The Current Affairs Committee of GMAB will present a program on life insurance at 7:30 p.m.

> By WERT YUIOP Up in the air, Jr. Birdmen! If you have entered the Daily Tar Heel Kite Contest (or even if you haven't (remember-today's the day.

Fly-off time for the contest is 1:30 p.m. on the Intramural Field adjacent to Woollen Gym. Fraternities, sororities, and other groups led a flurry of late entries yesterday, and competi-

tion for the numerous prizes promises to be stiff in every division.

Pi Kappa Phi and Delta Upsilon fraternities and Pi Beta Phi sorority logged entries, along with Manly Hall, the Di and Phi Societies, and Ehringhaus Hall.

Major Elliot Lane placed an entry for the NROTC, but the Air Force had not been heard from last night.

Those groups, along with a number of individual entrants, will compete for awards such as Beatle wigs and pizza dinners.

Billy Arthur's of Eastgate has donated the wigs, and La Pizza is giving away the dinners (with beer). Other prizes include UNC sweatshirts from The Hub; record albums from Kemp's; and all the banana splits you can eat at one sitting at the Dairy Bar.
