FBI Bribe Attempt Charged By Klan

MONTGOMERY, Ala. (AP) — Ku Klux Klan leaders angrily accused the FBI yesterday of trying to bribe one of four Klansmen charged with conspiracy in the night-killer of a white housewife who joined a civil rights march to the capital.

The charge was coupled with new criticism of President Johnson's stinging verbal attack on the robed order when he disclosed the arrests Friday.

State agents worked toward possible murder charges in the Thursday night shooting death of Mrs. Viola Gregg Liuzzo, 39, of Detroit. About 200 demonstrators marched at Selma in protest to the murder.

Klan Lawyer Matt H. Murphy Jr., retained by the Klan to defend the men, said at a news conference in Birmingham that the FBI offered 580 acres of land in Minnesota to Gary Tommy Rowe Jr., 34, for information about the murder. Rowe is one of the four arrested.

FBI agent Everett Ingram of the Birmingham office declined comment. A Justice Department spokesman in Washington said the proper forum for comment "is in court."

Murphy said his clients were innocent. He added: "The four boys will be exonerated."

Robert M. Shelton Jr. of Tuscaloosa, imperial wizard of the United Klans, said the Klan put up \$150,000 bonds for three of the men — all except Rowe who was denied bail.

"We've had these trumped up charges by the Federal Government before," Shelton said. He apologized for calling President Johnson a "damned liar" Friday and amended it by striking the profanity — "but the other part sticks."

The President had said the Klan used the rope, guns, tar and feathers to terrorize people. That was the charge that brought Shelton's reply.

The first demonstration over

the highway slaying was staged at Selma. About 200 marchers led by a Canadian minister went to the courthouse and City Hall in a solemn procession.

Memorial services were set for today at Selma and nearby Marion.

YMCA, NSA Co-Sponsor Summer Seminars Abroad

For the eighth year the YMCA, in conjunction with the U. S. National Students Association, will sponsor Seminars Abroad from June 15 to August 19.

Applications for the 66-day European visit are available at 102 or 105 Y-Building. They must be submitted by April 9.

The trip, which will take participants to 11 countries, will cost \$1,300.

According to Anne Queen, who is in charge of the seminars program for UNC, the itinerary is planned to give participants an opportunity to meet student and political leaders in Europe and to present the opportunity to discuss with people of high competence in other countries issues of interest today.

Candidate Requests Change In Run-Off

By JOHN GREENBACKER
DTH Staff Writer

Phil Kirstein, a University Party legislative candidate in this Tuesday's special run-off election in Men's District II, has petitioned the Constitutional Council to remove the name of the third candidate, Craig Wardlaw (UP), from the run-off ballot.

The fourth legislative seat in that district is to be disputed Tuesday by Steve Hockfield (SP), Kirstein and Wardlaw (UP) by decision of the Elections Board.

Three of the four seats in District II have been declared won by Hugh Blackwell (SP), Jim Brame (SP) and Lanny Shuff (SP).

In unofficial counting election night it was determined that Kirstein and Hockfield had tied for the fourth seat by a vote of 134 - 134, and Wardlaw was a few votes behind.

Wednesday, the Elections Board recounted the ballots and found that Kirstein had received 10 extra votes than the previous night's tabulation had credited him with.

Suspecting ballot tampering, Board chairman Bill Schmidt examined the ballots and found 10 "bullet votes" for Hugh Blackwell (SP) had additional marks on each of a different color ink beside Kirstein's name.

A "bullet vote" is any ballot cast on which the person has voted for one candidate rather than for the maximum number

block vote that wants only one particular candidate to win.

Schmidt said the ballots must have been tampered with during the night, but he said he had no proof in the matter.

The Elections Board decided to hold the run-off between the three candidates because of the uncertainty of the vote.

If no discrepancy had been found in the original tabulation, and the tie between Kirstein and Hockfield had been confirmed, then the run-off would have been held between only Hockfield and Kirstein.

Kirstein's petition calls for the run-off to be between only him and Hockfield, as the elections laws state that a run-off may be held only between candidates who have tied for a seat or between all candidates.

Kirstein said either the run-off ballot should have Wardlaw's name removed, or the entire election for the four legislative seats in Men's District II should be held over.

"I had nothing to do with the 10 extra votes," Kirstein said. "Bill Schmidt has cleared me of any responsibility."

"I want Wardlaw's name removed from the ballot because of the nature of the election laws and the fact that he and I are endorsed by the same party," he said.

Kirstein said Wardlaw might split the vote if Wardlaw's name was included.

"This is also the official position of the University Party," he explained.

The Constitutional Council, a special committee which acts as the final authority on questions involving interpretation of the Student Government constitution or laws, will vote on Kirstein's petition tomorrow.
