Pair Is Arrested On Theft Charges

Two UNC students were arrested Sunday morning and charged with larceny in connection with the theft of a vending machine, a set of scales and a garbage can.

Charged were James W. Pfouts, 19, 502 Ransom St., and Malrie A. Truluck, 19, of 17 Bolin Heights.

They are charged with stealing the items from Town and Country ESSO Station, the Eastgate A&P and Mann's Drugstore. Both were released under \$200 bond for appearance in Recorder's Court Aug. 24.

Narcotics Case Hearing Is Continued One Week

Preliminary hearing for a 20-year-old student charged with felonious possession of drugs will be held Tuesday in Chapel Hill Recorder's Court.

William Robert Bullard III was charged last week after police and SBI agents seized a large quantity of marijuana and peyote buttons in raids on a Rosemary Street rooming house.

Hearing was originally set for last Tuesday, but was continued at the request of Bullard's attorney, Barry Winston of Chapel Hill. Bullard is free on \$1,000 bond which was posted last week.

The raids netted police about 100 pounds of peyote and a quantity of marijuana equivalent to about a pint.

Police Chief William D. Blake said the first raid, which was carried out about 3 p.m. Aug. 4, was staged on Bullard's apartment at 127 W. Rosemary St., about a block from the police station. Police found the marijuana and about 100 peyote buttons in a small plastic bag.

Bullard was arrested and a second search warrant obtained.

Police seized two footlockers in the basement of the apartment house in the second raid

carried out about one hour later. Blake said one footlocker was completely full of peyote buttons and the other was partially full.

Blake said Bullard denied ownership of the drugs and claimed they were left in the house by a previous occupant. As many as eight persons have lived there, Blake said.

It was the first arrest in a narcotics case in a long while, according to Blake. He said it could possibly be the first in Chapel Hill's history.

Blake said this is part of a crackdown on illegal narcotics in Chapel Hill. He said the house had been under surveillance for almost two months.

This was the second time this summer that peyote has been found here by police. Police searched the apartment

of UNC student Peter B. Snelling Jr. in June and discovered a small quantity of peyote. Snelling died June 4 when he plunged to his death from a second floor window. His death was ruled a probable suicide.

Peyote is a Mexican drug derived from the cactus plant.

Bullard, who works in a local drive-in, enrolled in both summer sessions. He entered the University in 1961, but dropped out in the spring of 1964.

He was a participant in civil rights demonstrations in 1964 in Chapel Hill. During the months of January and February 1964, he was arrested six times on charges of trespass, or resisting arrest or obstructing traffic.

Town Board Bans Parking In Two Areas On Campus

The Chapel Hill Board of Aldermen has banned parking in two places on the University campus.

The board adopted a resolution Monday night to eliminate parking on South Road from Columbia Street to Raleigh Street near East Cam-

eron Avenue. Both changes will be effective Sept. 1.

Elimination of parking along South Road will eliminate more than 100 parking spaces, Dean of Men William G. Long said yesterday.

The University recommended the changes to the town, and both were endorsed by the Police Department and Town Manager Robert Peck.

Left turns for westbound traffic on Cameron Avenue at Columbia Street will be illegal between noon and 6 p.m. daily. The University had requested no turns between noon and 2 p.m. and between 4 and 6 p.m. Campus policemen will be responsible for moving a temporary sign into place at the proper hours to inform drivers.

There also will be no parking, effective next month, on either side of Raleigh Street from South Road to a point 150 feet north of East Cameron Avenue. Left turn lanes will be set up at the intersection.

Parking Meters To Be Installed

Sixteen half-hour parking meters will be installed this fall near South Building.

Dean of Men William Long said the meters will be available for use by persons doing errands on the campus or visiting for a short time. Temporary parking stickers for visitors will still be available at the Information Desk in the lobby of South Building.

University coeds will be able to park their cars near their dormitory, Long said. All men students probably will not find a parking space near theirs.
