

University Day Events Scheduled For Carmichael

New Carmichael Auditorium will house its first official University event October 12, when UNC celebrates annual University Day.

The official anniversary of the founding of the University will be celebrated under the domed roof with a speech by Chancellor Paul Sharp, pageantry, drama, fireworks, a barbecue, bands playing, glee clubs and choral clubs and a cap-and-gown academic procession by the faculty.

Afternoon and evening classes on that day have been canceled for the event.

Distinguished Alum Professor of Art, is chairman of University Day activities honoring the Chancellor.

Invited to attend are the students of the University, the members of the faculty and their wives, townspeople of Chapel Hill and vicinity, other employees of the University, alumni, trustees, legislators. Presidents of all other colleges and universities in North Carolina are being invited.

The men's and women's residence halls and the fraternities and sororities will hold "open house" for faculty and visitors from 4:30 to 6 p.m.

liam Little, chairman of the Chemistry Department, in charge.

A fireworks display will be held also on Emerson Field at 8 p.m.

The day begins with an academic procession of the faculty at 1:30 p.m., with faculty assembling at the Morehead-Patterson Bell Tower and marching to the convocation in the Carmichael auditorium.

The decision to honor Chancellor Sharp was made by the Faculty Council of the University last May, with autumn set as the time of the celebration. Distinguished Alumni Professor Corydon P. Spruill will preside at the convocation; he is Chairman of the Faculty Council.

Among other distinguished guests invited are Governor Dan K. Moore, members of the Council of State, the President of the Alumni Association, members of the N. C. Board of Higher Education, City and County officials in Chapel Hill and Orange County, retired members of the faculty and widows of former faculty members.

Music will be under the direction of Joel Carter, director of Glee Clubs; Wayne Barr director of the University Choral Club; Major John Yesulaitis, director of bands. There will also be trumpeters and combos for the barbecue and other events.

-Dickson Petition-

(Continued from Page 1)

Quentin Ludgin, who started a recall petition earlier this week, said yesterday that he has made no progress. He said he posted the petition on a bulletin board in Caldwell Hall and only a limited number have signed it.

In another statement issued yesterday, Di-Phi Society president-elect John Harrison attacked the University administration and "partisan politicians" for their "undue interference" in the Dickson case.

"The great degree of useless activity about Paul Dickson is hindering the work of Student Government," the statement read in part.

Harrison, along with outgoing Di-Phi President Baxter Linney, crled for an end to "partisan mud-slinging."

"We support Paul Dickson's stand and applaud his sincere interest in making Student Government function in an hour of crisis."

Air Force Captain Named New Commandant Of Cadets

A Carolina alumnus has returned to his alma mater as Commandant of Cadets (COC) for the 590th Air Force ROTC cadet group.

Capt. Bennette E. Whisenaut, a '57 business administration graduate from Morganton and a former cadet of the '590th, officially assumed his new position on Aug. 2 for a two year tour of duty.

He will teach Aerospace Studies I and II and will supervise the operations of the cadet corps. He succeeds Capt. Lawrence D. Garrison who was recalled to the cockpit after three years here.

Whisenaut first went on active duty in April 1958 when he began navigator training at Harlingen AFB, Texas. In Feb. 1959, he took up radar observer training at James Connely AFB, in Waco, Texas.

CAPT. B. WHISENAUT

His first duty assignment was at Davis-Monthan AFB, Arizona, where he serve as a radar observer. From there he went to RAF Sculthorpe in England for three years.

Whisenaut was an Aerospace Studies instructor at North Carolina State for the last academic year but came to Carolina when the dropping of the mandatory ROTC program at State reduced the need for officers.

"I enjoy being back here at Carolina," he said. "There's something about Carolina that grows on you. I like my work very much. With the caliber of cadets at Carolina, we can have an excellent corps."

Whisenaut is married and has one son. He is presently residing at 306 Plum Lane in Chapel Hill.

Small Crisis

A. C. Howell, adviser to foreign students, writes that he has encountered "a small problem in international relations," recently.

Last week a group of Japanese students visiting Raleigh made a tour of the campus. A Japanese gentleman, Mr. Kazuhiro Makino, in the course of the tour offered to carry the books of a young lady who was escorting the visitors. Inadvertently, when he returned her books, one of his own was in the pile.

Now he wants it back. Would the young lady please return it to 216 Murphey Hall?
