Bored? - Here's Where The Action Is Today

Memories Of Persecution Plague The 'Pawnbroker'

By PETER RANGE DTH Reviewer
Combining social commentary and great art is a trick at which few film directors succeed.

her dying father. The woman is the widow of a good friend he saw dragged to his death by the dogs in the concentration camp.

He seems from the beginning a beaten and hardened man, this former professor at the University of Leipzig. He has isolated himself from feeling and compassion, from the people who come to him in poverty or intense loneliness.

The Pawnbroker is Sol Nazerman, a German Jew who lost his beautiful wife and two children in Nazi concentration camps.

ring. Rodrigues is the pitch-black robber-baron Negro with the all-white apartment and platinum-blond white lover boy - from him Nazerman receives his money until he awakens to the fact that Katriquex owns the maimed bodies and souls of the crawling "scum" of the ghetto, a fact which his isolation and untouchability over the years hid from him.

Jesus Ortiz is a borderline criminal, a Puerto Rican Negro, who works in the pawnshop. He becomes the final victim of Nazerman's inner inhumanity and isolation when he is killed by fellow-robbers while trying to save his boss, the old Jew. When Ortiz dies in front of the store, Nazerman's guilt drives him to skewer his own hand on the pawn ticket spindle on his desk in one of the several almost strictly "facial scenes" performed superbly by Rod Steiger.

Practically every scene was shot on location on Park Avenue where the elevated roars by every three minutes. The characters and places are incomparably real and true-to-life. A multiplicity of themes is skillfully interwoven: man's obligation to involve himself in other human beings emotionally and concern himself with the ills of his society; man's essential aloneness and isolation from other men; the plight of the ageless, wandering Jew with never a place to rest or stay who can find meaning only in making money; and the atrocities of big city slumlords and extortionists, no less heinous than those of the German executioners twenty-five years ago.

TODAY
Interviews for U. P. legislative vacancy in Cobb, 7:30, Grail Room.
A student forum on "A Christian Case for Pacifism" featuring Bill Jeffries, regional secretary of the American Friends service committee. University Baptist Church, 7 p.m., Sunday.

G. M. WANTS YOU!

Graham Memorial is recruiting committee members this week, and needs lots of enthusiastic personnel. If you'd like to be on one of the following committees, come to the G.M. desk today or tomorrow to set up an interview:

- Social Committee
Publicity Committee
Current Affairs Committee
Games Committee
Music Committee
Films Committee (Free Flicks)
Drama Committee

Our AVERAGE Student Reads 4.7 Times Faster Than His Starting Speed

WITH EQUAL OR BETTER COMPREHENSION
The internationally famous EVELYN WOOD Reading Dynamics Institute INVITES YOU TO ATTEND A FREE DEMONSTRATION OF THIS UNIQUE METHOD At The Durham High School on Duke St., Wed., Sept. 29 at 8 p.m.

- Where you will:
See an amazing documented film about Reading Dynamics.
Learn how Reading Dynamics can help you to faster reading, improved comprehension, greater retention.
See a live demonstration by a Duke student.

HOW DID IT START?

Eighteen years ago Mrs. Wood made a startling discovery that led to the founding of Reading Dynamics. While working toward her masters degree, she handed a term paper to a professor and watched him read the 80 pages at 6,000 words per minute - with outstanding recall and comprehension.

IS IT SIMPLY A PROMOTION STUNT?

Results have been reported in TIME, NEWSWEEK, BUSINESS WEEK, and ESQUIRE. Demonstrators have appeared on television with Jack Paar, Garry Moore and Art Linkletter. Over 100,000 people have taken the Reading Dynamics course, both in the U. S. and abroad. Some of their comments are reprinted here:

- Senator William Proxmire, Wisconsin: "I must say that this was one of the most useful educational experiences I've ever had. It certainly compares favorably with the experiences I've had at Yale and Harvard."
GARY HEARIC, BURLINGTON, N. C.: "Evelyn Wood Reading Dynamics is the most valuable single asset I have received in education. With it, I have increased my reading speed from 350 to an average of over 2,000 words per minute, and have read of over 3,000 W.P.M. Moreover, with this speed increase, my comprehension has not suffered at all. My total impression of a book is much clearer, and recall of details is as clear as if I had read it word for word."
Senator Herman Talmadge, Georgia: "It is my opinion that if these techniques were instituted in the public and private schools of our country, it would be the greatest single step we could take in educational progress."
Ben E. Jordan, Jr., Vice-Pres. Sellers Mfg. Co., Saxapahaw, N.C.: "I am very pleased with the fact that my reading increased about five times, but I am even more pleased that my comprehension improved from 62% to 92% of the faster rate."
Senator Stuart Symington, Missouri: "I can now read most materials at speeds above 2,000 words per minute and technical material in the 2,000 word per minute range."
Virginia Harris Miller, Librarian, Charlotte and Greensboro, N.C.: "It is well worth the time and money of anyone who reads for business or pleasure. I never wish it had been available when I was in school."
Jim Kaighn, Durham, N.C.: "I feel the Reading Dynamics course sets right to the heart of the problem of reading. Not only does it increase speed and comprehension, but gives an appreciation of the finer books and material."
Alan W. Eckert, Durham, N.C.: "A reading speed of over 2,000 words per minute is enabling me finally to read the vast quantity of material I feel I should read. I am going to try these techniques on cases in Law School, and of course in all my other reading."

HOW IS IT DIFFERENT FROM OTHER COURSES?

No machines are used. You learn, instead, to use your hand as a pacer—a tool you always have with you. Conventional rapid reading courses aspire to 450-600 words per minute. Most Reading Dynamics graduates can read between 1,000 and 3,000 words per minute, and many go even higher.

- GUARANTEE
We will guarantee to increase the reading efficiency of each student by AT LEAST 3 times with equal or better comprehension. We will refund the entire tuition of any student who does not obtain at least the tripling of his reading efficiency as measured by the beginning and ending tests. This refund is conditioned upon the student's having attended all of the required classes or having made up missed sessions with the teacher. He also must have practiced the required number of hours, following the assignments as outlined by the teacher. The average student may expect 3 times increase in reading speed, and an improvement in comprehension and recall. Any student who must withdraw from the course for any reason may re-enter any subsequent courses at any future time, at no additional cost.

A 10-WEEKS READING DYNAMICS COURSE WILL BE HELD AT THE DURHAM HIGH SCHOOL ON DUKE ST. THERE WILL BE ONE 2-HOUR SESSION EACH WEDNESDAY FOR 10-WEEKS BEGINNING WEDNESDAY OCT. 6 AND ENDING DEC. 8.

Class Time: 7:30-9:30 p.m.
Registration Begins at 7 p.m.

Greek Rush Ends On Note Of Laughter And Sorrow

There were cries of exultation and tears of sorrow in the girls dorms Friday night. Formal sorority rush was over and the bids had been received. The long round of parties had ended, and the girls were tired.

In 1923, the first sororities were established on the UNC campus. Rush has been a part of the campus since. In 1962, rush became deferred, and freshmen could no longer take part.

This year's formal rush consisted of rounds of parties divided into a gradual preview of all the sororities. The first two nights, all the rushees visited every house. Invitations were extended to the selected rushees from each house for a second round of parties. Each girl was allowed to choose six sororities. In the third round of parties the number of houses to visit was limited to four. For the final round of parties, the rushees were limited to three houses. Immediately after these parties, they went to Gerrard Hall to fill out preference cards.

Great Day
Friday was the great day of decision. The Dean of Women's office matched rushees bids to the sororities preference. Sorority members were informed of the results in the afternoon. The rushees received their bids that night. As soon as the bids were received the new pledges went to their houses to be received.

Refunds of ticket money for the Otis Redding show will be given out in Y-Court from 1-3 p.m. Monday through Wednesday. The MRC regrets that Otis Redding did not come. Remember, you must have your ticket stubs, to get the refund.

GIRLS, GIRLS, GIRLS - Hundreds of them paced through sorority rush activities last week. Those pictured are waiting to be interviewed at the temporary GM rush offices.

In The Old Book Feature Case
Classics
A small collection of books in Greek and Latin, and in English translations. Moderate in price, and rather nice.
Plus
Occult Books
Books on divination, prophecy, second sight and all that. If you're interested in things that go whoosh in the night, there might be treasure for you here.
There's always something exciting, in the intimate, and you're always welcome to browse the whole day through:
The Intimate Bookshop
