

The thief who made off with a gold and silver case containing what is said to be a tooth of the 13th century Pope St. Celestine V mailed it back to the Chapel of the Castel of Fumone Tuesday. Police are investigating how it was stolen.

### WORLD NEWS BRIEFS

From The Associated Press

#### Viet Nam Offensive 'Successful'

ANKHE, Viet Nam—The biggest U. S.-Vietnamese operation of the war came to a virtual end in South Viet Nam's highlands yesterday and the American commander declared it a success. The offensive, launched Sunday, was more a measure of pacification than an attempt to kill large numbers of Viet Cong, said Maj. Gen. Harry Kinnard.

He said a civil government will move into the scene of the operation, the Suai Ca Valley.

"This will be the first government influence in the area since the war began," he told a newsman.

Thirty-four Viet Cong were reported killed and 93 others captured in the four-day operation 280 miles northeast of Saigon. But reports from captured Viet Cong indicated the bulk of the Communist forces, tipped to the offensive, pulled out Saturday.

Thousands of U. S. "Flying Horsemen" of the 1st Cavalry (airmobile) Division joined South Vietnamese Army and Marine units in the operation.

#### RFK Wants Red China At Geneva

WASHINGTON — Sen. Robert F. Kennedy urged yesterday that Red China be invited to join the disarmament talks in Geneva when they resume in January to make them more "meaningful" by including all the nuclear powers.

The New York Democrat, in a far-ranging Senate speech, also declared that France, by developing its own nuclear force, is setting "a dangerous example" for other European nations which sooner or later will feel the need to do the same.

While Kennedy touched on a variety of World problems, he emphasized need for the United States to accelerate its efforts to prevent spread of nuclear weapons.

He said this country must "enlist the help of the United Nations, and all other nations — including Communist China — in an effort to prevent nuclear catastrophe." The Chinese, Kennedy said, could pass on their nuclear capability to nations which do not have such a capability now.

#### Ike Denounces Demonstrations

NEW YORK — Former President Eisenhower, on the eve of his 75th birthday, said yesterday "I think it terrible" for Americans to demonstrate publicly against United States policy in Viet Nam.

In a steely voice and with his eyes flashing, he asked, "What do they know about it?"

Eisenhower discussed the question at a new conference held in connection with publication of his latest book, "Waging Peace." It comes out on his birthday, today.

He also said: 1. He received an informal promise in 1959 from the governments of India and Pakistan not to go to war over Kashmir.

2. He is worried that "some kind of moral deterioration" has set in among Americans, as evidence by efforts to evade the military draft, and signs of diminishing respect for law and order.

#### LBJ Up And At 'Em

WASHINGTON—President Johnson, spending more time out of bed, moved about today "with less pain and less strain." But official business was kept to a minimum.

Johnson's increased mobility was reported by Press Secretary Bill D. Moyers who also disclosed that the president's heart specialist, Dr. Willia Hurst, was heading home to Atlanta in view of the patient's steady recovery.

A major goal now is the rebuilding of Johnson's strength, so he won't tire so easily.

"He does tire," said Moyers. But he reported the doctors believe an increasing diet of solid foods will remedy that situation.

Johnson confined his official chores to some paper work and report reading. That's the way the doctors like it at this still-early stage of recovery from Friday's gall bladder surgery.

#### Indonesian Youth Protests Reds

JAKARTA, Indonesia — Young demonstrators stoned and sacked a Red youth headquarters here yesterday in support of the Army's anti-Communist campaign, reputed now to have the tacit approval of President Sukarno.

About 2,000 strong, the mob smashed windows, seized documents and broke furniture in the Communist Youth Hall only 100 yards from Sukarno's palace. The Hall has been a traditional gathering place for anti-Western street demonstrations.

As in other such raids since Moslem youths burned the headquarters of the Indonesian Communist Party (PKI) here last Friday, the demonstrators shouted for destruction of the party and the death of its fugitive leader, D. N. Aidit.

"Hang Aidit," they cried. "Crush the PKI." They made a bonfire of the documents and broken furniture.

#### Tshombe Out — Kimba In

LEOPOLDVILLE, The Congo—Moise Tshombe is out and one of his old associates in the Katanga secession is in as premier of the Congo by decree of President Joseph Kasavubu.

Kasavubu dismissed Tshombe's 15-month-old government as not conforming to the Congo's "constitutional norms, the election results or the imperative political equilibrium" and named Evariste Kimba, 39, to form a new one.

This settled at least temporarily a difference between the chief of state and the chief of government of this troubled African nation as to tenure.

Tshombe, who was brought back from exile in July, 1964, to help cope with rebellion, popular unrest and financial difficulties, had said he should remain in office as long as Kasavubu did. Kasavubu said Tshombe would stay only as long as he wanted him to.

## Rinaldi Jury Is Seated

### SPU Will Fast - Not Demonstrate

By KERRY SIPE  
DTH Staff Writer  
"International Days of Peace Special — Soup 15 cents."

When you see this sign displayed tomorrow near the serving line of your favorite restaurant, don't be surprised. It will be part of a town-wide program operated by the Student Peace Union to raise money for the sick and starving victims of the Viet Nam war.

The Peace Union is asking residents of the Chapel Hill area to do without one meal tomorrow and eat soup instead. They ask that the money saved be donated to the SPU who will give it to CARE, Inc. for the purchase of food and medical supplies.

The drive is in conjunction with the International Days of Protest, a world-wide call for demonstrations from the Viet Nam Day Committee of Berkeley. Two days of protest against American involvement in Viet Nam, Oct. 15-16, will be staged on four continents and in over 30 American cities.

Local SPU chairman Charles (Chuck) Schunior of Evanston, Ill., said that the decision of the local group to stage a fast instead of a march represents a change in tactics. "People would notice a huge demonstration," he said, "but they wouldn't understand it in a political and moral context."

"Our aim is to approach people on a more intellectual level," Schunior said. "We want to get them thinking about what is going on in Viet Nam."

Other organizations involved in the world-wide movement have indicated that they will stage large demonstrations and civil disobedience acts against the War in Viet Nam.

Schunior said the local SPU has purchased space for an advertisement in the Chapel Hill Weekly explaining their reasons for the fast and enlisting the aid of local citizens.

Information booths will be established by the SPU and other student groups concerned with the problem in front of four eating establishments on Franklin Street and in Lenoir Hall, the Pine Room and Chase Cafeteria. Though all other eating places will be equally affected, these restaurants have been chosen because of their central location.

In Y-Court a political booth will be set up for discussion of the political beliefs of the SPU with interested members of the student body.

### Get Well, Doggone It

WASHINGTON (AP) — Three get well cards that delighted President Johnson came in the names of the White House dogs, the beagle "Him" and the white collie "Blance." White House spokesmen said today.

Members of the Presidential staff, who were not identified, arranged to send the cards, which had photographs of the dogs pasted on them and were addressed to "Mr. President Johnson, U. S. Naval Hospital, Bethesda."

The first, showing the beagle, read "Dr. Master: You can see that I'm feeling sad because you're in the hospital," and was signed "Him."

Two others with the two presidential dogs together said: "We're sorry you're sick. Please hurry home." And, "Dear Master: We hope you're feeling better." Both of these were signed "Him and Blance."

THEY ALSO MARCH WHO SIT AND WAIT? One faculty member found the walk from the Bell Tower to Carmichael Auditorium for Tuesday's University Day procession too long. Clad in full academic regalia, he sat on a wooden post near Woollen Gym and later joined the procession there.

## Eskimos Discover Booze First Time

What happens when a group of people suddenly gains access to liquor for the first time?

This recently happened to the Baffin Island Eskimos and the results were almost predictable, according to John J. and Irma Honigmann, UNC sociology professors.

First there was overindulgence and public drunkenness, violence, inability to perform on the job, sexual promiscuity and other general alcoholic problems.

In their article "How Baffin Island Eskimo Have Learned To Use Alcohol," appearing in the latest issue of "Social Forces," The Honigmanns have traced the Eskimo's use of alcohol since 1960.

#### Enthusiastic

As expected, a number of the Eskimos immediately took advantage of their new opportunity with child-like enthusiasm.

But the reasons they continued to drink and their final handling of the situation were not so predictable.

Dr. Honigmann said they first started to drink in 1960 without being completely aware of the consequences. They drank too much and weren't able to perform their daily routines.

Fines and jail sentences failed to decrease these drinking problems, so officials made regulations to curb the ease with which alcohol could be purchased.

The local tavern owner was no longer allowed to sell beer to be taken off the premises.

#### Waiting Period

Customers at the liquor store were required to wait

#### Recall Petition Still Circulating

A petition demanding a recall election for president of the student body has gained some 1,000 signatures, according to Sharon Rose, the student legislator demanding Paul Dickson's recall.

Miss Rose, Student Party legislator from Spencer Dormitory, said yesterday that she had hoped the petition would be completed by today, but added that she expects to gain the necessary 1,900 names by Friday.

"They are being circulated in the boys dorms," Miss Rose said. "We probably have over 1,000 names by now." Spencer Dormitory, housing 160 girls, turned out 100 per cent for the recall, she said.

## Testimony To Begin Today

By ED FREAKLEY  
DTH Staff Writer  
HILLSBOROUGH — The

Court presided over by selection of a 12-member jury and two alternates was completed late yesterday afternoon for the retrial of Frank Rinaldi, former UNC graduate instructor charged with the December, 1963, murder of his wife.

Testimony begins today in a special session of the Orange County Criminal Court presided over by Judge George M. Fountain.

Chapel Hill Police Captain Troy Durham is expected to be the first witness for the state.

#### Alternates Ordered

The jury consists of eight men and four women. Both alternates are women. Judge Fountain ordered them chosen because the trial is likely to be lengthy.

Three women were seated yesterday morning after the state and defense had turned away seven prospective jurors. First chosen was Mrs. Inez Reynolds Privette a Chapel Hill housewife and former legal secretary.

Miss Della Ann Burnette a Mebane teacher was selected as the 11th member. The jury was completed with the seating of Sarah Elizabeth Cranford, a research associate in the School of Public Health at UNC.

The first alternate was chosen after the noon recess. The state and defense then proceeded to run through more than 25 people before selecting the final alternate.

Five jurors were selected Monday and four were seated on Tuesday.

#### Jurors' Statement

Two of the jurors selected Tuesday told the court they would not convict the 36-year-old Rinaldi on circumstantial evidence.

He was convicted last Nov. 18 on a chain of circumstantial evidence presented by the state. The jury recommended mercy which in North Carolina carries an automatic life sentence.

The State Supreme Court in a 5-2 ruling granted the defendant a new trial this summer on the grounds that first trial Judge Raymond Mallard had admitted prejudicial and incompetent evidence.

#### Large Venire

Judge Fountain had called a special venire of 125 after the original venire of 56 was exhausted Tuesday.

State Solicitor Thomas D. Cooper has said he will seek another first degree conviction against Rinaldi for the alleged killing of his pregnant wife in their Chapel Hill apartment on Christmas Eve, 1963.

He and his wife, Lucille, 34, had been married since July, 1963. They had been childhood sweethearts at Waterbury, Conn.

Mrs. Rinaldi's father, William D. Begg Sr., a retired Waterbury policeman is expected to be among those testifying today.

Her brother, William Beggs Jr., an attorney in Waterbury, made frequent notes during the questioning of the prospective jurors.

The selection of jurors at last year's trial took two days opposed to the three days it took this time.

Many people were excused from duty because they said they already had opinions as to the defendant's guilt or innocence and felt they could not render a just verdict.

Several were dismissed by the state because they said they did not believe in capital punishment.

Rinaldi sat quietly between two of his three attorneys listening to the questioning of his jurors. Frequently following a recess he conferred with his father and mother who were seated behind him in the courtroom.

"C" AS IN CONFUSION — With campus parking regulations changing almost by the hour, it's a little difficult to keep up with all the different stickers. We thought things were getting straightened out until we found this motorcycle with a "C" automobile sticker on it.

## Twins Drop LA 5-1; Final Game Today

By BILL ROLLINS  
DTH Sports Writer

The "magic" of the home park held true for the sixth straight game as Jim Grant pitched and batted the Minnesota Twins to a 5-1 conquest of the Los Angeles Dodgers which sent the World Series into the seventh and final game.

Grant, who won the Series opener and then was hit hard in the fourth, spaced six Dodger hits and smashed a three-run homer in the sixth inning which wrapped up the decision.

Now, the eight-day, six-game struggle has been reduced to a single game decision, and the tale will be told tomorrow when the probable pitchers will be Jim Kaat for Minnesota and Sandy Koufax for Los Angeles.

Bob Allison, a bust at the plate with only one previous hit, dished into a Claude Osteen serving in the fourth inning and powered a home run into the lower left field pavilion. The blow scored Earl Battey, who had reached first on an error, and gave Minnesota a 2-0 lead.

The Dodgers made their strongest bid in the sixth inning when Dick Tracewski and Maury Wills stroked on - out singles. Grant however, who allowed no hits in the top four innings, retired Jim Gilliam and Willie Davis on pop flies to squelch the threat.

Then, in the bottom of the same inning, with the Dodgers still very much in contention, the Twins blasted LA's strategy to put the game out of reach.

Reliever Howie Reed walked Allison, and with two out, the outfielder stole second. With the pitcher due to bat

next, Reed issued an intentional base-on-balls to Frank Quilici.

Then, just to prove it was his day, Grant drove Reed's first pitch to him — 392 feet into the left-center field bleachers to plate three runs and send the count to 5-0.

In the seventh, Dodger right fielder Ron Fairly became the first player to hit more than one homer in the series, when he couted his second solo round-tripper more than 400 feet to right-center.

But the blow merely served to avert a shutout, as Grant forced the Dodgers down the chute for his second win of the Classic.

Maury Wills collected his eleventh hit during the game, and needs three today in the finale to break the record of 13 which Bobby Richardson of the Yankees set last year.

Jim Kaat is the definite Twin starter, and Sandy Koufax will likely be LA Manager Walt Alston's choice. If Koufax starts, he will be pitching with only two days rest, as he did during the final two weeks of the regular season, and as Grant did so successfully today. However, Alston could conceivably go with Don Drysdale, who last pitched on Sunday.

WILSON TO ADDRESS SL ON DUAL STANDARD' SP Floor Leader Don Wilson said yesterday he will address Student Legislature tonight concerning the University administration's recent policy decision on the "dual standard."

The administration has refused to accept unequal sentences for male and female violators of the same campus code rule.

Legislature meets at 7:0 p.m. on the top floor of New East.

## Special Flight To New York

A chartered UNC to New York flight has been organized by a group of UNC students for Thanksgiving holiday. It was announced yesterday that 60 of the 100 seats—\$46 per person, round-trip—have been taken.

Any students or faculty members living in the New York-New England area are invited to take advantage of this reduced-rate flight.

Interested persons may contact Al Warren (966-5212) or Joel Simpson (929-5288).

A \$20 deposit must be made by all passengers by Tuesday. The remainder of the charge is payable anytime before Oct. 28. The flight will depart from Raleigh-Durham Airport Wednesday, Nov. 24 at 2 p.m. The return flight will leave La Guardia Airport, New York, Sunday, Nov. 28 at 2 p.m.

Warren said yesterday that members of the group organizing the flight hope to form a metropolitan club which will be able to offer similar chartered flights, maybe at lower rates.
