GM PRESENTS

Some of the best representative jazz talent in the Triangle area will present an "All Star Jazz Festival" at 8 p.m. October 24 in Graham Memorial Lounge.

The "Jazz Souls," a seven piece non-professional jazz ensemble organized by Jim Hunt, decided to unite after playing together for several months at various local sessions in the Chapel Hill area. Hunt noted that the concert will bring out into the open this outstanding jazz talent which the public doesn't often get a chance to hear.

"We want to present listenable jazz which the audience and players will enjoy.

The sound of the group is modern emphasizing basic jazz and that representative of several main streams today such as West Coast which is cool and refined like Andre Previn, Jerry Mulligan and Dave Brubeck. Also included is Ray Charles and Bossa Nova, Hunt noted.

A native of Arlington, Va. Hunt is a senior math major here. He is a trumpet soloist with the Sinfonians and the UNC band as well as organizer of the Jazz Souls.

Hunt plays the Flugelhorn which, he explains, is an "old band instrument played like a trumpet with a larger bell that produces a mellow sound." It is being revised for use in modern jazz today.

A Carolina undergraduate and Dental School alumnus, Jim Crawford, plays the tenor sax for the jazz ensemble. He is a Raleigh dentist and a former Air Force Captain.

Trombonist for the group is Buddy Parker from Elizabeth City. A senior English major, Parker also plays with the Sinfonians.

On the piano is Keith McClelland, a senior political science major from New Rochelle, New York. He is music director and principal of the Sinfonians also.

On the alto sax is Bill Ammons from Burlington. He is a senior electrical engineering major at North Carolina State University.

Two members of the group hail from Raleigh including Fred Shehdan, who plays bass, and Jim Bradshaw.

Shehdan is an East Carolina College music graduate and has taught school for five years.

Bradshaw is a senior philosophy major at North Carolina State University.

According to Hunt the group plans to play the "old favorites and traditional standbys" such as "Girl from Ipanema," and Bossa Nova tunes.

SUPER SPORT 396

New Chevelle SS 396 Sport Coupe—
with clean-sculpted all-new Body by Fisher.

by Chevrolet

Two new Super Sport beauties for '66—a hardtop and convertible—propelled by nothing less than the new Turbo-Jet 396 V8.

This remarkably efficient power plant, with aircraft-type valves, deep-breathing ports and other design advances, develops 325 hp in the standard version. And you're welcome to order more—in a 360-hp version—if you're so inclined.

Both Chevelle SS 396 models ride on a special flat-cornering chassis. A fully synchronized 3-speed transmission with floor-mounted stick shift is standard. Or you can order a 4-speed or Powerglide—also Strato-bucket front seats, center console and full SS instrumentation.

Your Chevrolet dealer's is the place to see how all this feels from behind the wheel. He's a great believer in letting the customers handle the merchandise.
