YOU, TOO, CAN BE INFERIOR

The second gravest problem confronting college students today is inferiority feelings. (The first gravest problem is, of course, the recent outbreak of moult among sorority house canaries.) Let us today look into the causes of inferiority feelings and their possible cures.

Psychologists divide inferiority feelings into three principal categories:

1. Physical inferiority.

2. Mental inferiority. 3. Financial inferiority.

(A few say there is also a fourth category: ichthyological inferiority—a feeling that other people have prettier fish but I believe this is common only along the coasts and in the Great Lakes area.)

Let us start with the feeling of physical inferiority, perhaps the easiest to understand. Naturally we are inclined to feel inferior to the brawny football captain or the beautiful homecoming queen. But we should not. Look at all the people, neither brawny nor beautiful, who have made their marks in the world. Look at Napoleon. Look at Socrates.

Look at Caesar. Look at Lassie. What I mean is you can't always tell what's inside a package by looking at the outside. (Sometimes, of course, you can. Take Personna Stainless Steel Blades, for example. Just one glance at that jolly blue and white packageso bright and pert, so neat but not gaudy—and you know it has to contain blades of absolute perfection. And you are

right! Personna gives you so many shaves per blade it takes a math major to count them. And they are luxury shavessmoother, comfortabler, kinder to the kisser. Moreover, Personna comes both in Double Edge and Injector style. And as if this weren't enough, Personna is now offering you a chance to grab a fistful of \$100 bills from a \$100,000 bowl! The Personna Stainless Steel Sweepstakes is off and running, and you're all eligible to enter. Visit your friendly Personna dealer today to get details and an entry blank.)

But I digress. Let us turn now to the second categorymental inferiority. A lot of people think they are dumber than other people. This is not so. It must be remembered that there are different kinds of intelligence. Take, for instance, the classic case of the Sigafoos brothers, Claude and Sturbridge, students at a prominent Western university (Dartmouth). It was always assumed that Claude was the more intelligent just because he knew more than Sturbridge about the arts, the sciences, the social sciences, the humanities, and like that. Sturbridge, on the other hand, was ten times smarter than Claude when it came to tying granny knots. But no matter; everybody looked down on "Stupid Sturbridge," as they called him, and looked up to "Clever Claude," as they called him. But who do you think turned out to be the smart one when their granny almost got loose

and ran away? You guessed it—good old Stupid Sturbridge.
We arrive now at the final category, financial inferiority. One way to deal with this condition is to increase your income. You can, for example, become a fence. Or you can pose for a life class, if your college is well heated.

But a better way to handle financial inferiority is to accept it philosophically. Look on the bright side of poverty. True, others may have more money than you have, but look at all the things you have that they don't-debts, for

instance, and hunger cramps. Always remember, dear friends, that poverty is no dis-

grace. It is an error, but it is no disgrace.
