**WRC TO Relax Rules**

The Women's Residence Council decided this week to allow women students to stay out until midnight for the exam period beginning the night of Jan. 18 and ending the night of Jan. 26.

They also announced that there will be no closed study for freshmen during the summer session.

The Council will run an article in the DTH weekly to keep women students informed of their decisions and discussions. The stories will be run in the campus news briefs.

The DTH will run articles about the Women's Residence Council in the future.

**Junior Year in New York**

Three undergraduate colleges offer students from all parts of the country an opportunity to broaden their educational experience by spending their Junior Year in New York

New York University is an integral part of the exciting metropolitan community of New York City—the business, cultural, artistic, and financial center of the nation. The city's extraordinary resources greatly enrich both the academic program and the experience of living at New York University with the most cosmopolitan student body in the world.

This program is open to students recommended by the deans of the colleges to which they will return for their degrees. Courses may be taken in the School of Commerce School of Education Washington Square College of Arts and Science

**Correction**  
Rick Dennehy was reported to have said in yesterday's DTH "I have a girl at Wake Forest, a girl in Raleigh, a girl at Madison College, and one back home."  
The story should have read "I have been calling a girl at Wake Forest, a girl at Madison College, and one back home."

**DODGEREBELLIONGIRL Watchers, Rejoice!**

Prompted by a ground swell of collegiate enthusiasm (and to help eliminate long vigils and scrambling for choice seats when she suddenly appears on TV), Dodge Division is happy to publish Reb-Girl Pam Austin's complete schedule through January, 1966. Be sure to watch the Rose and Orange Bowl games on New Year's Day. You'll see Pam in a new color commercial introducing the fabulous fastback, Dodge Charger. And now a word from your sponsor: Back to the books!

**With this one exception, GT&E provides total illumination**

General Telephone & Electronics brightens just about everything you can think of not under the sun. Buildings, ball parks, golf courses, airports, highways and byways... and, of course, the home.

We do it with over 6,000 different kinds of lamps produced by Sylvania, a member of GT&E's family of companies. One lamp so small that you can pass it through the eye of a needle. And another, in the form of flexible tape, that can be twisted and coiled.

And we're casting new light on light itself. Including a new red phosphor for color TV picture tubes that makes pictures far brighter.

In creating new ways to use light, GT&E is contributing to the safety and convenience of the total community.

We're interested in having you know more about GT&E. So we've prepared a booklet that you can obtain from your Placement Director, or by writing General Telephone & Electronics, 730 Third Avenue, New York, N.Y. 10017.
