Pan Hel Votes For Deferred Rush For Fall

By PEYTTIE FEARRINGTON
DTH Staff Writer
Pan Hellenic Council voted unanimously yesterday afternoon to abolish freshman rush. A program of deferred rush for sophomores will be instituted next year.

The choice presented before council last week was that of keeping rush as it is, abandoning freshman rush, or instituting a promisee rush.

Promisee rush is a program found to be successful at Vanderbilt in which freshmen are allowed to go through rush and would be affiliated with a sorority, but are not trained as pledges nor are required to take part in sorority activities. The Faculty Review Board, sponsoring the sororities to the administration, found the promisee rush unacceptable.
Dorsy McDevitt, assistant to the dean of women, told the council, "The board thinks freshmen are not settled enough their first year in college to make a decision on sororities."

A motion was also before the council to rush before orientation, but it, too, was not okayed by the administration.
Kelly Roberts, newly installed president of Pan Hel presented two proposals to instigate freshman interest in sororities. Two teas to be given in the sorority houses each semester and a Pan Hel program were both passed by the council next year.

The newly installed members of the Pan Hel Council are Merry Swanson and Nita Wilkinson, Delta Delta Delta; Carol Cantwell and Kahty Matthews, Alpha Delta Pi; Jean Miller and Karen Viall, Pi Phi; Gusty Russel and Louise Clark, Chi Omega; Carolyn Harrell and Linda Jenkins, Phi Mu; Charlotte Beavers, Kappa Kappa Gamma; and Jan Wuehremann and Janie Lowery, Kappa Delta.

Vacation In Sun Under New Plan

By SOPHIE PARKER
Special to the DTH
If you've been dreaming about Spring Vacation under Florida sun but "haven't got the funds," you may be in for a pleasant surprise.

Now anyone from ages 12 to 21 can fly at half-fare by taking advantage of the reduced rate plan on scheduled flights of all major airlines except Piedmont Airlines.
This means that you can fly to Miami Beach, Fla., tourist class round trip for \$45.50 plus tax instead of the \$91.00 regular fare. The reduced price of the flight costs only one dollar more than round trip bus fare to Miami.

Applications for Youth Fare identification cards may be obtained at the Continental Travel Agency in Chapel Hill, at any ticket office or by writing to the specific airlines office.

To be eligible for the reduced rate, students must pay the three dollar fee for the card and give proof of age by means of a birth certificate, driver's license, draft card or other legal proof of age. The only hitch in the plan is that passengers with half-fare tickets can board the plane only if space is available on the flight after reserved seats are filled and military stand-bys are seated.

European Student Jobs

Grand Duchy of Luxembourg —Every student in America can get a summer job in Europe and a travel grant by applying directly to the European headquarters of the American Student Information Service in Luxembourg. Jobs are much the same as student summer work in the U. S. with employers offering work periods ranging from three weeks to permanent employment.
Lifeguarding, office work, resort - hotel jobs, factory, construction, camp counseling and farm work are only a few categories to be found among the 15,000 jobs ASIS still has on file. An

interesting summer past-time not found in America is tutoring. Numerous well-to-do European families are inviting American college students to spend the summer with them and teach their children English.
Wages range to \$400 a month, and in most cases neither previous experience nor knowledge of a foreign language is required.
Students interested in working in Europe next summer may write directly to Dept. VII, ASIS, 22 Ave. de la Liberte, Luxembourg City, Grand Duchy of Luxembourg, enclosing \$2 for the ASIS 36-page booklet.

IFC Court, Att'y General Still Investigating German's Trouble

The investigation being conducted by the IFC Court and the Attorney General of the activities of German's weekend is expected to be completed by the end of this week.

John Ingram, Attorney General of the Student Government, said the investigation is still being made and no charges have been made yet.

The incidents of German's weekend under investigation include the breakage of car windows from flying bottles and the extensive damage done to the Pi Lam house.

Ingram is now gathering statements made by persons who were in some way connected with the activities being investigated.

Any charges brought against individuals will be tried by the Men's Council.

If any fraternity house is charged as a whole with committing the actions being investigated, it will be tried by the IFC Court.

Planning for the future?

Let us offer a suggestion.

The book business is short of men—good men—in almost all areas. Right now, there are good openings all over, in publishing, editorial work, sales, promotion, and retail sales.

Interested? Good! The chances of getting rich are not what they might be in other areas. They compare with teaching, say. But there's something new every day. Something interesting. And the feeling that perhaps this is better than selling nylons all day.

Still interested? Okay, now, how do you get these jobs? With experience, education and ambition. And assuming you have the desire and the education, where do you get the experience?

That's where we come in.

The Intimate, over the years, has trained many young men and women for positions in the book game. It's surprising what two or three years' experience can do for your job opportunities when you finish school. And you earn a bit while you're learning and while you're finishing your schooling.

After your graduation, we help you find a good job—and if you're really good, we keep you ourselves, if you like.

It's a good racket, we think. It takes a particular sort of person, of course. A certain attitude that's hard to define. And it takes training.

Right now, we have openings for two staffers. We prefer people who will be here for two years or so, at least, including summers. We prefer people who just might be interested in finding out if they'd like to come into the book business after college.

Think it over. If you like the idea, come in and talk to our Mr. Kuralt.

It could be the chance to get in on a profitable and enjoyable career.
