# Symposium Hailed As 'Big Success'

By ALAN BANOV

DTH Staff Writer Carolina Symposium Chairman George Butler called last week's Symposium program a "distinct success."

The senior from Montego Bay, Jamaica, pointed out three criteria for evaluating its success, which were well fulfilled.

The amount of attention given it throughout the state and country, the first criterion, was evidenced by the coverage of John Kenneth Galbraith's speech on national television and even on the front page of the Springfield (Mass.) Herald.

Butler was very satisified, secondly, by the "number of people who attended the Symposium," and, thirdly, by the 'great amount the Symposium stimulated University life."

Butler said he was very pleased with the quality of speakers for the program. "Not all the speakers stuck to the subject," he added, "but it's difficult to expect them to stay within the confines of the topic."

The speakers were sent copies of the program, he said. "If you restrict speakers to say what you want them to say, they won't come. We had to depend largely on their consciences, but Al Capp doesn't have a conscience!'

Speaking of the Symposium's massive staff. Butler said, "The Symposium attracts the brightest, most worldly students on campus to it staff.

However they weren't selected simply because of their high averages, but for their other talents.

"The individual initiative shown by them was remarkable. It would be impossible to single out even a few who should be commended."

The Inter Collegiate Seminar segment of the Symposium was a "resounding success," according to Butler. Some of the 41 students from other schools stayed over for an extra day or so, he added.

One problem Butler saw in the program was budgetary. "Student Government didn't give as much as we wanted. Lyons Gray did a great job in attracting outside funds

RALEIGH-The law firm of Joyner and Howison of Raleigh was retained by Governor Dan K. Moore vesterday afternoon to prepare a defense in student suit against the Communist speaker ban law.

This is a very depressing tradition. Something should be done about it immediately. Gratitude and good will are a direct viola-

George Butler: "I foresee intense significance in the fact that the class of '66 is graduating on the morning of 6-6-66. ## Student Party Elects Hobgood As Party Exec

Sandy Hobgood, a junior from Greensboro, was unanimously elected chairman of the Student Party Sunday

Other officers elected were Myles Eastwood, policy vicechairman; Hurley Thompson, administrative vice-chairman; and Jed Dietz, Jim Little and Ann Brownless, to the advisory board.

Ann Belcher was re-elected secretary; Stu Rosen was unanimously elected treasurer; and Joe Auten was selected as sergeant - at - arms.

Hobgood announced in his speech that he would form a board of visitors to increase membership in the party, a "Powder Puff Advisory Board" of coeds to find party appeals to women on campus and a party historian to compile a history of the SP.

Hobgood, a second - term legislator from Joyner, asserted that "the line which divides SP-UP ideology is far less distinct than when I became a party member some two years ago.

"No longer are we clearly the party of opportunity; n longer are we clearly the party of an open forum; no longer are we clearly the party of action."

He urged the party to improve its image and campaign actively to recruit more freshmen and women members.

"We shall encourage more attention to the party's role as an investigatory body and an initiator of action from Student Government," he declar-
