Bomar Sparks Blues Over Whites 21-14

By JIM FIELDS
DTH Sports Editor
The annual Blue-White football game was played yesterday before an estimated crowd

of 2,500, and Gayle Bomar led the Blue team to an exciting 21-14 win.

The game was played on even terms, and it was the lucky breaks the Blue team got that made the difference. The White team was the first to score. After taking the ball on their own 20, they marched to the six of the Blue where a holding penalty moved them back to the 21. Tommy Dempsey gained a

yard to the 20, and Jeff Beaver passed to David Riggs at the 13.

Beaver hit Pete Davis in the end zone on a down and out pattern, and Ken Price ran the extra point in to give the whites an 8-0 lead.

The Blue team took the kick off and marched from their 36 to the one of the White. On fourth and one, the entire middle of the White line led by Tom Renedo, stopped Mark Mazza for no gain and took over the ball.

Beaver fumbled the ball on the first play and Mike Smith recovered for the Blue on the White two. From there it took one play for Mazza to ram the ball in, and Bomar ran the ball in for the extra point to tie the game at eight all with 10:41 left in the half.

The game was played on even terms for the next seven minutes until Mike Horvat picked off a Beaver pass and returned it to the White 18.

Saulis Zemaitis got three yards to the 15 and Mazza one to the 14. Bomar then hit Tom Cantrell in the end zone, and the score stayed at 14-8 as Lewis Bush missed the point after.

The Blues got their third and

final score late in the third quarter as they marched 59 yards in 10 plays with Bomar taking the ball in from the six for the score. Bush converted the extra point and the Blues led 21-8.

With ten minutes left in the fourth quarter, the Blue team seemed to have everything going their own way when Riggs took a Landy Blank punt on his own and broke loose down the sideline for 55 yards to put the ball on the 25 of the Blue. Billy Federal got six to the 19, and Dempsey plunged for seven more to the 13. Dempsey took it on two plays to the seven and Price went around end for the score to make it 21-14 with nine minutes left in the game.

The White made one last desperation drive and moved the ball to the eight of the Blues with 47 seconds left in the game.

Dempsey was stopped at the line of scrimmage for no gain, and then the Whites lost three to the eleven when a handoff between Beaver and Federal was fumbled and rolled out of bounds with the Whites retaining possession.

Price then hit Davis with a bullet pass on the two, and on fourth and two with 28 seconds left in the game, Price tried to go around left end and was stopped at the one.

Bomar then ran a sneak into the middle of the line to end the game.

"I was real pleased with the effort the boys gave us this afternoon," said Coach Bill Dooley after the game. "I thought our kicking game looked very poor and we've certainly got a lot more work to do there.

"If the boys give us this kind of effort next year, we'll be proud of them, win or lose."

READING DYNAMICS
invites you to attend a **FREE DEMONSTRATION**
OF READING DYNAMICS TECHNIQUES IN USE

DATE: MONDAY MAY 8
TIME: 4:00 p.m. and 8 p.m.

PLACE:
CAROLINA INN, CLUB ROOM

- At the demonstration you will see amazing documented films showing Reading Dynamics graduates in action. These include:
 - *Leading United States Senators and Congressmen, highly recommending the course . . .
 - *Bob Darling, of Princeton, Harvard and Yale, reading at 10,000 words a minute, then telling what he has read . . .
 - *Gary Hemric, of Burlington and Davidson College, using Reading Dynamics techniques (while his teacher explains them to you), then recalling an historical novel in detail.
- You will also see concrete evidence of the overwhelming impact of the "information explosion" on our society; why rapid, efficient reading is an absolute necessity for the intelligent, informed individual.
- You will learn the five basic principles on which Reading Dynamics is founded.
- You will understand how Reading Dynamics will enable you to read faster, comprehend and remember more, and improve your study skills, as it has enabled 300,000 other graduates to do.
- You will be given up-to-the-minute information about the dates, hours, locations and tuition for all summer classes.
- You will have an opportunity to pre-register, to insure your enrollment in the class of your choice.
