War Supporters March In New York

NEW YORK-Thousands of flag-waving, singing people flooded in wave after wave down Fifth Avenue on Saturday in a massive show of support for American servicemen in Vietnam. One estimate said the number of marchers could be as high as 250,000.

The vast majority of the marchers carried American flags, either brought with them from their homes or bought from hawkers who did a brisk business along the parade route.

Throughout the metropolitan area, people hung flags in front of homes and businesses.

Russia Rejects American Protest

WASHINGTON-Russia speedily rejected Saturday the American protest on U. S.-Sovet destroyer brushes.

The State Department then pronounced the incident closed. American Ambassador Llewellyn E. Thompson presented at the Moscow foreign ministry the American charge that dangerous maneuvers by harassing Soviet destroyers caused this collision Wednesday and again Thursday with the U.S. destroyer Walker in the Sea of Japan.

But the Soviet deputy foreign minister, V. S. Seme-

Y Will Sponsor Viet Referendum

By DON CAMPBELL DTH Neue Editor

There will be a Vietnam referendum this Tuesday, after

The campus YMCA decided Friday to sponsor a referendum after Student Legislature voted Thursday night to kill the

one originally planned. The YMCA Executive Committee made the following statement Saturday:

"The purpose of the YMCA on campus is to serve the needs of the student. In the past few weeks the students have been encouraged in their desire to express their opinions on this issue of national importance. The students have now been deprived of this opportunity and the YMCA desires to provide it for them.

"Our decision is being made independently of the debate carried within Student Government and results solely from a desire to poll student opinion on the Vietnam War. Realizing the near impossibility of drawing up a thorough list of alternatives with which students are

now familiar. In addition, we have included a fifth alterna-

According to Jonathan Gibson, past president of the Y, a fifth alternative will read: "None of the above alternatives accurately represents my position, but in general I favor (1) escalation, (2) de-escala-

tion of the present U.S. effort in Vietnam." Gibson said he hoped the referendum can be held at all the regular polling places on campus and in the dorms in conjunction with the referendum on Women's Rules and a constitutional amendment.

If this is not possible, he said, a number of centrally located polling sites will be announced.

Officers of the Y have requested that all students willing to help in holding the referandum come by room 102 of the Y Building Monday and sign up for times and places when they can man boxes.

The referendum will be open to all students with a slot on the ballot to indicate undergraduate or graduate status.

Pope Prays For End To War, Hunger

FATIMA, Portugal-Pope Paul VI came to Fatimarevered by Roman Catholics as the scene of a peace miracle-and prayed Saturday for an end to war, hunger and the stockpiling of arms in a world that he said is in danger.

A massive throng knelt before him during open-air Mass just a few feet from the site where three shepherd children said the Virgin Mary appeared six times in 1917 and told them to pray for peace at a time World War I was spilling across Europe. Police estimated there were a million persons in the vicinity of the shrine and another two million spread along the Pope's 25-mile route from Monte Real, where his plane landed, to Fatima.

The Scott College Senate has passed a resolution stating that the services of Scott will be available to the Arthritis Fund at any time.

Monday Scott will begin working again for the Foundation, once more sending out letters throughout the state. The letters will give information on the National Arthritis Foundation and on the arthritis hospitals in the U.S., in addition to the plea for contributions that will be included.

Also planned for this year is a "Tag Day"-type drive in Durham that will concentrate on soliciting contributions from Durham businessmen. Bob Farris estimated that the Durham drive will require the concentrated effort of about 50 people to bring about.

As another fund-raising project Scott Residence College will present a nationally-known entertainer in concert at UNC sometime next year, with the proceeds again to be sent to the Foundation.
