Congress Passes Air Pollution Bill

WASHINGTON-Congress passed and sent to the President Tuesday a \$428 million bill to fight air pollution for the next three years. The bill couples short range powers to deal with smog crises

with a long range federal-state program to clean up dirty air. It also earmarks \$125 million out of the total authorization for fuel research—an attempt to determine which fuels are to blame for pollution threatening the health of millions of city

No Substitute For Victory-Dirksen

WASHINGTON-Senate GOP Leader Everett M. Dirksen said Tuesday "there is no substitute for victory" in Vietnam. Ambassador Ellsworth Bunker, meanwhile, said U.S. war protests were "disturbing the Vietnamese" but were not bothering U.S. troops.

Dirksen drew cheers from some 5,000 real estate brokers when he said the late Gen. Douglas MacArthurwas right when he said there was no substitute for victory.

"If I have any objection, we've been there too long and haven't aggressively . . ." Dirksen said before his words were drowned out by applause.

Bunker said that although some leaders of the Saigon government are troubled by U.S. antiwar demonstrations, they are "satisfied that we are going to keep our commitment."

Marine General Killed In Vietnam

SAIGON -North Vietnamese forces Tuesday fired heavy 122mm rockets for the first time at U.S. troops defending the Dak To area where American officers said Hanoi has committed 6,000 elite troops in a drive to overrun the Central Highlands of South Vietnam

While the bloody Dak To battle raged through a 13th day, a flaming helicopter crash killed the commander of 20,000 Marines in South Vietnam, Maj Gen. Bruno Arthur Hochmuth, and five other men, near the northeastern coastal city of Hue.

Hochmuth, 56-year-old commander of the 3rd Marine Divivision, was en route back to his troops defending the Demilitarized line border after strategic talks with a South Vietnamese general when his helicopter exploded and crashed in flames into a rice paddy.

Sen. Hart Asks Draft Ruling

WASHINGTON - Sen. Philip A. Hart, D-Mich., asked the Justice Department Tuesday to rule on his contention that students interfering with Selective Service should be fined or jailed-not drafted.

In a letter to Atty. Gen. Ramsey Clark, Hart opposed a recommendation by Selective Service Director Lewis B. Hershey that student protesters interferring with the draft or military recruiting be subject to immediate induction.

Hart said he did not intend to encourage "illegal or irresponsible protests." But, he said, "under state and federal law there are sanctions in the form of fines and jail terms which can be applied to illegal acts of protest."

He argued, however, that "cancellation of a student deferment is not . . . one of the sanctions under either the Selective Service law or its regulations which can be applied by Gen. Hershey to draft war protesters.

Stasssen Announces ... Again

MILWAUKEE, Wis. - Former Gov. Harold E. Stassen of Minnesota Tuesday became the nation's first announced presidential candidate. He said he will enter the 1968 Wisconsin primary as a Republican "peace candidate."

It will mark the seventh time Stassen has bid for the nomination. He has run every four years since 1940 with the exception of 1956. He won the 1948 Wisconsin Republican primary.

SALLY COOK

Farris Is President; Other Results Not In

By HUNTER GEORGE of The Daily Tar Heel Staff

Charlie Farris led the Student Party ticket to a clean sweep of junior class offices in Tuesday's election.

Returns were not in late Tuesday night on the sopho-more and freshman class rac-

es. Those ballots will be count-

In the junior class, Farris defeated independent Brugh Reynolds and UP Jim Newlin to win the top spot, Exact vote totals were not available, but winners were announced as follows: Bob Eadies (SP) beat Rodney McNabb (UP) for junior class vice president, Sally Cook (SP) won the treasurer spot over

Molly Nicholson (SP) beat Pam Perkins (UP) for secretary, and Sarah Dorsey (SP) won over Julie Suk (UP) for social chairman position. For Negro Recruiting

UP Jackie Frost.

In the race for seats on Men's Honor Council, the only two positions contested saw Winbourne King (133) and Ben (Hawfield (72) defeat David R. Patterson (67) in MD III, and Champ Mitchell (291) and Bill Lee (252) defeat Richard Gizinski (126) in Hinton James.

In the uncontested races, Larry Krieger (131) won the seat in Granville West, Howard Miller (64) and Jay Schwartz (56) won in MD IV, Lorenzo Lewis (24) won in MD V, Ashley Thrift (250) won in MD said he has received about 12 VII, and Bo Bishop (396) won

For Women's Honor Council. Ann Merricks (30) and Susan Scripture (29) won seats over Jane Thurlowe (24) in WD I. Rebecca Pope (61) was uncontested in WD II, Ellen Sugg (103) edged Patricia Owens (99) in WD II, and Karen Checksfield (101) beat three contestants in WD

In WD V, Martha Levell (111) was uncontested for one of two seats. No one ran for the second seat, so it will be filled by presidential appoint-

In Winston - Conner - Joyner Livy Miller (158) and Barbara Gaddy (98) were uncontested for the two seats.

Gene Moncrief (91) and Karen Freeman (73) took seats over Ibba Wilson (54) in Granville East.

Returns for sophomore and freshman races were not in because of the lack of persons to count votes.

Elections Board Chairman Norman Zettel said counting will resume this afternoon about 1 in Roland Parker I and II probably. He urged students to help in the counting.

Managing Editor Of UPI Coming

H. L. Stevenson, managing editor of United Press International, will discuss how a world news service covers such diverse subjects as ra-cial strife and the Vietnam

war here Nov. 20. Stevenson will speak at the November meeting of the UNC Press Club in Howell Hall. The 7 p.m. talk, which will be fol-

wer session, is open to the public. As manager editor, Stevenson is in direct charge of the day-to-day operation of an international news agency which supplies an estimated 4,500,-000 words of news to some 6,480 subscribers in 114 countries and territories.

lowed by a question-and-ans-

Stevenson worked in the Atlanta, Tallahassee, Jacksonville and Tampa bureaus. He also was Virginia state manager, with headquarters in Richmond, and was a business representative in North Carolina.

From 1960 to 1963, Stevenson was a news editor in New York, He was Southern Division news manager in Atlanta from 1963 to 1964 when he was named assistant managing editor in New York. Stevenson was appointed managing editor in 1965.

Stevenson covered virtually every major civil rights story in the South from 1953 to 1963.

priated the money to the Caromade a Student Government organization Tuesday by Student Body President Bob Travis in an executive order. He appointed Phil Clay, who and . . . are outside the tradi-

first proposed the idea of recruiting Negroes, to be direc-Clay commented that he would "go ahead and carry

out the program and hope there will be some good benefactors to fund the program."

Critics of the bill opposed it on the grounds either that Student Government couldn't afford the program, or that the bill was discriminatory, or that recruiting was the respon-sibility of the Administration. Rep. Dick Levy, SP from James, told the legislators that

they should vote for the bill "on very pragmatic grounds."

He said the legislature should vote for the bill because the social, economic, and political situation of the Negro constituted one of the major problems of the state and nation.

that spoon servings may be rounded "but do not go into the pan for that little bit Chase's manager James Car-

penter wrote that this over-

portioning "must cease if we are to maintain our business and your job." Carpenter took over as manager of Chase the day after

the dining hall was given a "C" sanitation rating three weeks ago by the State Board of Health.

Carpenter commented on the note which was tacked to the employes' bulletin board, saying "any business of any kind has a certain amount of service or product for a certain price, and when these limits A three part program on so-cial, legal and ethical aspects are exceeded, they have to be cut down."

He said he did not know if fessor Michael Katz of the the too-large servings were Law Scool; Professor J. Ricaffecting the profit margin of Chase. "I haven't been here long enough to know about son of the Religion Departthat," he said. University Food Service di-

rector George Prillaman said the directive did not come from his office, but he supposed that Carpenter "was simply following directions as set down in his manager's manual."

"Each item is listed in the manual," Prillaman said, "and beside it is a price and an exact amount that should be followed."

Prillaman said, "I imagine that Mr. Carpenter has be e n reading his operation manual, as I told him to do, and is trying to make the Chase portion size meet the standardiz-He said he did not know if

the portion size was affecting the profits at Chase. "I really don't think that is Carpenter's concern. Rather, I believe he is simply trying to follow the manual directions." The note read as follows:

"Each of the serving spoons, dips, etc. are designed to give a definite amount of food at a (Continued on Page 6)

The Moon—'Bring A Piece Back'

Panel Discusses Pot

By ERNEST ROBL "Getting there and bringing

a piece of it back is the main thing," was the way Dr. William E. Thornton put it. The "it" he was talking about was the moon.

But Thorton — a native of Faison, who was named a scientist astronaut in September -has other things to worry about at the present time like learning to fly jets. Thornton, who graduated

Service League Asks Carolina Coed Help

The Chapel Hill Junior Service league needs the help of UNC coeds to help make decorations for it's annual Christmas House

The Christmas House is a project in which the town's needy families are given gifts of food, clothing, toys and holiday decorations "in a way which will preserve the dignity of the recipients."

Any type of tree decorations such as felt ornaments are greatly needed. For further information contact Mary Anne Ragland at 929-5583.
