

Choice 68 Referendum Polls Open Wednesday

(Continued from Page 1) a result Hubert Humphrey's name does not appear in the list while President Johnson's does. Humphrey's name may be written in the space that is marked "other" on the ballot. Votes will still be tabulated for Johnson.

Dr. Martin Luther King, Jr., who was assassinated before Easter in Memphis, is also listed on the ballot.

The other candidates are Fred Halstead (Soc. Worker), Mark O. Hatfield (Rep.), Robert F. Kennedy (Dem), John V. Lindsay (Rep.), Richard M. Nixon (Rep),

Charles H. Percy (Rep.), Ronald W. Reagan (Rep), Nelson A. Rockefeller (Rep), Harold E. Stassen (Rep), and George C. Wallace (Amer. Ind.)

In addition to the presidential candidates, there are three referendum issues. As Fred Halstead pointed out in his visit to the campus, this is the first uniform national referendum on the war in Vietnam.

The first issue pertains to the course the United States should pursue militarily in Vietnam. The choices are immediate withdrawal of all U.S.

forces, phased reduction of U.S. military activity, maintain the current level of U.S. military activity, increase the level of U.S. military activity, "all out" U.S. military effort.

The second question deals with the bombing of North Vietnam. The Presidents announcement that he would stop bombing north of the 20th parallel makes it necessary to clarify the meaning of the choices offered.

Nelson Rockefeller "heartily approves Choice 68." He calls participation in Choice '68 "vital to the future of democracy in America" and charges college students to "participate fully in the established political system."

Student groups have organized on campus in support of candidates Kennedy, McCarthy, Nixon, and Rockefeller. All of these groups, in addition to the support of their chosen candidates in the general election are urging strong participation in Choice '68 by all students. The results which will be made known before the May primary will have great potential in influencing the voters of North Carolina.

Kennedy for President. Choice '68 will hold a rally in Gerrard Hall Tuesday April 23 at 7:30 p.m.

Don Dell, Captain of the U.S. Davis Cup Team and Special Assistant to Sargent Shriver will address the rally and answer questions from members of the audience.

Mr. Dell will be completing a speaking tour arranged by the N.C. Volunteers for Kennedy. It has included the campuses of UNC at Charlotte, Davidson, Wake Forest and Duke Universities.

Headquarters for the N.C. Volunteers is in Chapel Hill.

Library To House Special Collections

Plans for a library to house the Special Collections of the UNC Library were advanced recently by a gift of nearly \$23,000.00 from the Weil Family of Goldsboro.

The proposed new building, to be located adjacent to the University's Wilson Library, will provide modern facilities for the North Carolina Collection.

Dr. Paul D. Fullagar of the UNC Geology Department has received a two-year grant of \$32,500 from the National Science Foundation.

The grant will enable him to continue his research in geochronology. His studies involve the analyses of rocks for their rubidium and strontium content used in measuring the ages of rocks.

The main objectives of the research are to better define the geologic time scale and also to evaluate the reliability of rubidium and strontium age determining devices.

Rocks to be analyzed in this study will come from Maine, Virginia, North Carolina.

Davis Cup Captain To Speak

The column, which appears every Sunday, varies widely in subject matter. Thus far, it has treated the Garrison investigation in New Orleans, the report of the President's Committee on Civil Disorders, the vocabulary of the under 25 generation, and American foreign policy in Asia.

The purpose of the column is to provide ideas. It is something of a "think tank" suggesting alternatives to present policies in any area it chooses to treat.

Between the two opening-day speeches a distinguished panel of law enforcement officers will discuss the Kerner Commission Report.

The attorney general's topic will be "The Anatomy of Community Relations."

The seminar will meet at the Robert E. Lee Hotel.

Donald McEvoy, national program director for community relations and administration of justice of the National Conference of Christians and Jews, Inc., will deliver the after-dinner address on Monday night.

THE THINKING MAN'S CHOICE...

You can't just wish your way out of the kind of problems we've got today. You've got to think them through—and that takes a lifetime of getting ready.

Think about Viet Nam. A brutal conflict that tears the nation. A new kind of war against a new kind of enemy, that requires new concepts of concerted military, political, and diplomatic effort. This is a time when we must explore every avenue toward settlement—but keep up our guard against the temptations of a camouflaged surrender.

Think about your dollar. Weakened and shrunk by buy-now-pay-later politics, eaten by taxes, threatened by the balance of payments and the gold drain. It's going to take skill and understanding to get an \$800 billion economy back on the track—and keep it there.

Think about your children. About their schools. Their college. Will there be a place for them? And the world they inherit. Will it be worth inheriting? Will they have a world to inherit?

Think about the cities. About the civil war ripping our nation apart. About violence and crime and despair. About the need for both the rule of law and the light of hope. About the new statesmanship needed to make our nation whole again by making our people one again.

Think about the world. Its complexity and its challenge. Russia. China. NATO. SEATO. the OAS, the UN. Europe. The Middle East. Africa. Latin America. Asia. Nuclear arms and diplomatic maneuvers. A world entering the most dangerous period in its history, and looking to the United States for leadership that can take it safely through.

Think about the Presidency. Its awesome powers and its lonely responsibilities. The range of things a President has to think about, know about. The great decisions that he alone can make, and that may determine the fate of freedom for generations to come—and even the survival of civilization.

Think about the one man who is best qualified for that office. With the sure hand, the balanced judgment, the combination of seasoned experience and youthful vigor. The one man who has gained a perspective on the Presidency unique in our time—from 20 years in public life, eight of them at the very center of power—followed by a rare opportunity to reflect and re-study, and to measure the pressing needs of America and the world in this final third of the 20th Century. The one man prepared by history for the world's toughest job—the one man who can really make a difference in these troubled, dangerous times.
