activities which will promote exchange among the residence college systems on campus and the ISC."

Danielle judged the over-all ISC program to be "very effective" during the past year the center has been in operation.

"We sponsored I-Week in April and the Student Travel Abroad rates which are perhaps the most notable programs," she said.

In addition the Center sponsored the Thursday night professor speaker program whereby the Center invited a visiting professor to speak each Thursday night on some relevant topic.

Steve Mueller cited the films and the International Picnic as high points in the past program. "We took a large screen and mounted it from the front of Bynum Hall and showed flicks from the lawn in front of the Center," he explained. "The outdoor theater aspect drew a large crowd."

First SG Meeting Approves Budget

The first meeting of the Summer School Student Government Executive Board took place in the office of Student Body President Ken Day on Wednesday, June 12.

Some of the most salient questions facing the group during this informal meeting were the approval of the summer budget for Student Government, the approval of the members of the Women's Honor Court, the approval of additional members of the Men's Honor Court, and the problem of selecting an executive secretary before the start of classes in the fall.

In addition, Fran Upchurch was named to the Summer Publications Board.

A major portion of the summer budget was allocated to the Tar Heel. Funds were also granted to bolster the programs of the Campus Orientation Commission, the Student

Government Executive Offices, and the International Student Center.

Members of the Summer Women's Council as approved are: Kathy Hand, Lindley Hoffett, Peggy Breckinridge, Gray Anderson, Pat McCauley, Kem Mort, Judy McConnel, and Ann Nerrick.

President Day named Don Milbraith, Kelly Alexander, and Fran Upchurch as a committee of three to interview candidates for the position of Executive Secretary.

Anyone wishing to apply for this fulltime position should contact the Student Government Executive Offices.

At the close of the meeting, the date of June 24 was set as the next plenary session of the Board. Its members are Kem Mort, Kelly Alexander, Fran Upchurch, Norman Block, Dan Killian, and Don Milbraith.
