

Calls Administration 'Careless'

Nixon Raps Fiscal 'Management'

By United Press International

Detroit, MICH.—Richard M. Nixon said Monday that "careless management of federal fiscal affairs" by the Johnson administration may cut into future spending for space exploration.

Fresh from a balmy weekend spent in Key Biscayne, Fla., the Republican presidential candidate arrived here for a statewide television program Monday evening and a meeting on urban problems with Gov. George Romney Tuesday morning.

Before leaving the Miami area, Nixon issued a statement pledging, if elected, to strive for United States preeminence in space.

But he added, "We must face the fact that war, balance of payments difficulties, urgent domestic requirements and careless management of federal fiscal affairs have put our resources under great strain.

"In these circumstances, we find that we cannot afford to do all that we wish in all areas of national effort. In space we

must do all that we can," he said.

Nixon told reporters at Detroit Metropolitan Airport that Michigan is "a battleground" but he said he has been receiving encouraging reports from his staff about his chances of carrying the state Nov. 5.

On the War Nixon agreed with Defense Secretary Clark M. Clifford's view that the South Vietnamese should take over the fighting.

On a Sunday television interview show, Clifford said he was hopeful that U.S. troop commitments could decline but insisted there were "no plans" to reduce them.

Nixon said in a statement that he "was pleased" at Clifford's de-americanization quotes and added that as president he would "advance this program far more vigorously than has the present administration."

Student Role Is Topic Of Reidsville Meeting

The Student-Faculty-Administration conference to discuss the extent and means by which students should play key roles in resolving questions vital to the University has been set for October 4-6.

Representatives to the conference to be held in Reidsville, N.C., will examine the roles played by the students, faculty, and administrators in solving major problems and issues on campus.

In addition, the conference will attempt to define specific things that should be done to open up communications and increase involvement in University decisions.

Students' roles in University policy-making in such areas as

curriculum planning, visiting agreements, women's rules and the drug policy will be the basic questions considered at the conference.

Charlie Jeffress, chairman of the Student Leadership Development Commission said, "The purpose of this conference is to design ways to

approach the issues which will face the University this year. "Key members of the faculty and administration desire to meet with students.

Carolina Union Holds Auditions For 'Wizard'

Auditions for the Carolina Union production of "The Wizard of Oz" will be held this Sunday, October 6, at 2 p.m. in Memorial Hall, announced Virginia Nalling, Carolina Union Drama Committee chairman.

Parts are open in the large cast for actors, singers, and dancers. All students and children (for the role of Munchkins) are invited to

attend. Singers are requested to prepare a song to sing to the auditions. Woody Durham, Carolina Union Music Chairman, will accompany.

Auditions for the role of Toto, the dog in the cast, will be held at a later date.

The group decide to begin a campaign on Tuesday, Wednesday and Thursday (October 1-3) to ask for volunteers willing to devote time and work to lowering the prices.

Boxes and posters with the

slogan of the group, "There's no such thing as free love in Chapel Hill—like everything else around here, it costs twice as much," will be placed at Lenoir, Chase and Y Court. Forms will be available for people who want to work with the group to fill out and place in the boxes.

Citizens For Nixon Sponsors 'Speak Out' Rally In Gerrard

The United Citizens for Richard Nixon will sponsor a "Speak Out" at Gerard Hall on Tuesday, October 8 at 2 p.m. in what is billed as perhaps "the largest Republican-sponsored rally ever on the UNC campus."

Dick Bryan, president of the campus Young Republicans, will be one of a panel of four who will speak out in support of Nixon for president as the main part of the program.

Following their statements, the floor will be open to questions on the issues from anyone in attendance. The panel members will not reply directly to the queries, but that will not be their purpose.

Nixon people on hand will film and tape individual questions and will take them back to New York for editing into a half-hour national television broadcast. UNC is one of several colleges around the country selected to participate in such "Speak-Outs." The selected questions from each college will be used on the national program.

Bryan said that each person addressing a question or comment from the floor will receive a personal reply from Nixon.

"We expect a crowd of between 300 to 500 people," he added of the gathering which is open to all students. "It should be the largest crowd the Republicans have had at UNC in at least the 10 years that the YRC has been organized."

Other members of the discussion panel are Nicki

Bush, secretary of the campus Young Republicans; J. Harold Herring Jr., the general chairman of the North Carolina College Republican Federation and a student at Atlantic Christian College; and another member to be named.

SNEA Undertakes Reorganization

By J.D. WILKINSON
DTH Staff Writer

The Carolina chapter of the Student National Education Association announced in a press release Saturday that it has undertaken a program of radical reorganization.

In the release, the organization said a five-member Executive Board has been created to replace the usual hierarchy of officers.

Board members include Cheryl Anders, Elaine Douglas, Peggy Morgan, David Potts, and Robert Tuller.

The group also announced plans for a membership drive to be held Monday, September 30, and Tuesday, October 1, in the main lobby of Peabody Hall. The drive will be followed by a membership meeting Tuesday at 8 p.m. in 08 Peabody.

All education majors are invited to sign up at the SNEA booth in Peabody and to attend the meeting Tuesday night.

In explaining the chapter's reorganization, the release said, "It is felt that through a structure of this type a more active Association can be achieved. The keyword for the new program is involvement; involvement through membership participation. This will be achieved by the establishment of several committees responsible to the Executive Board."

The Carolina chapter of SNEA will hold its first regular meeting Tuesday, October 8, at 8 p.m. in 08 Peabody. The guest speaker will be Dr. Gerald Unks of the UNC Education Department.
