

UNC's 'Diary' Airs Tuesday

CHAPEL HILL -- A special television version of Gogol's "Diary of a Madman" will be presented on WUNC-TV (Channel 4) in the "North Carolina: The Arts" series.

The play, which was presented on stage here last spring, will be televised at 9 p.m. Tuesday, Oct. 15. A special repeat broadcast is scheduled at 3 p.m. Sunday, Oct. 20.

This will be the first television version of the complete work. The production was adapted by its star, British actor Michael Meneagh, and UNC English Professor Richmond Crinkley, from the translation by Andrew MacAndrew. The television version was developed by Roger Koonce, executive producer and Bill Nannan, producer-director.

A study in comic isolation, "Diary of a Madman" tells the story of a Russian clerk (c. 1840) whose mind disintegrates because the people around him neglect him so completely.

The original music was written by British composer Robert Comford.

Michael Meneagh is 22 years old and an Oxford University graduate. He began his theatrical career at age three as a cherub in a Christmas pageant. Since then, he has played a variety of roles, including a long list of Shakespearean parts and Columbia Pictures version of "Dr. Faustus."

Meneagh admits he enjoys "Diary of a Madman" more than any of the other plays he has done. "The character is so rich and full that one very quickly forgets one is acting it," he said. "The powerful parts affect me—I have to make a conscious effort to relax when it's over."

Crinkley, who originally staged the drama, likes to emphasize the tragic comedy of the piece. He believes it makes the overall tragedy of the play "much more searing."

"After laughing at Poprishchin's delusions, the audience gets appalled a little bit at themselves as well as what's happening," he noted. "Gogol himself went mad. He drew on it and everything he wrote is tinged with the bizarre."

Redwoods Preserved
SAN FRANCISCO (UPI) — The California Redwood Association says 142,000 acres of coast redwood land are preserved in government parks and reserves.

Michael Meneagh as Gogol's 'Madman'... In TV Production Staged By Prof. Crinkley

More Memorabilia On Sanitation & Security

1936

The sanitary ratings of restaurants (December 1936) were published: Carolina Coffee Shop in the lead with 98%, University Cafeteria a close second with 97.5%, Harry's right in there with 96.5%, the Carolina Inn with 90% and Sutton's with 39%.

Half and Half pipe "mixture" ("one swell smoke!—makes your pipe chummy") ranked high in popularity with the campus crowd.

Strowd Motor Company sold its '35 Ford Coupes for \$450 and its Model T's for \$25.

The movie page of the DTH proclaimed: "Shirley dances... Shirley sings... She's for you and you're for her... Shirley Temple in 'The Littlest Rebel' (You'll cheer

when she defies the whole yankee army, you'll love her as the little belle of Old Virginny and your heart will do strange things as she does her best to be brave.)"

Frank Bucks starred in "Fang and Claw"—(a ton of thrills from the land of the 10 ton beasts.)

And an irate alumnus (class of '05) severely criticized the year's issue of the Buccaneer: "When a college publication touches on either of the two most controversial of all subjects—religion (whether symbolic or otherwise) and/or politics, it's time to crack down!" (No statement was available from Dean Bradshaw)

1947

Dance regulations for the school year of 1947 were established almost immediately. (1) Chaperones must be approved by the Board of Chaperones. (2) Any girl desiring to leave the dance hall during an evening dance with the intention of returning must be accompanied by a chaperone during her entire stay from the dance. (3) Anyone showing signs of drinking will be dealt with by the dance commission.

Meetings were called for students interested in staging protests and taking "drastic action" against the "current invasion of long skirts."

Advertisement: "The Shack—Just a whisper off Franklin Street."

The student handbook arrived five months late. Student body president Tom Eller warned students against gambling and drinking. He asked that students "not fall prey to professional gamblers and people who have no real interest in the university." In regard to drinking at football games, he stated "the general public will and should censure our indiscretions."

1958

The year 1958 began in style when two State students were arrested for trespassing in Kenan Stadium. The students told police "they had never seen beautiful Kenan Stadium and decided to ride to Chapel Hill to have a look at it." No mention was made of the large "S" which was burned into the field the previous year.

Demands for a new student

union increased. An editorial summarized the problem: "Every year there is a great deal of outcry from the state about wild frat parties, about panty raids, about drinking and about other activities that would tend to shed a bad light on the university, and every year the legislature appropriates money to many causes without remembering the need for a healthy outlet for the excess energies of the students."

"Harry's—where food is on its best behavior."

"You can get clipped for less at the GM Barber Shop (Just \$1)."

Dorm security was somewhat jeopardized when night watchman John P. Carson was found guilty on charges of assaulting a co-ed.

They will see boys who do nothing but play 7 card stud in the dorm rooms, fraternity men who have little more to do than drink a tall Bud, dorm women who are too busy with petty problems to offer anything to the school, sorority girls who make a farce out of the campus code, and teachers who care nothing for the individual."

Trio To Participate In Thailand Meeting

Three University of North Carolina faculty members will participate in a two-week communications workshop in Bangkok, Thailand in December.

The workshop is being conducted by the Carolina Population Center of UNC here and the School of Public Health at Bangkok's University of Medical Sciences. The study will focus on communications aspects of family planning programs.

The international faculty selected to conduct the workshop includes Robert B. Blake, director of the Population Center's Educational Materials Unit, and lecturer, Department of Radio, Television and Motion Pictures; Dr. Wesley H. Wallace, Chairman, Department of Radio

and Mrs. Deborah W. Stirling, publications specialist for the Population Center, and lecturer for the Department of Radio, Television and Motion Pictures. The workshop is designed to provide intensive, practical training for information specialists serving health ministries and family planning agencies.

Information specialists from 15 nations in the Near East-South Asia region and the United States will participate.

Ministry Spurs IFC Talks

By BRYAN CUMMING
DTH Staff Writer

The Intrafraternity Council Monday night discussed a proposal for a semester discussion program sponsored by the Campus United Ministry, the water shortage, academic averages for all houses, and the problem of noise in fraternity houses late at night.

John Butler, one of two campus pastors with the United Campus Ministry, addressed the IFC on the possibility of sponsoring a campus wide program on any selected topic for a semester project, similar to the experimental college.

Butler, the IFC Chaplain for 1968-69, has introduced similar programs at other schools, such as an eight-week forum on sexuality conducted at Michigan State University.

Butler described the idea as "anything that would stress humanizing encounters in the fraternity system."

IFC President John Callan expressed his approval of the idea.

Assistant to the Dean of Men Richard Baddour was also present at the meeting. He

addressed the IFC representatives on the subject of grade reports and the water shortage.

The report stated that the Spring, 1968 academic averages were as follows: for all male undergraduates, 2.335; for all male undergraduates minus fraternity average, 2.334; and for all fraternities, 2.357.

Concerning the water shortage, Baddour issued a plea for conservation, recommending that each house use paper plates and cups.

Baddour also mentioned that the fraternity system used 2.87 billion gallons per month. The house that used the most water was Phi Delta Theta.

Steve Hope, Treasurer of IFC, gave a report on a bill to increase pledge fees and other dues to compensate for the increase in the cost of living.

The bill added ten dollars to the annual dues of each house. IFC dues were increased from \$25.00 to \$30.00.

Another topic of discussion was complaints that have been

produced by noise from juke boxes late at night. The Chapel Hill Police and the IFC both intend to crack down on offenders.

The Chapel Hill Board of Aldermen recently passed an "Antinoise Ordinance" to preserve the "repose" of citizens of Chapel Hill.

IFC President Callan termed the problem "very serious." Fraternities who are tried for

excessive noise by the IFC Court may be fined a maximum of fifty dollars.

The IFC also moved to purchase the traditional two pages in the yearbook for each fraternity at the cost of \$200.00.

The IFC meets every other Monday night in Gardner Hall. Council President Callan wishes to emphasize that any student may attend the meetings.

Campus Calendar

WUNC radio is taking applications from students interested in announcing, engineering, music programming and other aspects of radio broadcasting. No experience is necessary. Applications may be made at Swain Hall, west entrance.

UNC OUTING Club will hold a rope-work practice session Saturday. Members are asked to meet in the Planetarium parking lot at

12:30 p.m. for rides to Durham Fire Tower.

ENGLISH conversation class for wives of foreign students and foreign visitors begin today. Classes will be held during the morning hours twice monthly in Chapel Hill residents' homes. A supervised playroom and nursery for preschool children will be provided.

AFRICAN BALLET at 8 p.m. in Memorial Hall.
