

### 16,430 Students Is All-Time High

# Professionals Boost UNC Enrollment

The fall enrollment at Carolina increased 197 students over last fall's, according to statistics released yesterday by the Office of Records and Registration.

Total enrollment is 16,430 compared to 16,233 last year. Most of the increase is due to the influx of graduate students in the professional schools of law, medicine and dentistry (from 990 to 1072) and of evening college students (from 427 to 507).

Frank Giles, assistant director of the office, said more students are taking

advantage of night classes, working during the day and attending class at night with a reduced academic load.

Also increased is the number of undergraduates in health sciences (up 65) and the number of graduate students in fields other than the professions (up 26).

Total undergraduates in academic affairs, on the other hand, showed a decrease of 14, while increases were recorded in the Schools of Arts & Sciences, Education and Journalism, total in the General College dropped 141

from last year. "The drop is due to many students transferring to other schools either within or outside the University," Giles said.

A decrease of 42 was recorded in the graduate centers, both on and off campus.

Statistics show an increase of 277 freshmen students from last year but a drop of 393 in the sophomore class. Juniors increased by 242. Seniors decreased by 79 but fifth year undergraduates rose by 34. Special students increased by 41.

The undergraduates, totaling 11,142, show an increase of 132.

In undergraduate divisions the largest increases are in the School of Pharmacy (64) and the School of Arts & Sciences (87). The largest decrease is in

the School of Nursing (24).

In graduate divisions, the biggest gainers are the School of Public Health and the School of Law, both rising by 49. The School of Arts & Sciences dropped by 93.

The increase of female

students (110) is slightly more than that of males (87). Males outnumber females 11,431 to 4,999.

Considering only undergraduate students, the ratio is 7,821 boys to 3,321 girls.

## UP Officers Are Chosen, Moratorium Plan Drafted

By SUSI RUSSELL  
DTH Staff Reporter

The adoption of a policy on the Vietnam war moratorium and the election of officers were the primary items of business at a University Party meeting Sunday night.

The 120 members present urged "all students to take this opportunity to examine their stands on the American involvement in the Vietnam War."

Also, they "further urge all students who feel that efforts toward ending the war should increase, to express their opinion in the Oct. 15 moratorium."

The final policy statement, introduced by Carol Spruill, secretary of the student body, recognized "the legitimate democratic process of forming pressure groups to relate public opinion to representative leaders."

In an attempt to revive the importance of class officers on campus, the UP also agreed to nominate candidates for the election of class officers this year.

Guil Waddell, who was elected permanent chairman of the UP, pointed out that a person must be present at at least one party meeting prior to the nominating convention Oct. 26 in order to be eligible to vote.

Discussion on a double jeopardy policy stand of the UP was delayed until the next meeting, which will be held Sunday, Oct. 12, at 8:00 p.m. in Howell Hall.

Legislature vacancies which have been filled by the executive board through interviews were also

announced. The appointments include: Men's District 1, Gene Yates; MD 4, David Wynne; Women's District 1, Joan Bardin.

Trent Oliver, Paul King and Vergil Deetus have been nominated for the two seats in MD 10.

The Craig Senate will make a final decision on the nominations for that district.

MD 4, MD 12 and WD 4 remain vacant. Interviews for students interested in these positions are to be held Monday or Tuesday of next week.

Persons interested in running for class offices should contact Guil Waddell before Saturday at 933-3904 between 2 and 5 p.m.

## Prayer For Peace Services Slated

There will be a community prayer service for peace held in the Chapel of the Cross at 8 p.m. Oct. 15.

The service is sponsored by the Chapel Hill-Carrboro Ministerial Association and the Campus Ministry.

The Rev. W.W. Finlator, pastor at Pullen Memorial Church in Raleigh, will deliver the homily at the service.

Students of the University and clergy from town and campus will fill the official functions of the service, and the congregation will be invited to participate in songs and responsive prayer.

The Rev. H.L. Watson, pastor of the University

Methodist Church and chairman of the Ministerial Association, said the service "should not further polarize the positions" taken on the Vietnam war.

"The only demand to be made at the service will be directed to God that He immediately deepen our thirst for peace as the rational context for human living and that he give us the wisdom to find the shortest way to that goal," said the reverend.

## Voters Register

Voter registration for Orange County and the Chapel Hill area will be Oct. 11, 18 and 25 from 9 a.m. to 6:30 p.m.

Mrs. James Brown, a member of the voter's registration committee, said the League of Women Voters would probably not operate information booths at Chapel Hill registrants as it has in previous years.

Instead, she explained, "We will probably use radio and newspaper announcements. We have just started a fact sheet on the tax issue that will be handed out to voters."

Mrs. Stuard Chapin, a member of the elections committee in the league, hopes to have permanent registration after this year's election.

"The old system was registration a month before election day. With the new system the books would be open during the weekdays and not a month before elections," she explained.

The election books would close a month before election with the new system, she added.

Registration booths in the Chapel Hill area will be located at the following precincts: Country Club, Woolen Gym; Glenwood, Glenwood Elementary School; King's Mill, Barrett's Garage; Westwood, Lincoln Elementary; Northside, Fire station No. 1; E. Franklin, Chapel Hill Public Library; and Estes Hills, Guy B. Phillips Junior High School.

Voters unsure of their particular precinct should contact Mrs. Esther Kuhlman at 967-1574.

# Our pill.

Does it really work?

If you've ever resorted to NoDoz\* at 4 a.m. the night before an exam, you've probably been disappointed.

NoDoz, after all, is no substitute for sleep. Neither is anything else we can think of.

What NoDoz is is a very strong stimulant. In fact, NoDoz has the strongest stimulant you can buy without a prescription.

Caffeine.

What's so strong about that?

If we may cite *The Pharmacological Basis of Therapeutics*: Caffeine is a powerful central nervous stimulant. Caffeine excites all portions of the central nervous system. Caffeine stimulates all portions of the cortex, but its main action is on the psychic and sensory functions. It produces a more rapid and clearer flow of thought and allays drowsiness and fatigue. After taking caffeine, one is capable of more sustained intellectual effort and a more perfect association of ideas. There is also a keener appreciation of sensory stimuli.

Very interesting. But why take

NoDoz when you can get caffeine in a cup of coffee?

Very simple. You take NoDoz all at once instead of sipping coffee for 10 minutes. And if you take two NoDoz tablets, the recommended dosage, you get twice the caffeine in a cup of coffee.

Two tablets— isn't that likely to be habit forming? Definitely not. NoDoz is completely non-habit forming.

Which means it's safe to take whether you're cramming at night. Or about to walk into an 8 o'clock class. Or driving somewhere (even though you're rested) and the monotony of the road makes you drowsy.

One last thing you should know about NoDoz. It now comes in two forms. Those familiar white pills you take with water. And a chewable tablet called NoDoz Action Aids\*. It tastes like a chocolate mint, but it does everything regular NoDoz does.

And if you've managed to stay awake this long, you know that's quite a lot.

## TIME

The longest word in the language?

By letter count, the longest word may be *pneumonoultramicroscopicsilicovolcanoconiosis* a rare lung disease. You won't find it in Webster's *New World Dictionary, College Edition*. But you will find more useful information about words than in any other desk dictionary.

Take the word *time*. In addition to its derivation and an illustration showing U.S. time zones, you'll find 48 clear definitions of the different meanings of *time* and 27 idiomatic uses, such as *time of one's life*. In sum, everything you want to know about *time*.

This dictionary is approved and used by more than 1000 colleges and universities. Isn't it time you owned one? Only \$6.50 for 1760 pages; \$7.50 thumb-indexed.
