

# Town and council join to continue recycling

by Mike Fogler  
Staff Writer

About 36 tons of newspapers are sold in the Chapel Hill area every week — and that is the reason for a program for the collection and recycling of newspapers, according to George Houston of the Joint Action Council on Recycling.

The Joint Action Council and the Mayor's Task Force on Recycling have joined forces to try to alleviate the problem of newspaper waste.

The town has placed two collection dumpsters at the fire station on the corner of Eliot Road and E. Franklin Street (across from Kroger's) and at the Glen Lenox fire station. Students may place untied newspapers, but not magazines, in either of the dumpsters at any time of the day or night.

The town will take the collected newspapers to Raleigh once a week, where the recycling plant there will buy them for 50 cents per 100 pounds.

The idea of newspaper recycling was tried for 11 weeks previously by the Joint Action Council, an informal group of Chapel Hill citizens. Then Mayor Howard Lee asked the task force to investigate a permanent solution to the newspaper problem.

Actually, this recycling drive is only a temporary project until a permanent solution is found, Houston said.

Three UNC students who are actively working for this project are Houston and Carolyn Moseley for the Joint Action Council, and Tony Provlitis, chairman of the mayor's task force.

At present, the groups involved are investigating the possibility of a dumpster

on campus. "What we would like to see is for a student on each floor of each dorm to collect newspapers and drive once a week to a dumpster," Houston said.

Houston stressed the fact that any student help is welcome and that any number of newspapers collected will be significant.

"Ultimately, however, we don't want to collect anything, but we do want to get people to change their pattern of life," Houston said. It is the increasing ecological awareness and education of the public which is important, he said.

Plans for the future include the tackling of the problem of excess glass. Recycling could be a temporary answer. The ideal situation would be for all beverages, alcoholic and non-alcoholic, to be sold in returnable bottles, Houston said.

## News in brief

### Group wants student input

The Dean of Student Affairs Search Committee has begun work and invites students, faculty and other members of the University community to submit names of persons they believe should be considered by the committee for recommendation to the chancellor.

The committee must report to the chancellor by April 21 and for this reason request that anyone who wishes to nominate an individual for consideration to submit that person's name and, if possible, background information to the committee by March 21.

For the convenience of the students, boxes in which nominations can be deposited have been placed at the Y Court, Student Union, Medical School, and the law school. Forms are available at each of these locations.

In addition, names may be given to any member of the Search Committee or to Prof. Robert Byrd at the Law School.

Tuesday, March 21: S.S. Kresge, Co.; Ortho Pharmaceutical Corporation.

Wednesday, March 22: Thunderbird Graduate School of International Management; YMCA Camp Kanata.

Thursday, March 23: Blue Bell, Inc.; W.S. Peebles and Company, Inc.; The Prudential Insurance Company of America; P. Lorrillard Company.

Friday, March 24: East Carolina University; Good Humor Corporation; Department of Housing and Urban Development; Paul D. Camp Community College; The Pillsbury Company; Rose's Stores, Inc. ELECT

### Party affiliation can be changed

Persons who have registered to vote in Orange County with a "no party" designation can declare their preference now as well as on primary day, according to county elections officials.

According to Mrs. Caroline Cody, registration commissioner for the county, "If young people have made up their mind which party they wish to affiliate with in order to vote in the primary, they may declare their affiliation now in order to avoid a long line at the polls."

Transferring from "no party" to Democrat or Republican involves filling out a form during normal registration hours at the Municipal Building or at the courthouse in Hillsborough.

It does not bind a person to vote for the candidates of that party during the November general election.

"Persons do have the right to declare their party at the polls if they are registered now or if they register before April 7," Mrs. Cody said, "but they will save time later if they come see me before April 7 and declare a party affiliation."

Registration hours are Tuesdays: 9 a.m. to 5 p.m., Thursdays: 9 a.m. to 9 p.m. and Saturdays: 9 a.m. to 1 p.m.

### Summer jobs meeting set

The Placement Service is sponsoring a colloquium on summer jobs for UNC students who have not yet registered and who are seeking summer jobs.

Students may attend one of the meetings, which will be held Tuesday, Wednesday and Thursday. Anyone interested in attending must sign up in 211 Gardner.

## Job service sets schedule

The following organizations will recruit on campus during the week of March 20-24, according to the Placement Service.

Monday, March 20: Department of the Navy.

**If you want to do something to take a little of the insecurity out of this world, you might be happier at Aetna.**

If you have a gift for people, want to help them build a better life for themselves, Aetna would like you to consider taking an administrative position with us.

Why insurance? Because insurance was invented to give people security. Why Aetna? Because we have an excellent record in doing just that. Today, 27 million people look to us to help them build a more worry-free life. And that number is growing rapidly.

Aetna has a variety of administrative jobs open today, both in the field, and in the home office. Jobs that pay substantial salaries right from the start. They're challenging jobs in a fast-growing, innovative company.

We suggest you read the Aetna brochure "The Whole Truth" that's in the Placement Office. Cover to cover, it's an honest picture of an honest business.

There's a special section in it called "Administration and Service" which gives complete detailed descriptions of jobs for you. Some will have you dealing with firms, some with the public, some with individuals. But all put a premium on versatility, sound judgment, and the ability to originate and carry out plans and programs.

Coming with Aetna could give you an excellent chance to help thousands of people, young and old. Including yourself.

We are an equal opportunity employer.
