

BSM to sponsor anemia conference

A Sickle Cell Anemia Conference and Benefit and a free screening test will be conducted on the UNC campus Friday and Saturday by the Black Student Movement (BSM).

Discussion and films about the disease will be presented by Dr. James Bryan of the UNC Medical School and Kermit Simrel of the Duke University Medical School on the first day of the conference at 6 p.m. in Memorial Hall.

The next day, a member of the Winston-Salem chapter of the Black Panther party will speak on the problem at 7:30 p.m. in Memorial Hall. His talk will be followed by a talent show put on by people in the black community and the BSM.

Screening tests are tentatively

scheduled for both days.

Sickle Cell Anemia is a hereditary disease which causes the victim to become anemic and to feel weak. The sickle shaped red blood cell is thought to have been a genetic mutation which came about to insure immunity against malaria.

The sickle cell is useless in North American climates, and the weakened condition of the victim often leaves him susceptible to death by other diseases. About 99 percent of sickle cell anemia victims are black.

Tickets for the events are 50 cents and are available in advance or at the door. Receipts will be donated to the Black Panther Party's Sickle Cell Anemia Research Foundation in California.

Mayor proclaims 'Choir Day'

Mayor Howard Lee is proclaiming Saturday "Carolina Choir Day" here to aid the famed UNC group in its efforts to raise funds for the Choir's trip to Graz, Austria, in July.

The Carolina Choir and its director, Dr. Lara Hoggard, have been invited to appear as the resident choir of the International Youth Music Festival in Graz, July 11-15. However, the 80-member ensemble will have to pay its own way and the drive is on with a theme - "From Chapel Hill to Graz with the Help of Our Friends!"

All day long, from 9 a.m. to 6 p.m., the young men and women of the choir will be engaged in a Mile of Dimes

campaign, a bake sale, a noon sing in front of University Methodist Church and wandering minstrels with three guitarists from the group.

On Tuesday, April 25, the Carolina Choir will present two "mm" concerts in Hill Hall, at 7 and 8:30 p.m. in another fund-raising venture. Tickets are \$2 minimum.

Hunt, a Wilson native, chaired a Democratic Party Study Commission which gave full voice to young people within the party. "I believe it is necessary for all people to participate in their government" Hunt said.

He has called for streamlining of voting by absentee ballot to aid college students voting in cases where college voters are unwilling or unable to establish the intention of becoming permanent residents.

"I believe very strongly it should be made easy for newly enfranchised young people to register and vote," he said. He proposed that a full-scale effort be made in the future to register and encourage young people to vote, "much as young people are now sought out for the draft or for paying taxes."

Hobby's schedule calls for him to address a rally at noon in The Pit. The rally will be held in the Great Hall if it rains.
