

# Miners strike in Ill. dispute

SPRINGFIELD, Ill.—Almost 4,000 miners were on strike in Illinois Thursday and the United Mine Workers (UMW) president said the walkout might shut down all state mines by the weekend.

Peabody Coal Co., one of the largest in Illinois with some 3,000 UMW members at a dozen mines, said it would seek a federal court injunction ordering its employees back to work. At least 900 Peabody workers were off the job Thursday.

The walkouts started Wednesday as a display of sympathy for 115 miners who have been idled since Oct. 6 in Knox County because of a reclamation standards dispute.

The central Illinois county has ruled that strip miners must replace four feet of topsoil on land that will be used for crops after it is stripped.

Midland Coal Co. is the only firm which has a mine in Knox County, and it chose to shut down on Oct. 6 rather than comply with the ruling. The company contends one foot of topsoil—the amount required by the state—is ample replacement.

## 9 a.m. launch set

CAPE CANAVERAL—Astronauts Gerald P. Carr, Edward G. Gibson and William R. Pogue said their last goodbyes Thursday before taking off to spend the holidays in orbit.

The space agency was aiming for a takeoff at 9:02 a.m. EST Friday of Mission Commander Carr and his confident crew on the nation's longest manned space assignment.

## \$1 million voted to study impeachment

WASHINGTON—The House voted after a bruising partisan battle Thursday to give \$1 million to the House Judiciary Committee to study presidential impeachment.

Chairman Peter W. Rodino Jr., D-N.J., avoided a strict party line vote on a key issue by assuring Republicans they would get one-third of the money to hire their own staff to help conduct the inquiry into what are impeachable offenses.

## Social Security increase passes House

WASHINGTON—The House voted Thursday to grant a two-step 11 per cent increase in Social Security benefits for 29 million retired or disabled workers, widows and dependent children.

The Senate Finance Committee has approved an almost identical 11 per cent increase, and final congressional action is expected this year.

The benefit increase, to cost an additional \$1.7 billion during fiscal 1975, would be financed by increasing to \$13,200 the wage base on which Social Security taxes are calculated.

## France paralyzed by sympathy strike

PARIS—France was virtually without restaurants, wine shops and boutiques Thursday in a nationwide sympathy strike of retailers.

In Paris, you could hardly buy anything to eat. Nor could you buy cigarettes, antiques, jewelry or the famed perfumes, shoes, handbags and wines of France. One million retailers across the nation closed their doors in a 24-hour show of sympathy for fruit, vegetable and shoe sellers who have been on strike for eight days to protest price controls.

# Senate approves fuel bill

WASHINGTON—The Senate voted Thursday to let President Nixon decide whether gasoline rationing is needed to help meet the energy crisis, but approved an emergency easing of clean air standards.

Taking up the emergency energy bill handed down by its Interior Committee, the Senate rejected 48 to 40 an amendment requiring the President to impose gasoline rationing by Jan. 15. It then approved by voice vote a new provision calling on the President to allocate fuels to states and regions economically depressed or short on transportation for fuel deliveries.

## Krogh dismissal refused

WASHINGTON—A federal judge Thursday refused to dismiss criminal charges against Egil "Bud" Krogh, Jr., who headed the clandestine White House "plumbers" unit.

The decision, handed down in a written opinion by U.S. District Judge Gerhard A. Gesell, cleared the way for Krogh to be tried.

## Policeman tried

AUSTIN, Tex.—An all-white jury Thursday deliberated on whether there was murder with malice or just negligence homicide in a former Dallas policeman's slaying of a 12-year-old Mexican-American he suspected of being a burglar.

Darrell I. Cain admitted playing a form of Russian roulette with Santos Rodriguez while the boy sat handcuffed in his patrol car.

The former officer pleaded he wanted to get a confession and he thought the gun he held pressed to the boy's head was unloaded at the time he pulled the trigger.

"It was an accident," Cain tearfully told the court. "It was an accident."

Sen. Thomas F. Eagleton, D-Mo., to impose a criminal rather than civil penalty for a second violation of provisions against black marketing in fuels.

The legislation, incorporating some of Nixon's own proposals, carries emergency measures for conserving energy by cutting highway speed limits, suspending clean air requirements, reducing use of heat and electricity, and other means.

In other developments: It was disclosed that Nixon will sign into law at 10:30 a.m. EST Friday the Alaska oil pipeline bill, although he objects to a rider giving more enforcement authority to the Federal Trade Commission.

The Pentagon said the Arab oil embargo has cut defense supplies in half, forcing major reductions in military operations and putting further drains on civilian supplies.

Rep. John E. Moss, D-Calif., charged the government with letting oil companies illegally drain petroleum from the Teapot Dome and other naval reserve supplies.

## POWs go home

Red Cross mercy planes shuttled between Cairo and Tel Aviv Thursday, flying Egyptian and Israeli prisoners of war home in the first major breakthrough in putting the Middle East cease-fire into effect. U.N. forces took control of Israeli checkpoints on the road from Cairo and relief trucks reached Suez City, blockaded by Israeli troops for three weeks.

It was disclosed that Nixon will sign into law at 10:30 a.m. EST Friday the Alaska oil pipeline bill, although he objects to a rider giving more enforcement authority to the Federal Trade Commission.

Rep. John E. Moss, D-Calif., charged the government with letting oil companies illegally drain petroleum from the Teapot Dome and other naval reserve supplies.

In a series of meetings, Kissinger conferred with Japanese leaders and heard them explain that the oil pinch may force them to realign their policies in favor of the Arab states.

## Talks 'gloomy'

TOKYO—U.S. Secretary of State Henry A. Kissinger ended two days of talks with Japanese officials on the oil crisis Thursday but apparently offered little hope that the Arab boycott would be lifted soon.

In a series of meetings, Kissinger conferred with Japanese leaders and heard them explain that the oil pinch may force them to realign their policies in favor of the Arab states.

# Campus Calendar

### Today's Activities

UNC Hill will be the guests of the Duke Hill for the Sabbath communal dinner at 5:45 p.m. Rides will leave UNC Hill at 5 p.m. Call 942-4057 by noon if you wish to attend. Bring a car if possible.

The Wesley Foundation (behind the Carolina Inn) will be serving a buffet at 6:30 p.m. Menu: Pancakes and sausage. Price \$1.50. The community is welcome. Persons are requested to call 942-2151 for reservations.

The graduate students for Latin American Studies invites you to a Latin American dinner today. For information, call Nancy Loy at 928-2531 or 933-7568.

### Coming Events

Ultimate Frisbee will meet and play at 4 p.m. Sunday on the Astroturf. Everyone is welcome to play. This is the last meeting for the fall semester.

All graduate women in favor of affirmative action are urged to attend a meeting of the graduate student caucus of the University Women for Affirmative Action at 4 p.m. Sunday, Nov. 18 in room 206 of the Union.

The Black Campus Ministry will observe a Thanksgiving-Giving Service and Holy Communion at 11 a.m. Sunday, Nov. 18 in Upendo Lounge in Chase Building. Bring gifts of items, clothing and money to be given to less fortunate families during the Thanksgiving season.

Items, clothing and money to be given to less fortunate families during the Thanksgiving season.

GPSP Task Force on the Infirmity, Women's Health, etc. will meet at 7:30 p.m. Tuesday, Nov. 20.

Dr. Ann Douglas Wood, a member of the English Princeton faculty, will visit the UNC campus. She has done extensive work on American women in the 19th century. She will meet informally with students and faculty who are interested in women's history from 11 to 12 a.m. Monday, Nov. 19 in 509 Hamilton and will also speak on sex roles in the 19th century at 3:30 p.m. in 115 Ackland (the art building that faces Columbia St.).

Dr. Morton Halperin will speak on "National Security and Civil Liberties" at 8 p.m., Monday, Nov. 19 in Hamilton Hall Auditorium. Dr. Halperin is a Senior Fellow of the Brookings Institution, a former Deputy Assistant Secretary of Defense and author of the Pentagon Papers. The Curriculum in Peace, War, and Defense is sponsoring the event.

Professor Allen S. Ginsberg from the Center for Community Health Systems, New York, will speak on "Research and development in ambulatory care at Columbia University" at 4 p.m. Tuesday, Nov. 20 in room 249 in the School of Public Health. Refreshments will be served at 3 p.m. in room 415.

### Items of Interest

LEAT registration forms for the Dec. 15 test must be received in Princeton N. J. no later than Nov. 23. Come by the Guidance and Testing Center's office in Nash Hall (across from the Inn parking lot) for forms and see additional information in the library, 106 Nash Hall.

GRE applications for the Dec. 8 test need to arrive in Princeton N. J. by Nov. 13. Late registration, \$1.50 extra, by Nov. 20. Pick up applications in the reception office of the Guidance and Testing Center, Nash Hall.

Anyone interested in serving on the Academic Reform Committee should come by Suite C or call 933-8256. Knowledge of the Schute Committee report is desirable.

The YM-YWCA International Bazaar needs salesmen for the weekend of Nov. 30-Dec. 2. Come by the main office of the Y-building to sign up for a shift to sell goods from all over the world.

Walters and waitresses are wanted to serve in the Coffee House at the International Handicrafts Bazaar on Nov. 30-Dec. 2. Sign up in the office of the Campus YM-YWCA.

GAPSFAS (Graduate and Professional School Financial Aid Service) forms are available in the Guidance and Testing Center, Nash Hall, across from the Inn parking lot.

# Be Sure To Hear The Advents.

If you're going to be buying some loudspeakers or a tape machine we recommend that you make sure to see and hear Advent equipment.

Advent is a relatively young company which doesn't do a lot of advertising, but already has a firmly established reputation for making excellent

complete music systems featuring Advent Loudspeakers, which offer as satisfying sound quality as you are ever likely to want for a reasonable, thoroughly affordable amount of money.

They also make the Advent 201 Cassette Tape Deck, the Advent 202 Cassette Playback Deck, and Advent Chromium Dioxide Tape Cassettes. The 201 (\$285) has not only been called the best and the state-of-the-art cassette deck by audio critics, who usually don't get that explicit, but has been compared favorably with open-reel machines of far higher price. The 202 (\$132)

duction, which Advent was the first to apply to cassette recording, and which now has been accepted by recording companies and other equipment makers as the key to cassettes that sound as good as (or better than) the

equipment. Their products are best sellers, both in our store and nationwide, because they do what they are represented to do.

Most people know them by their speakers: the Advent Loudspeaker and the Smaller Advent Loudspeaker. Both of them are designed to provide the top level of speaker performance at a fraction (half or less) of the former going cost. The only difference between them is that the original Advent will play slightly louder in bigger rooms than the Smaller Advent. Either one of them will stand up in a direct critical comparison, of every aspect audible performance, to the most expensive and elaborate speakers available. The original costs \$120 or \$105 depending on cabinet finish. The Smaller costs \$72. We have on display

is a deck on which to playback cassettes. It is for people who would like the equivalent of a turntable for commercially recorded cassettes, either because they don't want to record their own or because they already have a cassette machine that records. It is also available in a headphone-amplified version (the 202 HP, \$152.) It combined with a headset provides the lowest-cost high performance sound system you can find.

Both these machines use the Dolby System of noise re-

best records. Advent also pioneered the use in cassettes of DuPont's chromium-dioxide formulation, which previously had been used only in video taping and other studio applications. Chromium-dioxide is the ideal formulation for cassettes, and Advent cassettes cost the same or less than other high-grade cassette tapes. They will also be introducing Advent Process CR/70 Cassettes, a unique new line of pre-recorded tapes, utilizing chromium-dioxide tape and the Dolby process. These tapes are made directly from A Dolby master tapes by a special duplication process designed by Advent. We doubt you could get better source material even if you were a recording engineer.

We have the complete line of Advent equipment on display; we will be more than happy to demonstrate any or all of it for you, as well as provide you with detailed information about individual products.
