

Blue team swarms around FSU player.

Staff photo by Elliott Wernick

Tickets for Elon game

For both teams, this is the last game of the regular season with tournament action beginning Thursday at UNC-G. The game is in the main Elon gymnasium and will be played between two high school tournament games. Without a student I.D., general admission is \$1.50.

For free admission to the women's basketball game, 7:30 p.m. Tuesday in Elon, all students must show their student I.D.s at the door. Neither squad, Elon 13-0 and UNC 10-1, has lost to any North Carolina opponent.

Three teams fall to fencers

by Steve Levin Sports Writer

The mighty Carolina fencing team flexed its muscles over the weekend and in the process mangled Clemson, Virginia, and William & Mary by the combined score of 64-17. None of the matches were close, in fact, the nearest any of the three teams came to beating UNC was W&M, who lost 18-9. The Tar Heels were just too classy for the competition. The matches against W&M and Virginia were clinched at 14-2, while Clemson was clawed 14-1. Carolina defeated Clemson and Virginia by the identical score of 23-4 and the Virginia match would have been worse if UNC's top fencers from each weapon had not been competing for the Junior Olympic team in Florida. No fewer than seven Tar Heels went undefeated through the three matches, a feat seldom accomplished by anyone.

for the three meets as they finished 24-3. They sustained just one loss in each match, as Jim Scott, Charlie Brown, and Jim Krause combined for an 18-0 record. Scott's slate was 7-0 as he beat his opponents by an average of 5-2 each match. Brown finished 6-0 and he clinched both the Clemson and W&M matches with 5-1 victories. Krause was 5-0 but he didn't fence against Virginia. His final bout against W&M was fantastic as he rallied from a 0-4 deficit to win 56-4. Charles Chewning was 3-1 for the weekend while Wilsonnii Grandy went 3-2. The sabre team finished 22-5 for the three matches, including a perfect 9-0 record against Clemson. Thurbert Baker's fencing was outstanding as he finished 7-0. Two of his bouts went to 5-4, but each time he managed to gain the final touch. John Thacker went 6-1 in the three matches, his only defeat being a 4-5 decision against W&M. Travis Hanes was 4-0, but his record would have been higher had he fenced

against Virginia. A.J. Keane fenced well for a 3-0 mark, including a win against W&M. Tho Walker finished 2-4, but one of his bouts was a 5-3 victory in which he scored the last five touches in a row to win. Epee had the toughest time over the weekend as they finished 16-11. Alan Knight led epee as he went 4-0, his closest match being 5-3. Team captain Bill Shipman had a 5-2 overall record as he dropped two 5-4 decisions. Both of those losses occurred in the first rounds against Clemson and W&M, prompting UNC head coach Miller to observe, "Bill just had trouble getting started; after that he was all right." Kevin Gallagher was 4-3, all his losses coming against W&M on Saturday. John Ballew went 3-1. Jim Corter 1-1, and Gary Whaley 0-3 to round out epee.

"Clemson was no surprise," head coach Miller said. "They were about the same as always. Our starting team lost just one bout and our substitutes did very well. I'm amazed that Clemson beat N.C. State—State's better by far."

"William & Mary has a good team. I think we fenced a lot better than we did against Clemson. Our foil and sabre were pretty good during the match."

Team-minded Heels stop FSU

GREENSBORO—The Coliseum in Greensboro Saturday evening was the scene of the most unselfish team on the East coast defeating one of the most selfish teams on the seaboard, as the Tar Heels of the University of North Carolina whipped the Florida State Seminoles by a 104-85 score.

The Tar Heels used a combination of a bristling fast break, pressure defense, and intelligent shot selection to up their season record to 18-3, 10-0 against non-conference opponents.

It appeared in the opening session that

North Carolina was going to be in for a struggle as the Seminoles were playing persistent defense and cashing in on the talents of their sharp-shooting backcourt. With 12 minutes to play in the first half, Carolina was trailing 25-24.

A factor which could have been tremendously damaging to the Tar Heels was that 6-9 Bobby Jones committed his third foul of the first half with 9:00 on the clock and was forced to remain on the bench for the remainder of the half.

Freshman Tommy LaGarde replaced

Jones in the lineup, and with teammates Stahl, Elston, Davis and Harrison, was able to turn the tide, changing a one-point deficit into a seven-point lead at the 5:50 mark.

The Blue Team came in to harass and tire the Seminoles with Carolina leading 34-28. The quintet of Hoffman, Chambers, Kuester, Stahl and LaGarde preserved a six-point lead during their three-minute appearance in the game.

Carolina went to the dressing room with the same six-point lead, as the score stood 52-46 at the half.

Both Mitch Kupchak and John O'Donnell were unable to play effectively in the second half—Kupchak suffering a back injury in the first half, and strangely enough, O'Donnell injuring a groin muscle in the warm-ups.

Three individual performers, two of them freshmen, played exceptional games for Carolina.

Walter Davis, Eddie Stahl and Tommy LaGarde were standouts for the Carolina cause, each furnishing their unique brand of hustling team play.

Davis topped all Carolina scorers with 18 points, followed by Elston and Jones who each notched 16. Stahl (14), LaGarde (12) and Harrison (12) were also in double figures for the Light Blue Machine.

Lawrence McCray led the visiting Floridians with 20 points followed by Otis Cole with 15 and Larry Warren with 11.

In the preliminary game, highly-ranked small college, Louisiana State, drew the UNC junior varsity by a 94-78 score.

Bruce Buckley led the yearlings with 23 points and 11 rebounds.

—Michael Davis

Weekend track finals

The UNC indoor track team captured five first places here Saturday, but South Carolina had the other eight, as the Gamecocks defeated Carolina and Clemson in the final triangular meet of the season.

South Carolina came in first with 72 points, Carolina was second with 58 and Clemson had only six.

The fieldmen captured four of the five first places won by the Tar Heels with Sam Beasley leading the way.

Beasley leaped to his best effort of the season in winning the long jump (24½) and also jumped to victory in the triple jump (48-

8½). Hank Snowden finished second behind Beasley in the long jump (23½) and came in third in the 60-yard dash in 6.6 seconds.

Dave Robinson made up for Danny Deacon's absence (due to an injury) winning the pole vault with 14-6.

Mark Gaines won first place honors in the shot put with a toss of 50-1 and John McCabe finished third in the high jump (6-2) to complete the field events.

The relay teams did not fare well, finishing second to South Carolina in the mile (3:29.8) and two-mile relay (8:08.5).

Tommy Ward won the mile run in 4:14 while David Hamilton finished third with 4:15.5 and came in second in the two mile with 9:18.

Carolina placed two men in both the high hurdles and the 1,000-yard run.

Mike Voight (7.5) and Robert Brown (7.7) came in second and third in the high hurdles.

Also Mike Stratford and William Southerland were second and third in the 1,000-yard run with times of 2:15.2 and 2:15.4 respectively.

Carolina placed two men in both the high hurdles and the 1,000-yard run.

Mike Voight (7.5) and Robert Brown (7.7) came in second and third in the high hurdles.

Also Mike Stratford and William Southerland were second and third in the 1,000-yard run with times of 2:15.2 and 2:15.4 respectively.

Gymnasts split two weekend contests

The UNC gymnastics teams experienced mixed fortunes Saturday, the women falling to South Carolina and Western Carolina in the morning and the men's squad soundly defeating Memphis State in the afternoon.

The men's team boosted their overall record to 4-2 as they defeated the Memphis State Tigers, winners of the 1972 Southern Intercollegiate Gymnastics League championships, 132.30 to 119.90.

The meet began with a three-way tie for first place among UNC's Jeff Jameson and Rick Ludwin and MSU's Barry Redmon, who all scored 7.2 on floor exercises.

The Tigers' Jim Smith took second place and Carolina's Carlos Rodriguez captured third, with a 6.2 as Memphis State gained an early lead, 21.35 to 20.6.

UNC pulled ahead to stay in the pommel horse event, Ron Newby scoring an 8.1 for first place, followed by teammate Joe Burt with a 7:05. John Moratis scored a 6.0 for MSU, giving him third place.

The Tigers' Dave Cheverton managed an 8.5 on the still rings to top Jeff Jameson's 7.1 and Rick Ludwin's 7:05 for UNC.

Carolina swept the vaulting event, capturing all three top slots. Jeff Jameson turned in an excellent performance, earning a 9.05 for first place and the top score of the

afternoon. Rick Fox grabbed second with an 8.8 and Rick Ludwin completed the rout with an 8.7.

The Heels pulled ahead by ten points after the parallel bars event. Rick Fox taking first with a 7.9 with freshman Rick Ludwin close behind with a 7.85. Dave Cheverton took third with a 7.65.

Memphis State overpowered UNC on the horizontal bars, their men placing first and third, with captain Bobby Semes capturing second for the Tar Heels with a 7.35.

In the morning meet, Susan Bullock of WCU won all four events, giving the Catamounts a decisive 68.6 victory over South Carolina's 52.25 and UNC's 47.35.

Western Carolina performers also placed second in every event except beam, which UNC's Missy Greich captured with a 5.95. The Catamounts' Dee Dee Puden took second on vaulting and the uneven parallel bars and Cindy Nybro tied with Greich on the floor exercises with a 6.85.

Greich also placed fourth on the vaulting event, which, along with senior Janet Snow's fourth on the uneven parallel bars, were the top Carolina performances of the morning.

The teams' next meets will be on Feb. 22, when the women travel to Longwood College and the men are on the road at Old Dominion.

Tar Heel wrestling

- Carolina 34, Clemson 16**
- 118—Henry Duke (C) won by forfeit
 - 126—Bob Glasgow (UNC) pinned Richard Samulski 3:32
 - 134—Steve Denison (C) defeated Mike Hall 13-1
 - 142—Brett Bynum (UNC) pinned David Thurston 5:20
 - 150—Bruce Vogel (C) pinned Herb Farish 1:24
 - 158—Bob Reingten (UNC) defeated Stu Kelly 17-0
 - 167—Bob Carter (UNC) defeated Bill Glynn 14-13
 - 177—Carl Hoffman (UNC) defeated John Dziacuk 9-4
 - 190—Gary Wheeler (UNC) won by forfeit
 - Heavyweight—Bill Huffstader (UNC) pinned Elvin Chaffield 4:42
 - Carolina's record is now 10-2-1

B.A. 170 Students:
We have got a solution to sum-of-the-years-digit depreciation accounting. Tired of double-declining balance? How about a mortization of bond premium? If any of these problems have got you then drop by and ask about the Keystone Model 390.

decimal selector allows you to select floating decimal or a dollars and cents decimal

constant selector control for divide, multiply, add, subtract and percent

Model 390

low battery drain permits 20 to 30 hours of usage

16 digit calculations, 8 digit display

big, bold, easy to read numbers

rounds off to nearest cent

high impact cyclocase

weights less than 10 ounces

extra large size keys

ideal for BA 173, 177, 179, and MBA's

Model 390: Two Portable Battery/AC Features:
• Low Battery Drain
• % Key
• Automatic Discount & Tax Calculations
• 5-Function Constant
• Built-in N/CAD
• Operates on 4 AA Batteries
• Charger AC Adapter included
• Carrying Case included

Model 370: Rechargeable Battery Features:
• % Key
• Automatic Discount & Tax Calculations
• 5-Function Constant
• Built-in N/CAD
• Batteries
• Charger AC Adapter included
• Carrying Case included

\$99.95 \$119.95

MX20 Bowmar Brainchild
Ideal machine for Chemistry 11, BA 71, 72 or 73
A slim compact, lightweight, precision engineered, full function battery operated hand-held electronic calculator

the MX20 Features:

- Replaceable battery operation
- Integral cover/case design
- 8 Digit Display
- Full Floating Decimal
- Omni-Constant (The constant with a brain, operable in all five functions)
- One year parts and service guarantee

\$49.95

Texas Instruments TI-2510

Fully portable, easy to operate. Press the keys exactly as you say the problem. Adds. Subtracts. Multiplies. Divides.

Rechargeable batteries for low-cost operation. AC adapter/charger included to charge batteries and operate calculator from household outlet.

Display. The 8-digit, light emitting diode readout shows all numerals, floating decimal, negative sign, calculation overflow indication and entry overflow indication.

Power source. The TI-2500 calculator contains a rechargeable power pack that delivers the equivalent of 4-6 hours of continuous calculation before re-charge. The charger (included) will recharge from normal house current overnight.

Keyboard. The keyboard consists of 10 digit keys and 8 function keys. All keys are single function.

Chain/Constant switch. Located on the keyboard, this switch selects CONSTANT mode for convenient multiplication or division by a constant number or CHAIN mode for normal calculations.

\$59.95

CANON PALMTRONIC LE81

The Absolute Smoothest Key Machine Available, the LE81 has the following outstanding features:

Long Operating Hours
The Palmtronic LE-81 can save you a lot of running cost—for example, the cost of batteries since it can be operated continuously for about 50 hours with dry batteries and 90 hours with alkaline batteries. Also these long operating hours mean release from the task of changing batteries over and over again. All this was made possible by the successful adoption of the CMOS LSI to the tiny LE-81.

Human engineering
The Palmtronic LE-81 features keyboard arrangements based on the human engineering, smooth key touch and easy-to-read LED indication panel.

Automatic Clearing System
With this automatic clearing system, the calculator is cleared for immediate use when the power is switched on and is cleared for proceeding calculation with the C key being depressed.

Perfect Portability
It is small enough to put inside your pocket and weighs only 265 grams (9 oz), yet it adds, subtracts, multiplies, divides, performs mixed calculations, calculations with a constant, and n-th power calculations. Notwithstanding, it has an extremely readable price.

\$49.95

Texas Instruments SR-10
Perfect Machine for Introductory Statistics, Math 21, or Calculus Problems.

Fully portable, slide rule calculator. Easy to operate, the SR-10 allows most calculations possible with classical basic slide rules, but with split-second accuracy.

Rechargeable Ni-Cad batteries for low-cost operation. AC adapter/charger included to charge batteries and operate calculator from household outlet. A switch is provided on the AC adapter/charger to permit operation on 50Hz/220V power.

Display. The 12-character (8-digit mantissa, 2 sign, 2-digit exponent) light-emitting diode display shows all numerals, floating decimal, negative sign, calculation overflow and error indications.

Keyboard. The keyboard consists of 10 digit keys plus decimal point and 12 function keys. In addition to the standard four functions of addition, subtraction, multiplication and division, other SR-10 calculation capabilities include reciprocals (1/x), squares (x²), square root, change sign (+/-), enter exponent (EE), automatic conversion to scientific notation when 8-digit mantissa overflows, and mixed calculations. Data may be entered in free form, that is floating point, scientific notation or any combination of the two.

Power source. The SR-10 electronic calculator contains three Ni-Cad, fast-charge batteries (standard AA size) that provide 4-6 hours of continuous use before recharging is required. The AC power converter/charger (included) will recharge the batteries from normal house current in about 3 hours.

\$89.95

The MX55 BOWMAR BRAIN

Five function 8 digit, rechargeable hand-held calculator with % key & algebraic number entry sequence and "chain" constant.

THE MX55 FEATURES:

- Extra large LED 8 digit display
- % key for automatic mark-ups & discounts
- Full floating decimal
- Omni-constant (the automatic constant with a brain)
- Deluxe vinyl carrying pouch
