Clark says FBI asked him to bug U.N.

WASHINGTON — Former Attorney General Ramsey Clark testified Wednesday he turned down FBI requests to break into a U.N. foreign mission and to tap the Washington telephone of Israeli foreign Minister Abba Eban.

Clark testified before a congressional hearing looking into the government's wiretapping policy. He said all wiretapping should be abolished but former Attorney General Elliot L. Richardson said it was necessary to the national security.

Pompidou burial in countryside today

PARIS — The French government Wednesday ordered that President Georges Pompidou be buried near his country home Thursday the way he wanted it — a simple ceremony with no flowers, no wreaths and a plain stone tablet.

The constitutional council, meantime, opened the way to election of a successor by formally declaring the office of president vacant.

Senate speaker Alain Poher, 64, became interim president for the second time. In 1969, he was president for several months between Gen. Charles de Gaulle's resignation and Pompidou's election.

Small boats rescue stranded passengers

ABOARD 'THE SEA VENTURE' IN THE ATLANTIC — A flotilla of small boats shuttled the 1,630 passengers of the Queen Elizabeth 2, dead at sea without power and air conditioning for more than 48 hours, to this rescue ship Wednesday.

The massive rescue operation went smoothly throughout the day with launches and lifeboats ferrying up to 40 persons at a time the half mile between the crippled QE2 and the Sea Venture, a far smaller Norwegian cruise vessel, but a welcome sight for the vacationers sweltering aboard the crippled liner.

The Sea Venture will put into Hamilton, Bermuda, Thursday, where the ships owners will have two jumbo jets waiting to fly the passengers to New York.

Prosecution rests case in Mitchell trial

NEW YORK — The prosecution rested its case Wednesday in the trial of John N. Mitchell and Maurice H. Stans on charges of trying to impede a federal investigation of fugitive financier Robert L. Vesco in return for a secret \$200,000 contribution to President Nixon's 1972 campaign.

The defense asked the charges be dismissed and a mistrial declared. The prosecution rested at mid-day after seven weeks of testimony from 40 witnesses, including President Nixon's brother, Donald.

Vesco, who was indicted along with Mitchell and Stans, is a fugitive from justice in Costa Rica.

Patricia Hearst to stay with SLA

SAN FRANCISCO—The voice of a woman claiming to be Patricia Hearst was broadcast Wednesday saying she had chosen to remain with the Symbionese Liberation Army, which kidnaped her last Feb. 4.

At the Hearst home in Hillsborough, Calif., Mrs. Hearst confirmed the tape was her daughter's voice.

"I have chosen to stay and fight," said the

tape recorded voice broadcast over radio stations KPFA and KSAN.

"When will the people in this country understand that what happens to a black child happens sooner or later to a white child?"

"I have been given the name Tanya after a comrade who fought alongside Che in Bolivia for the people of Bolivia. I embrace

the name with the determination to continue fighting with her spirit.

"There is no victory in half-assed attempts at revolution."

The taped broadcast also quoted "Field Marshal Cinque," leader of the SLA, who has signed or recorded previous messages from the terrorist group to the Hearst family.

"Concerning the Hearst operation. The government dictatorship as well as the Hearst empire has shown that they are willing to murder even their own to maintain power over the people," Cinque said.

"Therefore, it is the judgement of this court that in the future no persons of the ruling class or its executive agents will be taken prisoner. The court of the people this day issued the following order:

"All corporate enemies of the people will be shot on sight at any time and any place. The order is permanent until such time as all enemies have either surrendered or been destroyed.

"The subject has been freed but has refused to go home and take part of the enemy fascist state. There is no further need to discuss the release of the prisoner under this condition, since the prisoner is now a comrade and has been accepted into the ranks of the people's army as a fighter for the people's freedom."

Station KSAN said the tape was received there from a delivery service.

"I have been given the choice of being released in a safe area or staying with the SLA," the voice identified as that of Patricia said.

Committee can't enforce Nixon tax report—Mills

WASHINGTON — Rep. Wilbur Mills, D-Ark., said Wednesday he hopes President Nixon will abide by whatever decision a House-Senate Committee makes on a staff report that he owes \$476,000 in back taxes and interests. But he said there is no way the committee can enforce its findings.

"I would hope that he would abide by

whatever the committee decides," Mills said. "We have no way of forcing him to pay anything. We can only say what we think he owes."

Mills, a member of the prestigious Joint Committee on Internal Revenue and Taxation, told reporters he still wanted to the committee staff to explain some of the reasons for their findings before he or the committee itself will endorse it.

"The President said in December that he would abide by the judgment of the committee," Mills said. "Whatever the judgment of the committee is has yet to be determined."

Mills said the committee wanted to know first how the staff members reached their conclusions before it would pass judgment on the report.

Mills, acknowledging that the report was damaging to Nixon said, however, that it would have been more damaging if the committee itself had passed out the report.

House factions oppose budget

RALEIGH—The joint appropriations budget recommendation did not fare as well in the house as the senate Wednesday as it met opposition from East Carolina medical school and other opponents to the measure and was rescheduled for debate Thursday.

The house tentatively approved the \$1.7 billion operating budget but delayed any action on the \$90.2 million capital improvement measure. The senate passed both measures Tuesday with no debate.

Three amendments were offered to the state operations section of the recommended budget including one to delay the immediate expansion of the medical school at East Carolina University.

Judge drops one Chapin charge

WASHINGTON—After hearing John Dean's testimony Wednesday, federal judge Gerhard A. Gesell dismissed one count of the perjury charges against Dwight L. Chapin, former appointments secretary to President Nixon.

Chapin is charged with lying to Watergate grand jury about political dirty tricks against the Democrats in the 1972 presidential campaign.

The count dismissed alleged that Chapin

lied when he said he did not know exactly how much or how political saboteur Donald Segretti was paid for conducting certain political pranks.

The other three counts allege Chapin lied when he told the grand jury he never discussed with Segretti the distribution of campaign literature; when he said he told Segretti to talk to the FBI about the dirty tricks; and when he said he did not recall giving Segretti instructions about any Democratic presidential candidate in 1972.
