## WHAT CAN I SELL?

At each buy-back period we are able to buy only those texts the teaching staff has indicated will be used again the following semester.

## WHAT ABOUT BOOKS NO LONGER USED?

A Buyer will offer you the current wholesale price on all books you wish to sell. This price is determined by the law of supply and demand and if the book has been in circulation for a long time or is not being used by many other schools this price will probably be less. Many students feel their books are worth more to them for their personal library than the amount the bookstore buyer can offer for them. This you must decide for yourself.

## WHAT DO OTHER BOOKSTORES DO?

The buying back at 50% of current list price is the policy of most college stores. This policy has worked successfully in a large number of college stores and makes for economical and easier means of exchange in used books.

## HOW MUCH CAN I GET?

With this commitment we are able to offer 50% of the price of hard covered books, 33-1/3% of what you paid for a paperback.
