# STUDENT STORES Textbook Department

Hours: 8 a.m.-5 p.m. Mon.-Fri. 11 a.m.-3 p.m. Saturdays

Rush Periods: 8 a.m.-9 p.m.

### HOW TO FIND THE RIGHT BOOK:

Textbooks are shelved by departments in numerical order e.g., Chem 11, Chem 21, etc. The department maps will guide you to the area. Each textbook is identified by a label on the shelf giving the course number and title of the book. Be sure to check the book with the label to see if you have the right one.

### REFUND AND PURCHASE POLICY ON BOOKS

**REFUNDS:** To receive 100% refund the following policies are observed by the Bookstore.

1. Book must be returned with cash register receipt, not later than 2 weeks after classes begin.
2. Book must be absolutely free of all markings, other than the Bookstore markings. Books with other markings will be refunded at used book retail price.
3. Defective books—If a book is defective, replacement, without charge, will be made.

### BUYING TEXTBOOKS:

Contrary to popular belief, the Bookstore does not set the price on new books. This is done by the publisher. The price on used books is usually no more than three-fourths of the new price.

Buy your textbooks as soon as your class schedule is final in order to avoid the rush and

better your chances of getting a used book, if available. If you wait too long all the books for the course may be sold out and you will have to wait for another shipment which takes 2 to 3 weeks. *Keep your cash register receipt, you may need it later.*

### PURCHASES:

1. One-half of retail price is given on cloth bound books in good condition and one-third on paperbacks that are in good condition if information of its intended reuse has been received.
2. Books no longer used, and books used at other schools are purchased at top wholesale prices.
3. When selling your books back to the Student Stores you will need to show some kind of identification, such as student I.D. card, drivers license, etc.

*Reasons affecting buy back value on books are:*

1. The instructor has dropped book and it will not be used next semester.
2. Publisher has new edition and old edition has no value.
3. Book store is now overstocked and has more books than will be needed next semester.
4. Instructor has not indicated he will use book next semester.
5. Book is too ragged and too poor condition to be resold.

A good way to help insure retrieval of your books in the future is to select a page in each book and mark it in a clearly recognizable manner. If your book is lost or stolen and you report this to the textbook department, we can be on the lookout for your book if it is brought to us to be sold.
