WASHINGTON—President Ford's chief lawyer and officials of the Federal Election Commission arranged a Monday afternoon meeting to discuss allegations the White House is violating the law by placing a Ford political advisor on its White House payroll.

The White House announced last week outgoing Commerce Secretary Rogers C.B. Morton would become a counselor to the President for domestic and economic affairs Feb. 1. It was also announced that Morton would serve as a liaison between Ford and his election campaign organization.

The move brought formal complaints that Morton's salary should be paid by the President's campaign committee instead of American taxpayers and FEC Chairman Thomas Curtis said he shared that view.

White House Press Secretary Ron Nessen said presidential counsel Philip W. Buchen arranged to meet with Curtis and the FEC's top attorney Monday "to listen to their concerns."

A similar meeting arranged last Thursday had to be postponed.

LAFOLLETTE, TENN.—A mild earth tremor was reported early Monday in the Eastern Kentucky and Upper East Tennessee, and the effects were reported as far away as Cumberland, Ky., and Knoxville.

The tremor occurred just before 1:30 a.m. Monday. It rattled windows in a number of places, but no damage was reported.

"At 1:25 a.m. we took several calls," said Paul Wright, a dispatcher for the Lafollette Police Department. "They said dishes were knocked out of cabinets, but nothing major."

A spokesman for the seismic station at Oak Ridge National Laboratory said the seismograph picked up the tremor at 1:21 a.m. It was centered around Harlan, Ky., and measured 3.7 to 4.0 on the Richter, making it a light quake or tremor.

Racial Justice, faces a 29 to 34-year prison sentence for the Oct. 17, 1972 conviction in Martin County. The other defendants face sentences ranging from a seven-year minimum to a 26-year maximum.

All of the defendants, known as the

"Wilmington Ten," were convicted of burning a grocery store and conspiring to assault emergency personnel during the flareup in the port city which left two persons dead and over \$1 million in property damage.

In refusing to hear the case, the high court left standing an action on May 6, 1975 by the North Carolina Supreme Court dismissing the appeal. The "Ten" were freed on bond totaling \$400,000 pending the U.S. Supreme Court's Decision.

Kissinger leaves for Moscow talks

WASHINGTON—Deeply concerned at growing Cuban intervention in Angola, Secretary of State Henry A. Kissinger departed Monday night for tough talks in Moscow on that strife-torn African country, strategic arms and detente.

Before Kissinger's departure, State Department spokesman Robert L. Funtsh said the United States had made "strong representations" to Portugal over Cuban transatlantic flights which refueled in the Azores.

However, State Department officials said it was not clear whether the Cuban flights were headed for Angola, or Guinea-Bissau.

U.S. experts now believe Cuba has sent about 8,000 troops to Angola. Previous estimates were 7,500.

Students to be polled on lottery

A poll to gauge student opinion on the new lottery system of registration will be included on the ballots for Wednesday's Student Government referendum.

The poll sponsored by the Campus Governing Council, will be taken only for the purpose of determining how well students feel the lottery system worked in spring registration.

Student Body President Bill Bates said the poll will be taken because "There is strong opinion that we should know the students' opinion on the changeover."

Voters will be asked to indicate whether they "favor the new system of University registration," or that they "oppose" such a system.

The resolution calling for a vote was introduced by CGC Rep. Jay Tannen at the request of two students he represents in Morrison dormitory.

Results of the vote will be sent by the executive branch of Student Government to the Faculty Council, Chancellor N. Ferebee Taylor and Provost J. Charles Morrow.

According to Ben Steelman, chairperson of the CGC Rules and Judiciary Committee, results will be accompanied by CGC encouragement for the appropriate action if the vote is clearly indicative of one opinion or the other.

Final decisions making any such change will be left to the Department of Records and Registration.

Fellows to hold an open house

The North Carolina Fellows Program will hold open house from 8 p.m. until midnight today and Wednesday on the second floor of Pettigrew Hall.

The purpose of the open house, Fellow Rick Sebak said, is to attract applicants to the program, which each year seeks to initiate students with "leadership potential."

Sebak said the functions of the program include offering financial and advisory assistance to its members and encouraging them to develop and utilize their leadership skills.

Applications will be accepted in Pettigrew Hall through Jan. 30, Sebak said, but he urged freshmen to apply as soon as possible.

"The fellows are interested in all kinds of people who might distinguish themselves in any field," Sebak said, adding that past fellows have included student body presidents, dedicated medical students, sculptors, radio technicians, prison reformers, writers, Nader's Raiders and cooks.

Sebak said the open house is designed to "offer freshmen a chance to check out the kind of people who've made it in the past years and to gather some kind of complete impression of the program."
