

Campus Calendar

Today's Activities

St. Patrick's Day will be celebrated at the Bag-Lunch Release from 12:30 p.m. to 2 p.m. at "A Woman's Place . . .", 110 Henderson Bl., with special guest Judy Woodruff, who will sing traditional Irish folk songs accompanied by guitar.

Dr. Richard A. King of UNC will speak on "Reward and Neurotransmitters" at 4 p.m. in 112 Davie Hall.

There will be an important meeting of the UNC Ice Hockey Club at 7 p.m. in Room 202 of the Union. Dues will be collected and a list made of all players going to the U.Va. tournament and Greensboro practice.

The SIMS Club will sponsor two introductory presentations on the Transcendental Meditation program, including a special film "TM and Education in Barbabine County, Massachusetts," at 3 p.m. and 7:30 p.m. in Room 204 of the Union.

The Coastal Club will meet at 7:30 p.m. in the South Gateway Meeting Room of the Union. People interested in enjoying and preserving beach areas are invited to attend.

The UNC Astronomy Club will meet at 7:30 p.m. in the observatory. Dr. Wayne Christensen will speak on astronomy. All interested persons are invited.

New Undergraduate History Society presents Dr. Peter Filmer's presentation of "Sun Paradise: The Underground Culture of the '50's," a film-slides show starring Allen Ginsberg, Jack Kerouac, and Lenny Bruce at 8 p.m. in Room 207-209 of the Union.

All women interested in playing rugby should come to a meeting at 7 p.m. in Room 206 of the Union. The game and its rules will be discussed.

Absentee ballots will be notarized from 3:30 p.m. to 5 p.m. today and from 10 a.m. to noon on Thursday and Friday in Suite C of the Union.

The Di-Phi Societies and the UNC Young Democrats will present a Candidates Forum, with local representatives of the candidates in the March 23 N.C. Presidential Primary at 8 p.m. in the Dialectic Chambers, third floor of the New West.

The Association of International Students is holding the first of their Wednesday night "Foreign Gourmet Dinners" tonight at 7:30 p.m. The French dinner is at the Community Church on Mason Farm Road. Tickets are \$2.50 at the Union Desk, Ledbetter-Pickard and the International Center in Bynum Hall. Next week is the African Dinner at the Newman Center. Everyone is welcome.

There will be a SWE staff meeting at noon: Final plans for last issue will be made. Article are due this week. Selection of new officers for next year will be finalized. Call Sandy Lett at 833-8274.

Upcoming Events

Register to vote for the Carrboro bus referendum on Thursday. This is the last day: Carrboro residents register at the Chapel Hill Municipal Building, North Columbia Street 8 a.m. to 1 p.m. and 2 p.m. to 5 p.m. on Thursday.

There will be a "Career Night" for all students interested in psychology or psychology-related fields at 7 p.m. on Thursday in Room 110 Davie Hall. Come and find out what your options are.

Y.O.G.A. offers Laura Haman's class from 7 p.m. to 9 p.m. on Thursday in Room 205 of the Union. All are welcome.

Skip Stan, a recent graduate of the UNC Law School, will speak on "Biblical Principles of Punishment" at 12:30 p.m. Thursday in Classroom Two of the Law School.

The Carolina Indian Circle will meet at 7:30 p.m. on Thursday in the Y Building, second floor.

The Sports Club Council will meet at 8:30 p.m. on Thursday in the Frank Porter Graham Lounge of the Union.

The Carolinian Radio Broadcasting Class will meet at 7:30 p.m. on Thursday in the WCAR studios. All interested persons are welcome.

There will be a meeting of the Graduate and Professional Student Federation Senate at 7:30 p.m. on Thursday in Room 206 of the Union. It is requested that all members and representatives be present at this meeting in order that some crucial matters be resolved.

The Chapel Hill Peace Center will hold an important action meeting at 7:30 p.m. on Thursday in the Peace Center Office, 160 Purvey Road (inside the Community Church). The topic of the meeting is "Criminal Justice in North Carolina; What Can We Do?" All are urged to attend.

All members of AWS are urged to attend the meeting at 7:30 on Thursday night in the Frank Porter Graham Lounge of the Union. Elections for next year's officers will be held.

Dr. David L. Parnas, of the technical University of Darmstadt, West Germany, will speak on "The Design and Development of Program Families" at 2 p.m. on Thursday in 324 Phillips Hall. Sponsored by the Departments of Computer Science at UNC and Duke.

Dr. David L. Parnas will speak on "Some Hypotheses About the Use Hierarchy for Operating Systems" at 3 p.m. on Friday in 285 Phillips Hall.

A short reception will be held for Daniel Bell at 10 p.m. following his speech on the Friday night at the Newman Center (218 Pittsboro Rd.). Everyone is invited to come and meet Mr. Bell.

The Carolina Gay Association will present "Memories of Manhattan" Dance at 9 p.m. on Friday in the Craig Coffee House. All are welcome.

The UNC Department of Germanic Languages will sponsor a Symposium on Expressionism this Friday and Saturday. Featured speakers will be Wolfgang Iser of the University of Massachusetts, who will open the symposium with a lecture at 7:30 p.m. on Friday, and Paul Rabe, Director of the Wolfenbuttel Library, whose closing public lecture will be given at 7:30 p.m. on Saturday. On Saturday there will also be shorter lectures and discussions and the showing of expressionistic films. Registration for the Symposium will begin at 2 p.m. on Friday at the Planetarium.

A prize winning film "Antonia: Portrait of the Woman" and a series of panels on each subject as Women's History by Way of Family, Sex Differences in Language Use, ERA and Property Tax Law in North Carolina and How Women Talk in Court will be part of a research conference on "Women and Men: Changing Roles", to be held on Friday and Saturday at Duke University. The conference will open with the film at 7 p.m. on Friday in the Gross Chemistry Auditorium. Panels and workshops will go on all day on Saturday in the Gross Chemistry Building.

Y.O.G.A. offers a yoga seminar this Saturday and Sunday featuring Stephen Ticknor of Ohio. Seminar will be held in "The Yoga Place" (above the Wildflower Kitchen). Call Laura Haman 833-3252 for details.

The Student Council for Exceptional Children will meet at 7 p.m. on Sunday in the Parker Dorm basement. Program topic is "How to Get a Job". Refreshments will be served.

The UNC Department of Statistics presents Professor W.L. Smith speaking on "Transient Regenerative Processes - A Postscript to the Talk by Sielmann" at 4 p.m. Monday in 265 Phillips Hall. Refreshments will be served at 3:30 p.m. in 316 Phillips Hall.

Items of Interest

GRE (Graduate Record Exam) - April 24. Applications need to be postmarked by March 24; fee is \$10.50. Late fee until March 31 for an additional \$4. Applications and information in the Guidance and Testing Center, Nash Hall (across from the Inn parking lot).

DAT (Dental Admission Test) - April 24. Applications need to be received in Iowa City, Iowa by March 29. \$15.00. Pick up application and Dental School Admission Process in the Premed/Preclinical Advising Office, 311 South Building or the Guidance and Testing Center, Nash Hall (across from the Inn parking lot). AADSAS cards arriving around April 1.

MCAT (Medical College Admission Test) - April 24. Applications need to be postmarked by March 29 (photograph required). \$25. No late applications in the accepted. Pick up application and Medical School Admission Process in the Premed/Preclinical Advising Office, 311 South Building or the Guidance and Testing Center, Nash Hall (across from the Inn parking lot). AAMCAS packets will be available in early April in the same offices.

DHAT (Dental Hygiene Aptitude Test) - Friday, April 30. Applications need to be received in Chicago, IL, by March 28. Pick up applications in the Guidance and Testing Center, Nash Hall (across from the Inn parking lot) or the Dental Hygiene office, 405 Brainerd Hall.

Seniors or graduate students in economics, social sciences or business or public administration who will be in school next fall should come by Career Planning and Placement, 211 Hayes Hall, for information on the federal summer internship in the Guidance and Testing Center, Nash Hall (across from the Inn parking lot) or the Department of Agriculture in Charleston, South Carolina. The deadline is noon Monday.

The Order of the Old Well is now accepting applications for membership. Applications may be picked up at the Union Desk and at the Department of Student Life. These applications are due in O1 Steele Building no later than Wednesday, March 24.

Nomination sheets for the Order of the Grail are available at the Union Desk. They should be returned to Box 20 of the Union no later than Sunday, March 21.

Police enforcement difficult Regulations plague bicyclists

by Julie Knight
Staff Writer

Overcrowded streets, lack of funds for financing bike paths, and ignorance and disregard of bicycling regulations have been cited as primary factors impairing the peaceful coexistence of bicyclists and motorists in the Chapel Hill-Carrboro area.

In addition, it has been suggested that area police could alleviate some of the confusion by publicizing and enforcing bicycling regulations.

Although cyclists are legally required to abide by the same rules of the road that govern motorists, many apparently do not and the local police do not enforce these regulations.

Police Chief Sidney Hilliard said that police do not stop cyclists unless they commit a flagrant violation which endangers lives.

"It is very difficult to enforce (bicycle laws) unless it (involves) a very serious violation," Hilliard said. He added that the police almost always merely caution the cyclist rather than issue a citation.

Hilliard said that if the police were to arrest all cyclists who violated the laws they would have hundreds in jail.

However, Doug Sharer, a Carrboro cyclist, said that he "wouldn't be upset if the police department cracked down." He added that an awareness program would also be needed.

Sharer noted that cyclists generally do not follow the rules and that the image which many people have of bicyclists "is a bad image but a correct one."

"Cyclists are the ones who create most of the incidents that I have seen," Sharer said, adding that "the biggest problems are safety related."

Chuck Lewis, of The Clean Machine bicycle shop in Carrboro, said that cyclists need to "plan cycling around peak traffic hours" for safety reasons since the "primary problem is overcrowded roads."

"The more cars on the roads, the more problems for cyclists," Lewis commented. "On the positive side, there is a greater awareness (of cyclists) on the part of motorists," and bicycling has become an accepted transportation alternative.

Sharer would like to see the town take the point of view that roads serve more than one purpose. "As upgrading of streets and curbs takes place, it could consider accommodating bicycles and buses, he added.

"There is a need for bike lanes but it is sometimes a costly procedure," Sharer said.

Carrboro aldermen are considering a bond issue for this fall to raise capital for

both a bus system and road improvements, Sharer said. This would be time to include provisions for bike lanes.

"I don't think (having) bike paths all over town is feasible at this time. I would like to see the town address this (issue) but it is a long and slow process."

Alice Welsh, a former Chapel Hill alderman, commented that the issue of bikeways is a big problem. "The town has not allocated any money and until they do, we cannot do anything," she said.

Welsh said she believes that people now see bicycling as a viable means of transportation and that when a bond referendum comes up, a provision for bikeways will probably be included.

Curtis Yates, bicycle coordinator for the State Department of Transportation, said that the 1974 N.C. General Assembly passed legislation declaring that "bikeways are allowed along or upon the road system."

Yates also said that if funds are available there is no deterrent to building bikeways on any roads.

Chapel Hill ordinance requires that

bicycles be registered, Hilliard said. The purpose of registration is primarily for returning stolen bicycles.

As with most bicycling regulations, Hilliard said, "there is no enforcement of registration. It is simply a voluntary action." However, he said, the Police Department will sponsor special registration days in September.

Laws governing bicyclists require that riders:

- Ride on the right side of the street always with traffic, preferably in the curb lane.
- Ride single file.
- Obey all traffic signals.
- Cross an intersection before making a left turn.
- Yield to cars and pedestrians.
- Use hand signals to indicate a left or right turn or stop.
- Have a light on the front of the bike, and a reflector on the rear when riding at night.
- Never weave in and out of traffic or carry passengers.

University given Sea Grant

by Linda Rosenfield
Staff Writer

A \$535,000 Sea Grant for the continuation of marine research has been given to the University of North Carolina at Chapel Hill by the National Oceanic and Atmospheric Administration (NOAA). The grant will be matched by \$267,000 of state-appropriated funds, B.J. Copeland, director of the Sea Grant project for UNC, said Tuesday.

"It's a partnership between the federal government and the statement to research marine resources in North Carolina," Copeland said.

The one year grant is a continuation of the present Sea Grant program which has been going on since 1970, according to Copeland.

"About one-third of the Sea Grant money goes to an advisory committee," Copeland said. This committee adapts laboratory experiments for practical use, he said.

The consolidated university campuses at Chapel Hill, Greenville, Raleigh and Wilmington are involved in the various research programs funded by the Sea Grant, Copeland said. Programs include the study of coastal erosion, coastal ecosystems and growing eels for exportation.

Approximately \$70,000 in federal

funds and \$27,000 in state funds have been allocated to UNC. These funds will be channeled into four research programs, Copeland said.

Director of Urban Services David Brower will study coastal ecology's effect on the urbanization of the coastal zone.

Mark Sobsey, assistant professor of environmental sciences and engineering, will research the methods of detecting viruses in shell fish, Copeland said. He added that Sobsey wants to find the levels of contamination in shell fish areas.

Zoology professor Alan Stiven has been working for two years with Edward Kuenzler, professor of environmental sciences and engineering, on a study of coastal North Carolina food chains. The study involves primary and secondary production in salt marshes. They want to see how closely consumer species are linked to primary species in the food chain, Stiven explained.

Thomas Schoenbaum, associate law professor, is studying the legal aspects of coastal zoning, Copeland said.

Schoenbaum said he will suggest the appropriate methods of implementing North Carolina's coastal zone management and planning. This planning and management will utilize the land so as to minimize any adverse impact on ecological areas important to the coast, he explained.

Jordan second to oppose UNC bond

by Mary Anne Rhyne
Staff Writer

Democratic candidate for lieutenant governor John Jordan has become the second candidate in both the gubernatorial and lieutenant gubernatorial races to indicate his disapproval of the March 23 University bond referendum.

If the proposed bond package is approved the 16-member University of North Carolina system will receive over \$5 million for capital improvements.

Jordan made the announcement at a meeting of the North Carolina Association of Student Governments (NCASG) March

13 in Raleigh.

Mike Dickson, executive secretary of NCASG and a Chapel Hill representative to the group, said Jordan cited a decline in the birth rate as one reason the state does not need new funds for capital improvements in the university system.

Jordan said one way to alleviate financial problems would be to increase out of state tuition costs. Currently, state taxes finance a portion of each student's total education cost. Jordan suggested an increase in out-of-state tuition so as to transfer this cost from the state to (out-of-state) students.

Republican gubernatorial candidate Coy Privette is the only other candidate in the

two races who has announced that he will not support the bond.

The NCASG invited all candidates for governor and lieutenant governor to attend the informal discussion and to join their organization in soliciting support for the bond referendum.

Candidates attending the meeting were Republican gubernatorial candidates David Flaherty and Wallace McCall and Democratic lieutenant gubernatorial candidate Frank Stephenson.

Five candidates could not attend the discussion and sent representatives or statements. They were Democratic gubernatorial candidates Jim Hunt and Tom Strickland, Republican gubernatorial candidate Jacob Alexander and Democratic lieutenant gubernatorial candidates James Green and George Wood.

Each of these candidates supported the referendum.

Pamphlets which outline the purpose of the bonds will be distributed in Chapel Hill. In addition, pamphlets and a letter from Chancellor N. Ferebee Taylor were sent to in-state alumni, foundation directors and parents of students.

Arms expert to speak here

Harvard arms control expert Paul Doty will speak at 8:30 p.m. Thursday in Memorial Hall on "Science and Public Policy: The Future of the Nuclear Question."

The lecture is the third in a series of 21 speeches sponsored by the Carolina Symposium.

Doty is present director of the Harvard University Program for Science and International Affairs.

The purpose of the program is to "examine ways in which the control and

reduction of arms may improve international security and reduce the risk of nuclear war."

Since 1963 Doty, a biochemistry professor at Harvard, has also been the chairman of the American Academy of Arts and Sciences Committee on International Studies of Arms of Control.

Summer housing info available

Summer school housing brochures are now available from the University Housing Dept. in Carr building. Summer school housing contracts are included in the brochures. Contracts and full payment for summer housing should be mailed or turned into the cashiers office in Bynum Hall.

Rooms will be assigned on a first come, first serve basis. Students with a particular room or roommate preference should turn in their contracts early. The deadline for applications in the first day of summer classes.

Cobb dormitory will be open to

undergraduate women. Singles will cost \$125 and doubles \$95. Connor and Winston dormitories will be open to undergraduate men; single rooms will cost \$115 and doubles \$85.

Alexander will be open as an undergraduate coed dormitory and Craige dormitory will be open to graduate students and married couples. The prices for both will be \$115 for a single room and \$85 for a double.

If summer school applications exceed the available space, additional dormitory rooms will be provided.

FINEST ONE MAN BUSINESS

Manufacturer seeks exclusive dealer for the most exciting new automotive marketing concept available today.

YOUR CUSTOMERS COME TO YOU

Three models available, all featuring the space age styling of a Ferrari and the economy and sales price of a Volkswagen. Your investment of \$12,750.00 includes demonstrator car, factory training, fully refundable deposit and a marketing system that permits you to be successful - with or without previous automotive experience. Add time or part time. For information write Mr. R. Wolfe, Allied Industries, 1806 Tenth Street, P. O. Box 5876, Wichita Falls, Texas 76796, Phone: (817) 233-0700.
