Nationally Known Speed Reading Course to be Taught in Chapel Hill.

United States Reading Lab will offer a 4-week course in speed reading to a limited number of qualified people in Chapel Hill. This recently developed method of instruction is the most innovative and effective program available in the United States.

Not only does this famous course reduce your time in the classroom to just one class per week for 4 short weeks but it also includes an advanced speed reading course on cassette tape so that you can continue to improve for the rest of your life. In just 4 weeks the average student should be reading 4-5 times faster. In a few months, some students are reading 20-30 times faster, attaining speeds that approach 6,000 words per minute. In rare instances, speeds of up to 13,000 wpm have been documented.

Our average graduate should read 7-10 times faster upon completion of the course with marked improvement in comprehension and concentration.

For those who would like additional information a series of FREE one hour orientation lectures have been scheduled. At these free lectures the course will be explained in detail, including classroom procedure, instruction methods, class schedule and a special one time only introductory tuition that is less than half of the cost of similar courses. You must attend any of the meetings shown for information about Chapel Hill courses. These meetings are open to the public above age 18. (Persons under age 18 should be accompanied by parent if possible.)

If you have always wanted to be a speed reader but found the cost prohibitive or the course too time-consuming, now you can. Just by attending 1 evening per week for 4 short weeks, you can read 7-10 times faster, concentrate better and comprehend more. If you are a student who would like to make A's instead of B's or C's, or if you are a business person who would like to stay abreast of today's everchanging, accelerating world, then this course is an absolute necessity.

These special FREE one hour lectures will be held at the following times and places.

CHAPEL HILL MEETINGS
in C Ball Room, Carolina Inn
WEDNESDAY, OCT. 27 6:30 p.m. 8:30 p.m.
OCT. 28 6:30 p.m. 8:30 p.m.
OCT. 29 6:30 p.m. 8:30 p.m.
OCT. 31 3:00 p.m.
NOV. 1 6:30 p.m. 8:30 p.m.
NOV. 2 6:30 p.m. 8:30 p.m.

If you are a student, housewife, businessman, or executive, this course, which took 5 years of intensive research to develop, is a must. You can read 7-10 times faster, comprehend more, concentrate better and remember longer. Students are offered an additional discount. This course can be taught to industry or civic groups at Group Rates upon request. Be sure to attend whichever free orientation that fits best in your schedule. Remember, the tuition for this new course is one-half that of other courses.
