

# Gifts for the pervert in the family.....

by Lawrence Toppman  
Staff Writer

Any normal human being can be appeased with a tie or a fountain pen at Christmas. Maybe Mom would like another potholder. What the hell, she was satisfied with the first 10.

But what about the bizarre, twisted, diseased, insane people on your gift list? What about your little brother, you tried to make arsenic sulfide and feed it to Dad when you gave him that chemistry set on his birthday? What

about Grandma, who loved the sewing set you gave her and used it till all the thread was gone, then attacked the mailman with the scissors?

Folks who dwell on the fringes of De Sade-ism often lose out at gift-giving time because nobody remembers them in that special way. Now Bunco Products has come up with a roster of presents designed to please even the most discriminating madman.

No longer will crazy Uncle Frank have to be contented with trying to hang himself in that tiny ascot he got last

Christmas. This year Saint Nick will be ordering from the Bunco catalog, and he's bringing the gift that's sure to please. Consider these charming trifles:

1) **The Mighty Hindenburg**—Yes, that's right: a giant three-foot replica of the zeppelin that exploded over Lakehurst, New Jersey in the fiery 1930s. Clacks, beeps and whirrs just like the real thing! Best of all, it comes complete with a heat-sensitive device that allows it to burst into flame upon prolonged contact with body heat. Hydrogen deposits explode into an inferno after only minutes. Watch baby brother go sky high as his plaything burns into a ball of fire! Sure to strike sparks with the younger set. Crew

members and German sabateurs optional.

2) **Louis XIV Chamber Pot**—For the man who hasn't got a pot to piss in or a window to throw it out of. It's been many moons since anyone saw an artifact as beautifully recreated as this one. Our chamber pots are guaranteed to be exact duplicates of the ones into which the Sun King sent his golden rainbows. An inlaid ivory base holds this priceless pot, which is not only beautiful but functional. Throw the leavings on the heads of unpleasant neighbors. Tell Aunt Sophie it's full of almonds when she comes for a visit. Will she be surprised!

3) **Vegemaker**—Yes, now you can turn hateful friends and family members into human vegetables! Bunco's special espionage agents have discovered the secret behind the radiation with which the Russians bombarded our embassy in Moscow, and we now make the Vegemaker available for home use for the first time. Just slip it into the kitchen while Mom's working. First she'll feel dizzy, then she'll experience fainting spells. By dinner time you won't be able to tell her from the turnips she's cooking! Available in both U-234 and U-238 models.

Did you know that 90% of the noise that plagues your records, tapes, and FM can easily be removed? The Phase Linear 1000 does exactly that.

Tape hiss and other background noise become a thing of the past with a Phase Linear 1000. The Phase Linear 1000's exclusive Autocorrelator circuit removes up to ninety per cent of the noise—primarily tape hiss—that plagues your favorite records, tapes, or FM broadcasts. It also removes hum and turntable rumble. At the same time, the Phase Linear 1000's Dynamic Range Recovery System makes loud passages louder, and soft passages softer, thereby restoring drama and impact to your favorite music.

The Phase Linear 1000 improves the performance of any stereo system. It's easily connected to any receiver or amp/preamp combination, and is simple to operate.

Come in and let us show you how the Phase Linear 1000 can increase your listening pleasure!
