AUDIO X SAVINGS + SELECTION = DIXIE HI FI WAREHOUSES

Our simple formula for doing business can put some terrific audio equipment in your home, and still leave you with enough cash to go out and buy plenty of music.

When you put together a true high fidelity audio system, you're going to hear startling sound reproduction from that system whether you buy it from Dixie or any other audio store. The only difference in the equipment, is in what it's cost you to own it.

At Dixie we'll never put our price on an item until we're certain that ours is the lowest price in the country. In fact, if you buy something from Dixie, and in the next 30 days find it advertised for less - anywhere in America - send us the ad and we'll send you the difference!

We'll also give you solid information about any of the hundreds of audio components our 27 warehouses keep in stock. Over the years, we've discovered that it's a whole lot easier for you to reach a decision when you've got many different brands to choose from. And when you've decided to buy, we won't disappoint you by making you wait for your equipment. With so many Dixie stores behind them, our buyers can put a lot of pressure on our suppliers (Technics, BIC, Pioneer, Teac, Jensen, Sansui, Kenwood, KLH, Marantz, etc.) to keep us in stock on every one of their latest developments in audio.

So come to Dixie - your ears and your wallet will never forget us.

We've got four Dixie stores right here in North Carolina.
