

# Put Fortune Teller In Your Future.

And you'll get your fortune told every time you use CCB's All Hours Bank.

Which should be quite often. Because Fortune Teller can give you cash, take deposits, make transfers, verify your account balances and more. 24 hours a day, seven days a week.

All you need to operate Fortune Teller is a CCB card or specially-coded CCB Master Charge card and your secret password. If you don't have them yet, apply at any Central Carolina Bank office. Or mail us this coupon and we'll send you an application.

Do it today. And put Fortune Teller in the palm of your hand.
