

Temple, Godding, Jenne meeting

Bus contract talks slated today

From Staff Reports

UNC and town officials will enter contract negotiations for bus service at 10:30 a.m. today, Chapel Hill Transportation Director Bob Godding said Wednesday.

The University has not signed a contract with the town because of the absence of fixed-route night service in this year's transit system, John Temple, UNC vice chancellor for business and finance, said Tuesday.

Temple is expected to meet in South Building with Godding and Town Manager Kurt Jenne to discuss the matter today.

The Chapel Hill Transit System has replaced night bus service with a shared-ride taxi service. Godding told the Chapel Hill Transportation Board that response to the new service has been slow. "I am not sure it will be an instant winner but the service offers great benefits for the town," Godding said.

Godding said the cost of the shared-ride taxi service is small compared to the cost of the fixed-route service offered last year. The director noted the new project is handling an average of 40 riders daily, compared with the 190 riders who used the fixed-route service last fall.

Temple indicated the University will press for some fixed-route night service in negotiations before signing a contract. "Our preference would be that we have some fixed-route service, even if it were spaced throughout the night."

The University agreed to pay the town

\$400,000, including \$33,000 for the new Carboro route, after a hot summer of negotiations. The agreement was reached after Mayor James C. Wallace spearheaded a compromise solution to conflicts between the town and UNC that arose over the level of the University's funding of the system.

Collection curator to compile list of N.C.'s most famous men

Name the 12 most famous men in North Carolina history.

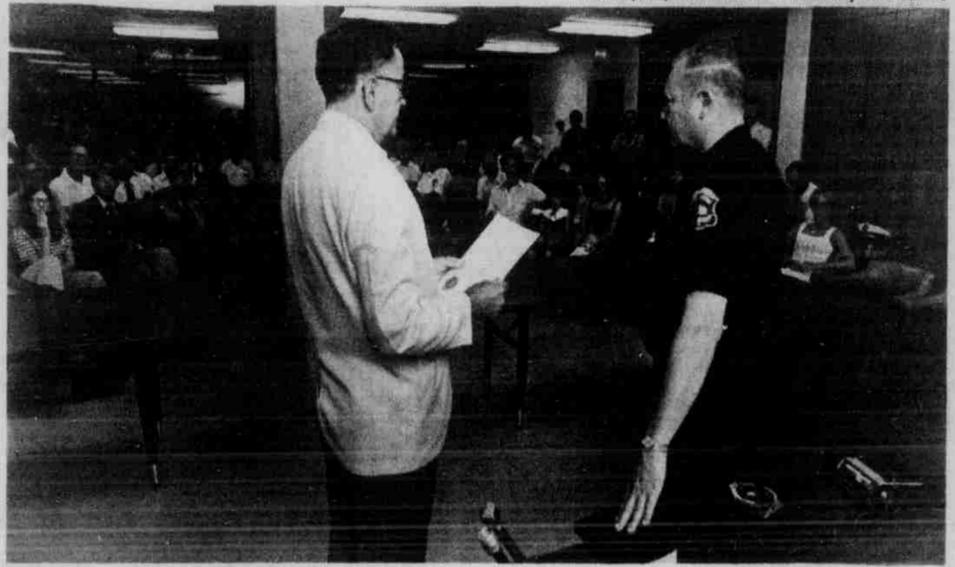

H. G. Jones, curator of the North Carolina Collection in Wilson Library is asking 60 prominent North Carolinians to do just this.

"I was looking for material for a column when I came across an article written by the N.C. historian and scholar Archibald Henderson in 1928 picking the 12 most influential men in North Carolina history," Jones explained. "The tone of the article struck me. It was as if this was the list for all time. I said, 'We better check up on this.'"

Jones intends to compile a list of famous North Carolinians from questionnaires sent to North Carolinians ranging from former U.S. Senator Sam Ervin Jr. to UNC history professor William S. Powell. Replies have been dribbling in slowly, Jones said.

Jones expects to write an article on the results of his poll, but he has no personal top 12. "The real danger is that one's own prejudices may show through," he said. "That has no place here."

"What may be most interesting is not who is on the lists, but who is left off."

Herman L. Stone, right, was sworn in as Chapel Hill's new police chief Wednesday by Mayor James C. Wallace in a ceremony at the Municipal Building. Stone, a 27-year veteran

of the force, was chosen from over 400 applicants for the job. He has served as acting head of the force since Sidney Hillard stepped down from the post early this summer.

Federal officials ask South Korea for Park's return

WASHINGTON (UPI) — The State Department and House Speaker Thomas O'Neill appealed to South Korea Wednesday for the return of businessman Tongsun Park to face charges of trying to buy favors from members of Congress.

Rep. Bruce Caputo, D-N.Y., a member of the House Ethics Committee which is investigating the scandal, sought to force Seoul's hand with a cut-off of American aid.

But his amendment to that effect was coolly received by fellow House members, and a spokesman said the State Department has no such tactic under consideration.

There were elements of a standoff. The United States has no extradition agreement with South Korea. And the South Korean government, while decrying any dishonor Park might have brought on that country, denied any connection with his activities and gave no indication whether he might be returned.

At the State Department, spokesperson Hodding Carter III said "we have been making clear to the South Koreans that we'd like to have Mr. Park back" to face 36 felony counts in a federal bribery-conspiracy indictment made public Tuesday.

Asked about possible withholding of economic and military assistance if Seoul does not cooperate, Carter said, "I have never heard of such a plan. I know of no such threat."

Umstead Psychiatric Hospital Volunteers

Umstead Psychiatric Hospital needs student volunteers for the fall semester. Any interested student may pick up an application in Room 102 of the Y-Building. Orientation meetings will be held on Sept. 7 and 8 at 7:30 PM in Room 213 of the Carolina Union. Volunteers should plan to attend one of these meetings.

This is the semester to get your programmable.

The TI-57. Its self-teaching system gets you programming fast.

The TI 58 and 59. Both use revolutionary plug-in Solid State Software™ libraries.

FREE.

When you buy a TI Programmable 58 or 59 you can get this 19-program Leisure Library.

A \$35.00 value if you act now.

TI Programmable 57. The powerful superslide rule calculator you can program right from the keyboard. Comes with an easy-to-follow, self-teaching learning guide—over 200 pages of step-by-step instructions and examples. Quickly learn the value of making repetitive calculations at the touch of a key. Recall entire instruction sequences. Display intermediate results at any point in a calculation. Eight multi-use memories provide addressable locations to store and recall data. Program memory stores up to 150 keystrokes (50 program steps). Editing too: Singlestep. Backstep. Insert or delete at any point in a program. Also a powerful slide rule calculator with logs, trig functions and advanced statistics routines.

\$79^{95*}

The TI-58 and TI-59 combine three major innovations to bring the power of programming to you—even if you've never programmed before:

1. Extraordinarily powerful—at remarkable low prices.
2. Revolutionary plug-in modules put complex formulas to work at the touch of a key.
3. Step-by-step learning guide that takes you from the basics of programming through advanced programmings—language you can understand.

TI Programmable 58. Up to 480 program steps, or up to 60 memories. Master Library module contains 25 prewritten programs in math, engineering, statistics and finance. Also increases number of steps—up to 5000. Library programs may also be addressed from the keyboard or inserted as subroutines. Can also be used with TI's new PC-100A printer/plotter. It lets you plot, print headings and prompt—messages.

\$124^{95*}

TI Programmable 59. More powerful than the TI-58. Up to 960 program steps or up to 100 memories. Magnetic cards store up to 960 steps. And, record and protect custom programs. Also 10 user flags, 6 levels of subroutines, 4 types of branches.

\$299^{95*}

Optional Libraries. Applied Statistics, Surveying, Real Estate/Finance, Aviation, Marine Navigation. \$35.00* each.

Football Predictor. Forecast score, point spread. **Bowling Scorekeeper.** Track 90 bowlers. **Golf Handicapper.** Update handicap from latest round's score. **Bridge.** Computes points from tricks made and bid. **U.S. Chess Federation Rankings.** Wins, losses, draws. **Codebreaker.** 3,024 possible codes make this a unique challenge. **Black Jack.** **Accey Ducey.** **Craps.** **Mars Lander.** Pilot to a safe landing. **Jive Turkey.** Guess mystery number—tells you if you're high or low—but is it giving you? **Nim.** Play the machine, each time it gets better. **Sea Battle.** 15 missiles to sink sub. **Quarterback.** Call plays. **Photo 1.** Compensate for change in photo enlargement magnification. **Photo II: Fill-in-flash.** Computes correct lens f-stop in strong ambient light. Use it with a PC-100A and have even more fun. **Computer Art.** **Hangman.** Put in a word, second player guesses or hangs. **Memo Pad.** Write, enter messages. Print and record them on 59's mag card. Use the card to replay the message. **Biorythm.** Plots all three cycles.

Leisure Library comes with Plug-in module Library manual. Quick reference guide Label cards. Library wallet.

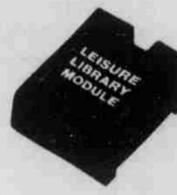

Offer good from August 15 to October 31, 1977. Here's what you do. Fill out this coupon. Return it to TI with your serialized Customer Information Card (packed in the box) along with a copy of a dated proof of purchase showing the serial number. Important. Your envelope must be postmarked no later than October 31, 1977.
