Trinidad Tripoli Steel Band — The highly-acclaimed performers at the Forest Theatre at 4 p.m. Wednesday. Admission, \$3.

Hijacked jetliner lands at Kuwait airport

From UPI wire reports

KUWAIT (UPI) — A hijacked Japan Air Lines DC-8 jetliner took off from Kuwait early Monday bound for Damascus, Syria, after the Japanese Red Army guerrillas on the plane released seven of their 36 hostages.

The plane also carried five hijackers and six radical prisoners freed from jails in Japan on orders of the terrorists. A ransom of \$6 million was also aboard as the plane took off from Dacca, Bangladesh, Sunday night.

The Japanese government earlier Sunday urged the Bangladesh government not to allow the plane to take off, but officials in Dacca, under pressure from a coup attempt during the hijack drama that began Wednesday, ordered the plane to leave.

The hijackers, all thought to be under 30 years of age, seized the plane carrying 156 passengers and crew members Wednesday after takeoff from Bombay on a flight from Paris to Tokyo. They were armed with pistols, hand grenades and plastic explosives.

The terrorists demanded the release of comrades held in Japanese jails and a ransom of \$6 million in \$100 American bills in return for the lives of the hostages.

The Japanese government agreed to meet the hijackers' demands and flew six jailed terrorists and the ransom money to Dacca on a special JAL flight from Tokyo.

The exchange of the ransom and prisoners for the passengers and some members of the original crew took place late Saturday and Sunday without major incident.

news briefs

Israel rejects talks

Israel firmly rejected Sunday the U.S.-Soviet declaration on the Geneva Middle East peace conference as an attempt to pressure the Jewish state into making unacceptable concessions to the Palestinians and Arab states.

Nearly all Arab and Palestinian spokesmen welcomed the joint statement issued by Secretary of State Cyrus R. Vance and Soviet Foreign Minister Andrei Gromyko. It was applauded also by U.N. Secretary General Kurt Waldheim.

Egypt's semi-official press, however, charged Moscow had "backed down" and made important concessions to Washington in order to save "detente" and the strategic Arms Limitation Talks.

At the same time, however, official Cairo radio cautiously welcomed the statement as an "important and significant development... which means the two superpowers are determined to work jointly for realizing peace in the Middle East."

\$1 billion for Public TV

WASHINGTON — President Carter will ask Congress to fulfill one of his campaign promises by boosting funding for public television and radio by more than \$1 billion, White House sources said Sunday.

The sources confirmed a *New York Times* report the administration will seek authorizations of more than \$1 billion over a five-year period, along with changes designed to give the public broadcast system greater artistic and editorial independence.

The proposed federal contribution would be the largest on record for public broadcasting, exceeding in five years the government's total support for the program over the last decade.

Supreme Court opens

WASHINGTON — With the formal opening of its 1977-78 term Monday, the Supreme Court starts two weeks of arguments on issues such as mandatory retirement, the sick leave rights of pregnant women and the much-discussed test of "reverse discrimination."

The reverse discrimination suit, originally brought by Allan Bakke, a twice-rejected white applicant to the University of California Medical School at Davis, comes up Oct. 12.

The lawyer for the university is Archibald Cox, Harvard professor and former U.S. Solicitor General, who was fired by Richard Nixon as special prosecutor in the Watergate cover-up investigation.

Correction

In the review of the Aurora Restaurant, which appeared in Friday's Weekender, the DTH advised diners to make reservations for weekend nights. The Aurora does not take reservations. The Daily Tar Heel regrets the error.
